Welcome

2019 is an exciting time to be starting Year 11 or embarking on your final year of school. There is no longer a one-size-fits-all approach to study at school, and there are a number of different ways to structure your courses to suit your strengths and aspirations. Completing Year 12 gives you a meaningful qualification that will open doors to a variety of options for you beyond school. Many of you may already know what you want to do when you finish school, but many of you may not have a firm plan just yet. There are many different options to plan for the future you would like. If you are not sure what you want to do or what your options are, talk to your teachers, parents or carers, look at the information you have gathered through My Education, use the information in the Guide and visit www.anything.tas.gov.au, which includes information about what choices are available.

Schools and colleges offer a lot of flexibility, diverse practical and classroom-based subjects and extracurricular activities, some of which you might not have even considered. You can choose a broad range of study options that allow you to consider a variety of career-paths once you complete school as a way of keeping your options open, or you can make targeted choices to a specific area or work sector that you are interested in. The most important thing is that you take control of your final years of school in order to get what you want out of your learning.

This will be a time of growth where you will be learning about what you want out of life and how to achieve it, this applies not only in school but in your personal life as well. It’s important to take time to look after your physical and mental health. Draw on the support of those around you, speak with your family, friends or teachers about anything that concerns you or you are not sure about and ask questions and seek advice and/or help when you need it. Most of all, enjoy this time and use it to set yourself up for a successful and fulfilling future. Do your best with what you have available to you and seek advice and opportunities wherever you can. Everything is there for the taking! All the best for your studies in 2019 and beyond.

Tim Bullard
Secretary
Steps to planning your Years 11 and 12 studies

You need Year 11 and 12 qualifications to improve your future employment opportunities and to be considered for the majority of jobs available today. During Year 10 you will work with your teachers to gather information about possible careers, explore options relevant to your interests and ability, and plan how you might achieve your personal and career goals.

Your teachers will help you to identify your ambitions and expectations for the future, and to provide advice about making the transition to Year 11. Planning your Years 11 and 12 program is not about ‘locking in’ a decision for your future career. It’s about exploring your interests, abilities and goals – and the types of things you will need to do in the future if you want to achieve those goals.

When deciding on a program of study for Years 11 and 12, make sure you:

- choose subjects or courses that will enable you to obtain the Tasmanian Certificate of Education (TCE)
- plan a two year program relevant to your goals and interests, keeping in mind that some subjects have pre-requisites
- read the subject or course details carefully and ask your teachers for more information if you need it
- use the online Where Do I Study? (https://www.education.tas.gov.au/students/school-and-colleges/years-11-12/) tables to see where you can study (keep in mind that it may be possible to study subjects and courses at more than one place)
- consider any pre-requisite subjects that may be required for study at either TasTAFE or university after you complete Year 12. You can choose to do; a vocational education and training (VET) course, Office of Tasmanian Assessment, Standards and Certification (TASC) subjects, or a combination of both.
Understanding the terminology

The Office of Tasmanian Assessment, Standards and Certification (TASC)
TASC is responsible for the accreditation of senior secondary subjects, their external assessment and quality assurance. TASC issues qualifications and certificates – including the Tasmanian Certificate of Education (TCE) – to students who meet the required standards.

TASC subjects
TASC subjects provide a broad range of learning opportunities which can help lead to employment and further education.

TASC subjects are organised into four levels of difficulty – Levels 1, 2, 3 and 4 (with 4 being the most difficult).

Level 3 and 4 subjects, also known as pre-tertiary subjects, can contribute to an Australian Tertiary Admission Ranking (ATAR) (more information following).

Level 1 and 2 subjects are non-pre-tertiary and do not count towards an ATAR but do count towards the TCE. They can be preliminary or foundation study for a pre-tertiary program.

More detailed information is available on the TASC website www.tasc.tas.gov.au/students/courses.

TASC also offer preliminary to level 1 subjects which are designed to provide basic skills to students with severe disability and/or students with high and additional learning needs, including students with a specific learning disorder.

Tasmanian Certificate of Education (TCE)
To achieve the TCE you must meet the five standards of the TCE:

1. Participation and Achievement Standard - complete an equivalent of a two-year program of post year 10 education and/or training, achieving 120 credit points.
2. Everyday adult reading and writing standard.
5. Develop and review future career and education plans (also known as a transition statement).

Full details on the Tasmanian Certificate of Education can be found at the TASC website www.tasc.tas.gov.au/students/qualifications/tasmanian-certificate-of-education-tce/.

Tasmanian Certificate of Educational Achievement (TCEA)
A standardised certificate, like the TCE, may not provide suitable evidence of the achievements of some Year 11 and 12 students, including some students with disabilities. The Tasmanian Certificate of Educational Achievement (TCEA) is a quality assured certificate issued by TASC. Please discuss with your teachers if you think you may be eligible for a TCEA.

Full details on the Tasmanian Certificate of Educational Achievement can be found at the TASC website www.tasc.tas.gov.au/students/qualifications/tasmanian-certificate-of-educational-achievement/.

TASC also offer preliminary to level 1 subjects which are designed to provide basic skills to students with severe disability and/or students with high and additional learning needs, including students with a specific learning disorder.

Vocational Education and Training (VET)
VET is a style of learning that focuses on learning through doing. VET qualifications are recognised nationally, and are developed with industry consultation and for industry-specific requirements. This gives you real-life, practical and industry-relevant skills. Most VET courses also provide you with the opportunity to undertake work placements so you can get a real understanding of the industry and an opportunity to develop practical links to employment. More detailed information is available on the National Training Information Service website: www.training.gov.au

In Years 11 and 12, VET courses ranging from Certificate I to Certificate IV are available. Many VET courses continue through to Advanced Diploma level after Year 12.

Each VET unit achieved also count towards your points for your TCE. Many VET Diploma and Advanced Diploma courses allow you to transition to university, which reduces the time and money you need for a degree. Where there is a transition arrangement, you may receive credit towards your university degree based on the VET study you have undertaken. www.education.tas.gov.au/parents-carers/school-colleges/vet

Tertiary Entrance score (TE)
From your Year 11 and 12 results TASC calculates a score for each pre-tertiary (Level 3 or 4) subject.

Your TE score is the combined scores of your best four or five pre-tertiary subjects over two years. At least three of these must be completed in your final year of senior secondary study. The TE score is then used to calculate an ATAR.

Australian Tertiary Admission Ranking (ATAR) / university entrance
The ATAR is used by Australian universities to allocate places to students. Your ATAR is calculated by TASC from your results in Level 3 and 4 (pre-tertiary) subjects.

In Tasmania, it is the responsibility of the University of Tasmania to determine what subjects can be counted towards your ATAR. To be eligible for an ATAR the University of Tasmania has determined that students must also achieve a TCE. Entry requirements to university vary by course and by university. Generally, the higher your ATAR, the better your chances are of being accepted into your preferred course. That is why the personalised learning support you will receive at school is so important. It will help you to maximise your ATAR.

TASC will advise eligible students of their TE score and ATAR in late December.

More detailed information is available on the University of Tasmania’s website: www.utas.edu.au/admissions/undergraduate/australian-tertiary-admission-rank-atar
Making up a program of study

FOR YEARS 11 AND 12 SO YOU CAN ACHIEVE YOUR TCE

Ideally, you should be aiming to achieve your TCE, or an equivalent qualification when you leave Year 12. To achieve your TCE you must meet the five standards of the TCE.

The Course Planner is a really useful tool which can help you work out if your proposed Year 11 and 12 study program puts you on track to achieve the TCE. The Course Planner provides information about the credit point value of your proposed courses and whether they include the Adult Everyday standards. The Course Planner is available on the TASC website.

If you have not achieved all the Adult Everyday Standards through their inclusion in a course you can complete a ‘safety net’ test to ensure you have the standard included towards your TCE.

If you are interested in a pathway to a vocational qualification:

Your program of study should be centred around a vocational education and training (VET) course in your chosen industry area. This can lead you to direct employment, higher level Certificate and Diploma programs, and university courses. You should also aim to meet the five standards of the TCE and gain this qualification as well.

You can make up your study program by choosing some TASC-accredited subjects to add to your certificate course. These may complement your vocational learning, and may also include some recreational and interest subjects.

What is an Australian School-based Apprenticeships (ASbA)?

A school-based traineeship or apprenticeship is a paid, employment-based training arrangement where Year 10, 11 or 12 students are able to combine work, training and education to gain a nationally recognised qualification, usually at Certificate II or III level across almost every industry sector and training package.

An Apprenticeship Network Provider (ANP) will facilitate development and registration of a Training Contract between ASbA, employer and RTO.

Work/employment

ASbA students are allowed to work between 7.5 and 15 hours in the workplace each week during school terms. This can be one or two days at work in school time or after school hours and on the weekend. There is an expectation the ASbA student will work additional hours in term breaks to meet the required minimum total number of hours of employment under the Training Contract.

Training

All ASbA’s must have a Training Plan in place. A Training Plan will be developed by the nominated Registered Training Organisation (RTO), in collaboration with the employer and ASbA. The RTO is responsible for delivering training and assessment against the requirements of the Vocational Education and Training (VET) qualification.

Education

ASbA students commit to attending school when timetabled to do so, and studying subjects that are complementary to the ASbA qualification and contribute to the TCE. Every unit of competency achieved over the course of the contract will contribute points to the ASbA student’s TCE and by the end of Year 12, students have the opportunity to gain dual qualifications - VET and the TCE.

For more information: [www.education.tas.gov.au/parents_carers/schools-colleges/Programs-Initiatives/Pages/Australian-School-based-Apprenticeships.aspx](www.education.tas.gov.au/parents_carers/schools-colleges/Programs-Initiatives/Pages/Australian-School-based-Apprenticeships.aspx)

If you are interested in a pathway to a university qualification:

You will need to plan a two-year course, keeping in mind that some subjects are pre-requisites to certain university courses.

Your chosen subjects may be directly relevant to your career direction and may also include some recreation and interest subjects.

Ideally, your Year 11 program should feature some English and Maths because they are fundamental to a broad range of options available at the end of Year 12.

How do you know what level to do?

Year 10 students enrolling in Year 11 in 2019

It is really important that you talk to your teachers early in the year to work out what standard you are at, and if this is adequate for what you want to study in Year 11.

At enrolment, the course counsellors will discuss your results and advise you about which subjects or courses will suit you best in Years 11 and 12.

The best indicator of your future path is how well you have done in the past.

Look at your results in English-literacy and Maths-numeracy:

- If you are achieving an A/B (or C in consultation with teachers) in Year 10 Australian Curriculum subjects, you could enrol in some Level 3 subjects in Year 11.
- If you are achieving a C/D rating in Australian Curriculum subjects, Level 2 subjects provide the necessary foundation leading to Level 3 in Year 12.
- In the areas of Arts and Technology, a strong interest and experience in optional classes in high school or a personal involvement in community-based learning could give you confidence to try Level 3 subjects.

Year 11 students enrolling in Year 12 in 2019

Discuss your proposed learning pathway with your school or college teachers.
How do I enrol?

There is a range of options for studying Years 11 and 12. Colleges and a growing number of high schools and district high schools offer a wide range of study options. Some subjects are also available online, so if the subject you need is not available, please check to see if you can enrol through Virtual Learning Tasmania.

Some schools have programs available through Trade Training Centre (TTC) facilities which are designed to provide practical training using industry-standard equipment.

For details on which subjects or courses are available and where they are delivered visit Where Do I Study? https://www.education.tas.gov.au/students/school-and-colleges/years-11-12/

Your chosen program may be a combination of these available options. Please discuss this with your teacher.

Enrolling in VET programs

Entry to most VET programs usually requires a suitability assessment. This is undertaken prior to completing your enrolment to ensure that you start your VET studies in the most appropriate course and at the right level for your learning needs. The suitability assessment may involve an information session, interview and/or an assessment task or test.

More details will be available from your teachers or your local school or college.

The Department of Education Tasmania is not a Registered Training Organisation and has included the information in this guide on the VET courses that may be being offered in Year 11 and 12 schools and colleges. Detailed course codes and titles and other required information will be provided by the Registered Training Organisation. Please contact your school for further information.

The University Connections Program (UCP)

The University Connections Program (previously known as the University College Program) enables eligible Year 11 and 12 students to undertake introductory level university units at the same time or in addition to their TCE studies. Students can extend their TASC subject enrolment where the TASC subject curriculum closely aligns to a University of Tasmania first year unit, or study full university units.

Unit delivery is either school based, school and university combined, or solely on-campus at the university.

All colleges have close links with the University of Tasmania and provide students with the opportunity to participate in a range of programs and activities including:

- University Connections Program where you can undertake university subjects while studying for your TCE
- University of Tasmania High Achiever Program
- Course, scholarship and application information sessions
- Step Up program using university library resources.

For further information please see: www.utas.edu.au/schools-engagement/ucp or call (03) 6324 3343
“Having a TCE gives you a better chance of getting a job.”
### You have:

#### Dance

- **No/little experience**
- **Previous experience an advantage**

#### TASC subjects

- **Dance: the Basic Moves 1**
- **Dance 2**
- **Dance Choreography and Performance 3**

#### May lead to:

- **Dance 2**
- **Dance Choreography and Performance 3**
- **Study at university level**

#### Drama

- **No previous experience**

#### TASC subjects

- **Musical Theatre 2**
- **Technical Theatre Production 2**
- **Drama Foundations 2**
- **Drama 3**
- **Theatre Performance 3**

#### May lead to:

- **Further study and/or a career in the performing arts**
- **Further study and/or a career in technical production**
- **Drama 3**
- **Theatre Performance 3**
- **Study at university level**

#### Music

- **Instrumental or vocal experience**

#### TASC subjects

- **Contemporary Music 2**
- **Music Studies 2**
- **Music 3**

#### May lead to:

- **Music 3**
- **Practical Study (University Connection Program)**
- **Study at university level**

#### Music Technology

- **Some music technology experience is desirable but not mandatory**

#### TASC subjects

- **Music Technology Projects 1 & 2 (University College Program)**
- **Music Technology Projects – Foundation 2**

#### May lead to:

- **University study and career in music production**
- **Further study**

#### Media

- **No previous experience**

#### TASC subjects

- **Media Production Foundations 2**
- **Media Production 3**

#### May lead to:

- **Media Production 3**
- **Study at university level**
### Drama

- An interest in performing arts
  - **VET Courses**: Certificate II in Creative Industries (focus on live production and services)
  - **May lead to**: Certificate III in Live Production and Services

- An interest and enthusiasm for the Performing Arts
  - **VET Courses**: Certificate III in Live Production and Services
  - **May lead to**: Further study

### Music

- Experience and an interest in music
  - **VET Courses**: Certificate II in Music Industry
  - **May lead to**: Certificate III and IV in Music Industry

- Experience and interest in music and Certificate II in Music Industry
  - **VET Courses**: Certificate III in Music Industry
  - **May lead to**: Certificate IV in Music Industry

### Media

- An interest in screen and media.
  - **VET Courses**: Certificate II in Creative Industries (focus on screen and media)
  - **May lead to**: Study and career in the creative industries, Certificate III in Media

- An interest and some experience in screen and media, e.g. Media Productions Level 2 or 3, Certificate II in Creative Industries
  - **VET Courses**: Certificate III in Screen and Media
  - **May lead to**: Certificate IV in Screen and Media

- Certificate III in Screen and Media
  - **VET Courses**: Certificate IV in Screen and Media
  - **May lead to**: Further Study, TasTAFE, University
TASC subjects

Dance the Basic Moves I
DNC110115

IN DANCE THE BASIC MOVES I WILL LEARN:
- how to prepare the body for dance
- performance skills
- about working as an ensemble member
- to create and perform dance works
- different dance styles
- dance skills
- dance making
- about safe dance practices
- about dance contexts and dance history.

IN TYPICAL LESSONS I MIGHT:
- participate in warm ups
- learn dance making techniques
- undertake practical work
- view and review performances
- participate in self/peer assessment
- keep a journal.

TO ENROL IN THIS SUBJECT I NEED:
- an interest in dance.

DANCE THE BASIC MOVES WOULD SUIT SOMEONE WHO:
- wants to develop creativity, spatial awareness and flexibility.

THIS SUBJECT COULD LEAD ME TO:
- further study in Dance 2.

Dance 2 contributes 10 credit points towards the Tasmanian Certificate of Education.

Dance Choreography and Performance 3
DNC315115

IN DANCE CHOREOGRAPHY AND PERFORMANCE I WILL LEARN:
- about movement principles
- how to perform solo and as a member of an ensemble
- how to appraise dance works
- about safe dance practices
- how to compose/choreograph dances
- about dance styles and history
- choreographic design skills
- how to prepare for, and perform dance works
- how to analyse and reflect on dance works.

IN TYPICAL LESSONS I MIGHT:
- participate in warm ups and safe dance activities
- learn and explore choreographic and composition techniques
- expand and develop own movement vocabulary
- create sequences and dance works using personal movement vocabulary
- learn the principles of contemporary dance
- view and respond to dance works of others
- review and analyse dance works.

TO ENROL IN THIS SUBJECT I NEED:
- a strong commitment to teamwork, rehearsal and performance obligations
- a strong interest in choreography and creative movement, prior dance training or success in Dance 2.

DANCE CHOREOGRAPHY AND PERFORMANCE WOULD SUIT SOMEONE WHO:
- enjoys developing their creativity, kinaesthetic awareness, performance skills, analytical thinking and flexibility
- is confident performing in front of others
- enjoys contemporary dance.

THIS SUBJECT COULD LEAD ME TO:
- a pathway to a career in dance performance or choreography.

Dance Choreography and Performance 3 contributes 15 credit points towards the Tasmanian Certificate of Education.

Musical Theatre 2
MUT215115

IN MUSICAL THEATRE I WILL LEARN:
- about musical theatre
- about planning, rehearsing and presenting a musical theatre performance to an audience
- about working as a member of a musical theatre ensemble.
- about performance skills needed to present a musical theatre season
- focus and discipline needed to perform in a large-scale production
- vocal techniques (spoken and singing), instrumental techniques, movement/dance techniques, and/or acting skills as appropriate to my role in the musical
- how to interpret the text, score or music for a musical theatre show.

IN TYPICAL LESSONS I MIGHT:
- participate in an audition
- work on developing performance skills
- rehearse scenes
- undertake text, score or music interpretation
- practice numbers from the show
- learn choreography or singing parts
- reflect on my own work and the work of others.

TO ENROL IN THIS SUBJECT I NEED:
- no previous experience
- a strong commitment to teamwork, rehearsal and performance obligations.

MUSICAL THEATRE WOULD SUIT SOMEONE WHO:
- wants to participate in the production of a musical theatre season and perform to an audience.

THIS SUBJECT COULD LEAD ME TO:
- further study in the Performing Arts.

Musical Theatre 2 contributes 15 credit points towards the Tasmanian Certificate of Education.
**Technical Theatre Production 2**

SDT215115

IN TECHNICAL THEATRE PRODUCTION I WILL LEARN:
- about lighting and sound
- about set and properties design and construction
- about costume and theatrical make-up
- about stage management
- what is involved in publicity and front of house responsibilities
- how to operate lighting and audio
- how to make and keep costumes and sets
- aspects of theatre production and event management.

IN TYPICAL LESSONS I MIGHT:
- decorate and paint set or properties
- maintain costume and wardrobe
- rig and operate lighting
- set up and run audio equipment, selecting and developing sound effects and music
- undertake publicity and marketing
- attend and write reports on live theatre performances
- reflect on my work in a production team context.

TO ENROL IN THIS SUBJECT I NEED:
- no previous experience
- an interest in the technical aspects of theatre
- to enjoy participating in a range of practical theatrical experiences, both individually and in group situations.

THIS SUBJECT COULD LEAD ME TO:
- further study in VET courses
- further study in the Performing Arts.

Technical Theatre Production 2 contributes 15 credit points towards the Tasmanian Certificate of Education.

---

**Drama Foundations 2**

SDS215117

IN DRAMA FOUNDATIONS I WILL LEARN:
- about performing solo and in an ensemble
- about different drama texts
- about storytelling
- how to review live theatre
- the role of technical elements
- about improvisation
- vocal and movement skills
- how to devise drama
- how to turn script into a performance.

IN TYPICAL LESSONS I MIGHT:
- create solo and group performances
- participate in warm ups and workshops
- devise drama work
- keep a reflective journal.

TO ENROL IN THIS SUBJECT I NEED:
- no previous experience is necessary.

DRAMA FOUNDATIONS WOULD SUIT SOMEONE WHO:
- wants to build confidence and communication skills
- enjoys performing
- has an interest in drama and acting.

THIS SUBJECT COULD LEAD ME TO:
- further study in Drama 3.

Drama Foundations 2 contributes 15 credit points towards the Tasmanian Certificate of Education.

---

**Drama 3**

SDD315115

IN DRAMA I WILL LEARN:
- how to create characters from scripts
- vocal techniques for characterisation
- about presenting solo and ensemble performances
- how to review and evaluate live theatre
- about theatrical genres
- vocal and movement skills
- how to interpret drama texts.

IN TYPICAL LESSONS I MIGHT:
- perform for an audience
- participate in warm ups and workshops
- participate in improvisation work
- study acting skills and techniques
- interpret text
- undertake solo and ensemble work
- attend theatre performances and write reviews
- rehearse for practical exams
- prepare for written external exams.

TO ENROL IN THIS SUBJECT I NEED:
- Drama 2 or considerable experience in the performing arts
- good writing skills
- a keen interest and experience in drama
- a strong commitment to teamwork, rehearsal and performance obligations.

DRAMA WOULD SUIT SOMEONE WHO:
- enjoys performing
- is interested in the Performing Arts
- can commit to rehearsals and performances
- works effectively in team situations.

THIS SUBJECT COULD LEAD ME TO:
- further study in Theatre Performance 3.

---

**Theatre Performance 3**

SDP315115

IN THEATRE PERFORMANCE I WILL LEARN:
- acting skills
- about ensemble and solo performance
- how to work as part of a theatre company
- vocal techniques
- about improvisation
- how to create an effective character
- physicalisation techniques
- about theatrical conventions
- about performing to an audience
- about the history of theatre.

IN TYPICAL LESSONS I MIGHT:
- attend live performances
- perform for an audience
- rehearse and develop monologues
- participate in improvisation activities
- interpret text
- rehearse a play
- undertake solo and ensemble work
- attend theatre performances and write reviews
- rehearse for practical exams.

TO ENROL IN THIS SUBJECT I NEED:
- to have successfully completed Drama 3 (or equivalent)
- a strong commitment to teamwork, rehearsal and performance obligations.

THEATRE PERFORMANCE WOULD SUIT SOMEONE WHO:
- enjoys performing
- can commit to rehearsals and performances
- enjoys writing about the development of their work
- works effectively in an ensemble.

THIS SUBJECT COULD LEAD ME TO:
- further study at university level in the performing arts and/or a career in performing arts or entertainment industries

Theatre Performance 3 meets the standard for Everyday Adult Reading, Writing and Communication Skills and contributes 15 credit points towards the Tasmanian Certificate of Education.
MUSIC STUDIES WOULD SUIT SOMEONE WHO:
- wants to improve their vocal/playing skills
- wants to learn basic music theory.

THIS SUBJECT COULD LEAD ME TO:
- further study in Music 3.
Music Studies 2 contributes 15 credit points towards the Tasmanian Certificate of Education.

Music 3
MSM315115

IN MUSIC I WILL LEARN:
- about musical ideas and styles
- compositional techniques, improvisation and arranging
- about developing performance skills
- skills in musical analysis
- listening (aural) skills.

IN TYPICAL LESSONS I MIGHT:
- undertake solo performance (tutor provided where required and available)
- participate in ensemble playing (as required and available)
- complete assignments and tests
- perform to the class and public
- create recordings and videos
- participate in creative tasks including composition, arrangement and/or improvisation.

TO ENROL IN THIS SUBJECT I NEED:
- strong music literacy skills—the ability to read and write music
- considerable and successful experience in music (e.g. successful completion of Year 10 music).

MUSIC WOULD SUIT SOMEONE WHO:
- has studied music and music theory for a considerable period of time
- has a solid understanding of music theory
- wants to develop their musicianship and theoretical knowledge.

THIS SUBJECT COULD LEAD ME TO:
- further music studies at university level.
Music 3 contributes 15 credit points towards the Tasmanian Certificate of Education.

Practical Study (Performance or Composition) (University Connections Program)
Foundation: FCP113 (Level 100)
Advanced: FCP120 (Level 100)

IN PRACTICAL STUDY (PERFORMANCE OR COMPOSITION) I WILL LEARN:
- music performance skills or development and notation and realisation of original works
- how to develop and improve level of musicianship
- how to communicating ideas and information
- about performance or composition

IN TYPICAL LESSONS I MIGHT:
- perform (either instrumental or vocal)
- compose music
- analyse and reflect on performances and compositions

TO ENROL IN THIS SUBJECT I NEED:
- FCP113 – Foundation Practical Studies: some prior experience with music technology tools (desirable but not mandatory).
- FCP120 – Advanced Practical Studies: to have successfully completed FCP113. Note they cannot be studied concurrently.

PRACTICAL STUDY (PERFORMANCE OR COMPOSITION) WOULD SUIT SOMEONE WHO:
- has a history of musical instrument/vocal tuition
- wants to develop their considerable and successful experience in music and/or Music 3
- has some examination and/or performing experience
- has some music literacy skills.

THIS SUBJECT COULD LEAD ME TO:
- a pathway to further university music studies
- to gaining credit towards a University of Tasmania course

Foundation Practical Studies (FCP113) and Advanced Practical Studies (FCP120) each contribute 15 credit points towards the Tasmanian Certificate of Education.
Music Technology Projects – Foundation 2
AUD215115

IN MUSIC TECHNOLOGY PROJECTS FOUNDATION I WILL LEARN:
• basic audio engineering techniques
• studio and/or location recording techniques
• about sound reinforcement (PA)
• how to use music technology
• about working with a range of clients, musicians and production personnel.

IN TYPICAL LESSONS I MIGHT:
• study microphone types and techniques
• explore the use of analogue and digital hardware/software
• learn about occupational health and safety
• discuss commercial and legal issues
• develop audio engineering/sound system design techniques
• explore audio editing techniques.
• participate in solo and group multi-track recording
• participate in editing/post production processes
• create and produce practical work
• set up and operate small and large public address systems
• undertake live sound mixing.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in audio
• to be willing to work on audio projects.

MUSIC TECHNOLOGY PROJECTS FOUNDATION WOULD SUIT SOMEONE WHO:
• enjoys recording and editing music
• has an interest in music technology.

THIS SUBJECT COULD LEAD ME TO:
• further study in Music Technology Projects (University Connections Program).

Music Technology Projects Foundation contributes 15 credit points towards the Tasmanian Certificate of Education.

Media Production Foundations 2
MED215115

IN MEDIA PRODUCTION FOUNDATIONS I WILL LEARN:
• about an area of focus - either
  » screen (TV, film, online content)
  » print and digital media
  » radio (radio, digital media)
  » convergent media.
• about communicating to an audience
• media technical and production skills
• how to work in a media team
• how to use a range of media technologies
• about analysing and appreciating the media.

IN TYPICAL LESSONS I MIGHT:
• undertake roles in a media production team
• develop technical skills in industry-standard equipment and software
• write script for media
• develop editing techniques
• create media products
• undertake research assignments
• develop writing and story-telling skills
• learn about the media industry.

TO ENROL IN THIS SUBJECT I NEED:
• no previous experience.

MEDIA PRODUCTION FOUNDATIONS WOULD SUIT SOMEONE WHO:
• enjoys media and communications
• enjoys creating media products.

THIS SUBJECT COULD LEAD ME TO:
• further studies in Media Production 3.

Media Production Foundations 2 contributes 15 credit points towards the Tasmanian Certificate of Education.

Media Production 3
MED315117

IN MEDIA PRODUCTION 1 WILL LEARN:
• about an area of specialisation either:
  » radio (radio, digital media)
  » screen (TV, film, online content)
  » print and digital media.
• about communicating to an audience
• how to apply technical and production processes to create media narrative
• how to work in a media team
• about the use of a range of media technologies and techniques
• skills for analysing and appreciating the media
• how to create media products for a purpose
• the codes and conventions of specific media.

IN TYPICAL LESSONS I MIGHT:
• undertake roles in a media production team
• apply technical skills on industry-standard equipment and software
• script media
• use editing techniques
• create media products
• discuss workplace safety and OH&S issues
• create products with regard to a particular audience
• document evidence of technical skills with equipment
• discuss research media issues
• discuss the role of media in society
• explore writing and story-telling skills
• prepare for the externally assessed folio and exam.

TO ENROL IN THIS SUBJECT I NEED:
• a strong interest in media production.
• technical skills in an area of specialisation and strong written skills are an advantage.

MEDIA PRODUCTION 3 WOULD SUIT SOMEONE WHO:
• enjoys creating media products
• enjoys using technology
• is interested in the role of the media.

THIS SUBJECT COULD LEAD ME TO:
• further studies at university level

Media Production 3 contributes 15 credit points towards the Tasmanian Certificate of Education.
Music Technology Projects
(University College Program)
1: FCJ110 (Level 100 University Unit)
2: FCJ111 (Level 100 University Unit)

IN MUSIC TECHNOLOGY PROJECTS 1 & 2 I WILL LEARN:
• about creating and shaping an audio product
• the tools used and skill-sets required in the audio/music technology industry
• how to read, interpret and fulfil the requirements of a music technology project brief
• working effectively as an individual and as a member of a project team
• workplace health and safety issues relevant to the field.

IN TYPICAL LESSONS I MIGHT:
• undertake recording techniques
• perform MIDI sequencing
• undertake mixing and/or re-mixing
• create multi-track recording
• develop sound design for vision

TO ENROL IN THIS SUBJECT I NEED:
• FCJ110 – Music Technology Projects 1: some prior experience with music technology tools (desirable but not mandatory).
• FCJ111 – Music Technology Projects 2: to have successfully completed FCJ110.

MUSIC TECHNOLOGY PROJECTS 1 & 2 WOULD SUIT SOMEONE WHO:
• has studied music and music technology for a considerable period of time
• has a solid understanding of music technology
• wants to develop their musicianship and use of technology within the music field
• wants to have their course recognised by the University of Tasmania

THIS SUBJECT COULD LEAD ME TO:
• a pathway to further university music technology and audio studies
• to gaining credit towards a University of Tasmania course

Students who enrol in this program generally undergo an audition and are required to maintain a commitment to the production through attendance at rehearsals and contribute significantly to the production through individual and ensemble work focused upon supporting the artistic and directorial intentions of the production.

Successful completion provides TCE points and a HECS-free pathway into study at the University of Tasmania. To find out more, ask your teacher.
VET courses

All certificate courses contribute credit points towards the Tasmanian Certificate of Education. The number of credit points is dependent on the units of competence. For details view the TCE planner tool at: https://www.tasc.tas.gov.au/students/course-planner/

Certificate II in Creative Industries (focus on live production and services) CUA20215

IN CERTIFICATE II IN CREATIVE INDUSTRIES (FOCUS ON LIVE PRODUCTION AND SERVICES) I WILL LEARN:
• about sets and staging for live performances
• the links between performers, customers and producers
• what is important when using and looking after technical equipment
• how to improve my creative thinking
• how to stay safe and healthy in the workplace

IN TYPICAL LESSONS I MIGHT:
• design or operate the lighting or sound for a live performance
• build, paint or prepare sets
• sell tickets, or act as an usher for a live performance
• observe technical operations in other venues.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in the performing arts.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in performing arts or other areas of interest.

Certificate II in Music Industry CUA20615

IN CERTIFICATE II IN MUSIC INDUSTRY I WILL LEARN:
• about working in the music industry
• about writing, producing, performing and recording songs and music
• how to stay safe and healthy in the workplace
• about legal and copyright issues.

IN TYPICAL LESSONS I MIGHT:
• write and perform an original piece of music or song
• rehearse for a performance
• practice my chosen musical instrument
• provide sound reinforcement at gigs.

TO ENROL IN THIS SUBJECT I NEED:
• experience and interest in music.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in the music industry or other areas of interest.

Certificate III in Music Industry CUA30915

IN CERTIFICATE III IN MUSIC INDUSTRY I WILL LEARN:
• about working in the music industry
• about musical composition, audio recording, sound reinforcement and lighting
• how to stay safe and healthy in the workplace
• about legal and copyright issues.

IN TYPICAL LESSONS I MIGHT:
• use technology to create music
• attend a performance
• make a music demo
• learn about sound editing.

TO ENROL IN THIS SUBJECT I NEED:
• experience and interest in music (previously completing Certificate II in Music Industry CUA20615 would be an advantage).

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in the music industry or other areas of interest.

Certificate II in Creative Industries (focus on screen and media) CUA20415

IN CERTIFICATE II IN CREATIVE INDUSTRIES (FOCUS ON SCREEN AND MEDIA) I WILL LEARN:
• the entertainment industry
• about basic audio, lighting staging, lighting elements of a production
• about stage management, front of house and box office
• construction techniques for stage design
• how to stay safe and healthy in the workplace.

IN TYPICAL LESSONS I MIGHT:
• observe technical operations in workplace settings
• build sets, design or operate lighting or audio for productions
• provide technical support to performers
• work as an usher or in the box office.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in the performing arts.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in performing arts or other areas of interest.

Certificate I in Live Production and Services CUA30415

IN CERTIFICATE I IN LIVE PRODUCTION AND SERVICES I WILL LEARN:
• the entertainment industry
• about basic audio, lighting staging, lighting elements of a production
• about stage management, front of house and box office
• construction techniques for stage design
• how to stay safe and healthy in the workplace.

IN TYPICAL LESSONS I MIGHT:
• observe technical operations in workplace settings
• build sets, design or operate lighting or audio for productions
• provide technical support to performers
• work as an usher or in the box office.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in the performing arts.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in performing arts or other areas of interest.

Certificate II in Creative Industries (focus on screen and media) CUA20415

IN CERTIFICATE II IN CREATIVE INDUSTRIES (FOCUS ON SCREEN AND MEDIA) I WILL LEARN:
• the entertainment industry
• about basic audio, lighting staging, lighting elements of a production
• about stage management, front of house and box office
• construction techniques for stage design
• how to stay safe and healthy in the workplace.

IN TYPICAL LESSONS I MIGHT:
• observe technical operations in workplace settings
• build sets, design or operate lighting or audio for productions
• provide technical support to performers
• work as an usher or in the box office.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in the performing arts.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in performing arts or other areas of interest.

Certificate III in Live Production and Services CUA30415

IN CERTIFICATE III IN LIVE PRODUCTION AND SERVICES I WILL LEARN:
• the entertainment industry
• about basic audio, lighting staging, lighting elements of a production
• about stage management, front of house and box office
• construction techniques for stage design
• how to stay safe and healthy in the workplace.

IN TYPICAL LESSONS I MIGHT:
• observe technical operations in workplace settings
• build sets, design or operate lighting or audio for productions
• provide technical support to performers
• work as an usher or in the box office.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in the performing arts.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in performing arts or other areas of interest.

Certificate II in Music Industry CUA20615

IN CERTIFICATE II IN MUSIC INDUSTRY I WILL LEARN:
• about working in the music industry
• about writing, producing, performing and recording songs and music
• how to stay safe and healthy in the workplace
• about legal and copyright issues.

IN TYPICAL LESSONS I MIGHT:
• write and perform an original piece of music or song
• rehearse for a performance
• practice my chosen musical instrument
• provide sound reinforcement at gigs.

TO ENROL IN THIS SUBJECT I NEED:
• experience and interest in music.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in the music industry or other areas of interest.

Certificate III in Music Industry CUA30915

IN CERTIFICATE III IN MUSIC INDUSTRY I WILL LEARN:
• about working in the music industry
• about musical composition, audio recording, sound reinforcement and lighting
• how to stay safe and healthy in the workplace
• about legal and copyright issues.

IN TYPICAL LESSONS I MIGHT:
• use technology to create music
• attend a performance
• make a music demo
• learn about sound editing.

TO ENROL IN THIS SUBJECT I NEED:
• experience and interest in music (previously completing Certificate II in Music Industry CUA20615 would be an advantage).

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in the music industry or other areas of interest.

Certificate II in Creative Industries (focus on screen and media) CUA20415

IN CERTIFICATE II IN CREATIVE INDUSTRIES (FOCUS ON SCREEN AND MEDIA) I WILL LEARN:
• the entertainment industry
• about basic audio, lighting staging, lighting elements of a production
• about stage management, front of house and box office
• construction techniques for stage design
• how to stay safe and healthy in the workplace.

IN TYPICAL LESSONS I MIGHT:
• observe technical operations in workplace settings
• build sets, design or operate lighting or audio for productions
• provide technical support to performers
• work as an usher or in the box office.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in the performing arts.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in performing arts or other areas of interest.

Certificate III in Live Production and Services CUA30415

IN CERTIFICATE III IN LIVE PRODUCTION AND SERVICES I WILL LEARN:
• the entertainment industry
• about basic audio, lighting staging, lighting elements of a production
• about stage management, front of house and box office
• construction techniques for stage design
• how to stay safe and healthy in the workplace.

IN TYPICAL LESSONS I MIGHT:
• observe technical operations in workplace settings
• build sets, design or operate lighting or audio for productions
• provide technical support to performers
• work as an usher or in the box office.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in the performing arts.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in performing arts or other areas of interest.

Certificate II in Creative Industries (focus on screen and media) CUA20415

IN CERTIFICATE II IN CREATIVE INDUSTRIES (FOCUS ON SCREEN AND MEDIA) I WILL LEARN:
• the entertainment industry
• about basic audio, lighting staging, lighting elements of a production
• about stage management, front of house and box office
• construction techniques for stage design
• how to stay safe and healthy in the workplace.

IN TYPICAL LESSONS I MIGHT:
• observe technical operations in workplace settings
• build sets, design or operate lighting or audio for productions
• provide technical support to performers
• work as an usher or in the box office.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in the performing arts.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in performing arts or other areas of interest.

Certificate III in Music Industry CUA30915

IN CERTIFICATE III IN MUSIC INDUSTRY I WILL LEARN:
• about working in the music industry
• about musical composition, audio recording, sound reinforcement and lighting
• how to stay safe and healthy in the workplace
• about legal and copyright issues.

IN TYPICAL LESSONS I MIGHT:
• use technology to create music
• attend a performance
• make a music demo
• learn about sound editing.

TO ENROL IN THIS SUBJECT I NEED:
• experience and interest in music (previously completing Certificate II in Music Industry CUA20615 would be an advantage).

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in the music industry or other areas of interest.
TO ENROL IN THIS SUBJECT
I NEED:
• an interest in art and design as well as interactive digital or screen media.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in screen, media or other areas of interest.

Certificate III in Creative Industries (screen and media) contributes points towards the Tasmanian Certificate of Education.

Certificate III in Screen and Media
CUA31015

IN CERTIFICATE III IN SCREEN AND MEDIA I WILL LEARN:
• skills in working with cameras and lighting
• skills in lighting and sound design and operation
• how to develop my creative thinking skills
• how to stay safe and healthy in the workplace.

IN TYPICAL LESSONS I MIGHT:
• prepare and perform an on-camera presentation
• produce and/or direct a TV commercial, news story or animation
• undertake a practical work placement.

TO ENROL IN THIS SUBJECT
I NEED:
• competent computer skills.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in the screen and media industry or other areas of interest.

Certificate III in Screen and Media contributes points towards the Tasmanian Certificate of Education.

Certificate IV in Screen and Media
CUA41215

IN CERTIFICATE IV IN SCREEN AND MEDIA I WILL LEARN:
• advanced skills in working with cameras and lighting
• skills in computer editing, directing and producing
• how to stay safe and healthy in the workplace.

IN TYPICAL LESSONS I MIGHT:
• plan and record an interview
• edit and review a script
• visit a studio and observe the technical operations
• produce a TV commercial, news story, drama or animation
• undertake a practical work placement.

TO ENROL IN THIS SUBJECT
I NEED:
• to have completed Certificate III in Screen and Media.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in the screen and media industry or other areas of interest.

Certificate IV in Screen and Media contributes points towards the Tasmanian Certificate of Education.
## CREATIVE ARTS – VISUAL

<table>
<thead>
<tr>
<th>Art Making 1 (ART10117)</th>
<th>Art Practice 2 (ART215217)</th>
<th>Visual Art 2 (ART215117)</th>
</tr>
</thead>
</table>

### IN ART MAKING I WILL LEARN:
- art techniques – focusing on three different areas from the following:
  - assemblage
  - body adornment
  - ceramics
  - collage
  - craft and design
  - digital art and media
  - documented forms
  - drawing
  - environmental art
  - fabrication/fibre art
  - graphic design
  - hybrid art
  - life drawing
  - mixed media
  - painting
  - photography.
- a variety of techniques in three different areas
- how to develop my own artistic ideas and individual style
- how to respond to artworks.

### IN TYPICAL LESSONS I MIGHT:
- experience making art and responding to artworks
- create a portfolio of artwork
- discuss artmaking techniques and approaches
- develop a journal of ideas and support material.

### TO ENROL IN THIS SUBJECT I NEED:
- no previous experience.

### ART MAKING WOULD SUIT SOMEONE WHO:
- enjoys art making
- is looking to develop basic skills with teacher guidance.

### THIS SUBJECT COULD LEAD ME TO:
- further study in Art Practice 2, Visual Art 2 and/or further study in the visual arts.

Art Making 1 contributes 10 credit points towards the Tasmanian Certificate of Education.

### IN ART PRACTICE I WILL LEARN:
- about art techniques and processes focusing on three of the following:
  - assemblage, collage or mixed media
  - painting, drawing or life drawing
  - ceramics
  - print making
  - digital art and media
  - sculpture
  - environmental art
  - wearable or textiles/fibre art
  - body adornment or jewellery
  - graphic design
  - installation
  - street art
  - documented forms
  - time based forms
  - craft and design
  - hybrid art.
- about art materials
- about other artists and their work
- about ideas and themes in art
- how to create finished artworks.

### IN TYPICAL LESSONS I MIGHT:
- experiment with a range of techniques and processes
- view exhibitions
- research artists and their work
- create artworks in response to concepts and stimuli
- share and exhibit work
- keep a visual diary.

### TO ENROL IN THIS SUBJECT I NEED:
- an interest in art.

### ART PRACTICE WOULD SUIT SOMEONE WHO:
- enjoys exploring different art studios
- wants to explore different art forms
- wants to develop their art making skills.

### THIS SUBJECT COULD LEAD ME TO:
- further study in Art Production 3 and/or further study in the visual arts

Art Practice 2 contributes 15 credit points towards the Tasmanian Certificate of Education.

### IN VISUAL ART I WILL LEARN:
- about art techniques and processes specialising in a single art studio from the following areas:
  - assemblage
  - ceramics
  - collage
  - craft and design
  - digital art and media
  - documented forms
  - drawing
  - environmental art
  - graphic design
  - life drawing
  - mixed-media
  - painting
  - photography
  - print making
  - sculpture
  - street art
  - wearable art.
- a range of techniques in a specific studio area
- how to create finished artworks
- about art materials and processes
- about other artists and their work
- about ideas and themes in art.

### IN TYPICAL LESSONS I MIGHT:
- explore a range of art techniques
- discuss ideas and themes in art
- view exhibitions
- research artists and their work
- create artworks in response to concepts and stimuli
- share and exhibit work
- keep a visual diary.

### TO ENROL IN THIS SUBJECT I NEED:
- an interest in art.

### VISUAL ART WOULD SUIT SOMEONE WHO:
- enjoys working in a specific art studio
- wants to explore techniques related to a specific art studio
- wants to develop their art making skills.

### THIS SUBJECT COULD LEAD ME TO:
- further study in Art Production 3 and/or further study in the visual arts.

Visual Art 2 contributes 15 credit points towards the Tasmanian Certificate of Education.
Art Production 3
ART315117

IN ART PRODUCTION I WILL LEARN:

• about art techniques specialising in a single art studio from the following areas:
  » assemblage
  » ceramics
  » collage
  » digital art and media
  » documented forms
  » drawing
  » environmental art
  » fabrication/fibre art
  » graphic design
  » life drawing
  » mixed-media
  » painting
  » photography
  » print making
  » sculpture
  » time based forms

• how to develop my own artistic ideas and styles
• about artists and their work
• how artists represent their ideas
• how to create a body of work in a single studio
• how to exhibit work.

IN TYPICAL LESSONS I MIGHT:

• discuss key ideas and themes in art
• view and respond to exhibitions
• share and exhibit work
• keep a visual diary
• explore artistic processes, skills and techniques involved in producing art
• undertake art theory and analysis.

• complete art theory assignments
• create a portfolio of artwork for display and external assessment.

TO ENROL IN THIS SUBJECT I NEED:

• a high level of visual art competence attained in Year 10, or a strong interest and personal experience in the visual arts, or
• a good result in Art Production Foundation 2 in Year 11.

ART PRODUCTION WOULD SUIT SOMEONE WHO:

• has strong skills in artmaking in a specific studio area
• can develop an idea across several artworks
• enjoys making and responding to artworks.

THIS SUBJECT COULD LEAD ME TO:

• further study at university level.

Art Theory and Criticism 3
ARA315116

IN ART THEORY AND CRITICISM I WILL LEARN:

• about art and culture, aesthetics, philosophy and critical analysis
• about art in various contexts
• the history and theory of images
• art processes.

IN TYPICAL LESSONS I MIGHT:

• explore art history and art criticism
• discuss the context in which art was made
• explore the context of the viewer
• participate in visits to art galleries and artist studios
• discuss and debate a range of topics
• complete essays and assignments
• use an ideas journal.

TO ENROL IN THIS SUBJECT I NEED:

• an interest in visual art, art history and critical analysis
• competent English writing skills and good research skills.

ART THEORY AND CRITICISM WOULD SUIT SOMEONE WHO:

• has an interest in history
• enjoys research, analysis and inquiry
• has an interest in artists and their work.

THIS SUBJECT COULD LEAD ME TO:

• further study at university level.

Art Studio Practice 3

IN ART STUDIO PRACTICE 3 I WILL LEARN:

• about the refinement of skills and art techniques in one of the following studio areas:
  » ceramics
  » digital art and media
  » drawing
  » graphic design
  » painting
  » photography
  » printmaking
  » sculpture.

• how to negotiate and plan an exhibition
• how to complete a schematic overview.

IN TYPICAL LESSONS I MIGHT:

• produce artworks
• create planning documents and schematic overviews
• communicate ideas and concepts through making art
• participate in group appraisal and critique forums to evaluate your own art and the artwork of others
• study relevant artists, styles and influences.

TO ENROL IN THIS SUBJECT I NEED:

• Art Production 3 (or equivalent).

ART STUDIO PRACTICE WOULD SUIT SOMEONE WHO:

• wants to refine their high level art making skills
• has a strong sense of artistic direction
• enjoys preparing and conceptualising for exhibitions.

THIS SUBJECT COULD LEAD ME TO:

• a pathway to tertiary study at TasTAFE or university.

Art Studio Practice 3 contributes 15 credit points towards the Tasmanian Certificate of Education.
VET courses

All certificate courses contribute credit points towards the Tasmanian Certificate of Education. The number of credit points is dependent on the units of competence. For details view the TCE planner tool at: https://www.tasc.tas.gov.au/students/course-planner/

Introduction to Applied Fashion Design and Technology
Statement of Attainment for selected units from certificates in Textiles, Clothing and Footwear

IN INTRODUCTION TO APPLIED FASHION AND TECHNOLOGY I WILL LEARN:
• about working as a fashion designer; pattern maker or sewing machinist (the person who creates the first sample of a new design)
• skills used in making a garment
• how to use a pattern to make a garment.

IN TYPICAL LESSONS I MIGHT:
• use a sewing machine
• sketch or design a textile item
• make a textile item by hand or machine
• write what I learnt when making and designing a textile item.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in textiles and design.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in the textile and fashion industry or other areas of interest.

Certificate II in Applied Fashion Design and Technology
Statement of Attainment for selected units from a Certificate II in Applied Fashion Design

IN CERTIFICATE II IN APPLIED FASHION DESIGN AND TECHNOLOGY I WILL LEARN:
• garment design
• use of sewing machine
• modification of patterns

IN TYPICAL LESSONS I MIGHT:
• participate in garment construction using a range of fabrics/mediums
• learn to use a sewing machine
• practise sketching techniques
• use and adapt commercial patterns
• work with others in a team environment.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in design, sewing and garment construction
• an interest in working creatively.

THIS SUBJECT COULD LEAD ME TO:
• further study or work in the textile and fashion industry or other areas of interest.

Units from Applied Fashion Design and Technology contribute points towards the Tasmanian Certificate of Education.
### ENGLISH

**You have:**
- An interest or need for literacy skills in work and everyday life
- Meet TASC entry requirements
- ‘C’ in (or D in consultation with teachers) Year 10 Australian Curriculum English
- ‘B/C’ in Year 10 Australian Curriculum English
- ‘A’ in (or ‘strong B’ in consultation with teachers) Year 10 Australian Curriculum English, or ‘CA’ or above in English Foundation 2

**TASC subjects**
- Practical English 1
- Essential Skills - Reading and Writing 2
- English Applied 2
- English Foundations 2
- English 3
- English Literature 3
- English Writing 3

**May lead to:**
- Essential Skills - Reading and Writing 2
- English Applied 2
- Further study
- Training or job where working English skills are required
- English Writing 3
- English 3
- English Literature 3
- University study in arts, education, media, journalism, graphic design
- Pre-tertiary English is often a pre-requisite for mainland university courses

### English as an Additional Language

- English is not your first language
- Level 2 language study or good standard in the language at high school

**TASC subjects**
- English as an Additional Language or Dialect 1
- English as an Additional Language or Dialect 2
- English as an Additional Language or Dialect 3

**Further study**
TASC subjects

Please note that courses marked with * are currently being redeveloped – when accredited by TASC the information will be updated.

### Practical English 1

**I WILL LEARN:**
- to develop my vocabulary and participate effectively in everyday conversations and discussions
- to read, view and interpret information from simple, everyday texts
- to write and create simple, everyday texts
- to use correct spelling, punctuation and grammar
- to communicate appropriately in everyday adult contexts; personal, community and the workplace.

**IN TYPICAL LESSONS I MIGHT:**
- discuss books, films and websites, make phone enquiries and ask questions about job roles
- identify and interpret information from websites, emails, newspaper and magazine articles, application forms and payslips
- write a brief dot-point CV/resume and basic job applications, make notes and draft posters.

**TO ENROL IN THIS SUBJECT I NEED:**
- no previous experience.

**PRACTICAL ENGLISH WOULD SUIT SOMEONE WHO:**
- wants to consolidate their literacy skills
- wants to develop their literacy skills.

**THIS SUBJECT COULD LEAD ME TO:**
- further study and/or pursue a pathway to further training or employment.

**ESSENTIAL SKILLS – READING AND WRITING WOULD SUIT SOMEONE WHO:**
- wishes to improve their everyday reading and writing skills
- requires a well-structured and supportive learning program to develop their literacy skills.

**English Foundations 2 ENG215117**

**I WILL LEARN:**
- the ways texts work to communicate and shape meaning
- the ways language is used to represent ideas, attitudes and voices in texts
- to engage critically and imaginatively with texts.

**IN TYPICAL LESSONS I MIGHT:**
- explore the same idea or issue across a range of imaginative, interpretive or persuasive texts
- produce a negotiated study, oral presentation or multimodal presentation
- examine how texts represent the world and human experience
- examine how composers persuade audiences through texts
- read, view and examine a wide variety of print, oral, visual, fiction and non-fiction texts.

---

**English Applied 2**

**I WILL LEARN:**
- to develop and strengthen my literacy skills to communicate confidently and effectively with others
- to read, understand and examine ideas, issues, attitudes and values from a range of texts
- to respond to, and create oral, written and multi-modal texts
- to research and present ideas and information

**TO ENROL IN THIS SUBJECT I NEED:**
- to work both independently and collaboratively.

**IN TYPICAL LESSONS I MIGHT:**
- collaboratively discuss, share and present what I have learned
- examine and assess ideas, attitudes and points of view in texts
- create texts for individual, community and workplace audiences
- produce and share a Negotiated Study based on a topic of interest.

**TO ENROL IN THIS SUBJECT I NEED:**
- 'C' in Year 10 Australian Curriculum English.

**ENGLISH APPLIED WOULD SUIT SOMEONE WHO:**
- wants to consolidate their literacy skills
- wants to undertake a practical English subject
- wants to expand their ability to understand and communicate effectively in a range of contexts: including every day, community, social, further education, training and workplace.

**THIS SUBJECT COULD LEAD ME TO:**
- confidently pursue a pathway to further training or employment.

**English Applied 2 meets the standard for Everyday Adult Reading, Writing and Communication and contributes 15 credit points towards the Tasmanian Certificate of Education.**
• respond to texts in a variety of ways (discussing, debating, creating)
• create imaginative, interpretive and analytical responses.

TO ENROL IN THIS SUBJECT I NEED:
• ‘B/C’ in Year 10 Australian Curriculum English.

ENGLISH FOUNDATIONS WOULD SUIT SOMEONE WHO:
• enjoys reading, viewing and discussion of a range of texts
• is interested in responding creatively and critically to texts
• wishes to further develop and extend their communication skills (oral and written), and language and literacy skills in preparation to study a Level 3 English subject.

THIS SUBJECT COULD LEAD ME TO:
• further study and/or a pathway to further training or employment.

English Foundations 2 meets the standard for Everyday Adult Reading, Writing and Communication and contributes 15 credit points towards the Tasmanian Certificate of Education.

English Literature 3

IN ENGLISH LITERATURE I WILL LEARN:
• the ways literary texts can be interpreted
• the ways in which literary texts represent culture and identity
• the relationship between authors, texts, audiences and contexts
• the ways values and ideas are represented in texts and how they are understood by audiences
• the ways historical and cultural contexts influence texts.

IN TYPICAL LESSONS I MIGHT:
• study a genre such as Dystopian fiction, Thriller or Life Writing
• compare how texts have been adapted from novel to film
• closely analyse a single study text
• produce a negotiated study, oral presentation or multimodal presentation
• read, view and examine a wide variety of print, oral, visual, fiction and non-fiction texts
• respond to texts in a variety of ways (discussing, debating, creating)
• create imaginative, interpretive and analytical responses.

TO ENROL IN THIS SUBJECT I NEED:
• ‘A’ or (strong B in consultation with teachers) in Year 10 Australian Curriculum English or a rating of CA or above for English 2.

ENGLISH LITERATURE WOULD SUIT SOMEONE WHO:
• enjoys reading and responding critically and creatively to complex texts from the past, present and from Australia and other cultures
• appreciates aesthetic use of language and discussing ideas in depth
• is interested in exploring how literary texts shape perceptions of the world and enable us to enter other worlds of the imagination.

THIS SUBJECT COULD LEAD ME TO:
• University studies: a Bachelor of Arts, International Studies, Visual Communication, Media and Communication, Journalism, Education, Social Sciences, Law, Economics and Applied Learning
• Vocational Education: Creative Industries, Hospitality, Tourism, Community Services, Early Childhood Education and Care, Information and Cultural Services.

English 3 meets the standards for Everyday Adult Reading, Writing and Communication and contributes 15 credit points towards the Tasmanian Certificate of Education.

English Writing 3

IN ENGLISH WRITING I WILL LEARN:
• about the different styles and forms of writing e.g. poetry, short story, news article, monologue, memoir
• to write for a variety of purposes, audiences and contexts
• composition, drafting and revision techniques
• to respond to feedback through reflection and drafting
• the ways writers employ writing techniques and styles to explore ideas and issues.

IN TYPICAL LESSONS I MIGHT:
• study writers and their work
• study the craft of writing and the writing process
• explore text forms and genres and the way texts communicate ideas
• explore the impact of technology and the internet on writers and writing
• undertake a major writing project
• explore topics and writing forms of interest to me
• create imaginative and expository texts
• workshop my own and others writing.

TO ENROL IN THIS SUBJECT I NEED:
• ‘A’ or (strong B in consultation with teachers) in Year 10 Australian Curriculum English or a rating of CA or above for English 2.
ENGLISH WRITING WOULD SUIT SOMEONE WHO:
- enjoys reading
- enjoys crafting imaginative texts and experimenting with compositional styles of writing
- is focused and works well independently and readily reflects on their own learning.

THIS SUBJECT COULD LEAD ME TO:
- University studies: a Bachelor of Arts, International Studies, Visual Communication, Media and Communication, Journalism, Education, Social Sciences, Law, Economics and Applied Learning
- A career as a writer: copywriting, content writing, screenwriting, editing, journalism, speech writing, technical writing and creative writing
- Vocational Education: Creative Industries, Hospitality, Tourism, Community Services, Early Childhood Education and Care, Information and Cultural Services.

English Writing 3 meets the standard for both Everyday Adult Reading, Writing and Communication and Everyday Adult Use of Computers and the Internet and contributes 15 credit points towards the Tasmanian Certificate of Education.

**English as an Additional Language or Dialect 1**

**IN ENGLISH AS AN ADDITIONAL LANGUAGE OR DIALECT 1 I WILL LEARN:**
- skills in listening, speaking, reading and writing in Standard Australian English
- to communicate and use language socially and in personal contexts
- to read and understand a range of everyday texts
- to consider aspects of Australian life and culture.

**IN TYPICAL LESSONS I MIGHT:**
- use English to listen, speak, view, read and write
- identify and discuss aspects of Australian life and culture
- create simple oral, written and multi-modal texts to express ideas about familiar topics
- use basic research skills
- read and understand texts presented in a range of forms.

**TO ENROL IN THIS SUBJECT I NEED:**
- an interest in developing my English language skills.
- to check requirements for subject entry as outlined in the subject document.

ENGLISH AS AN ADDITIONAL LANGUAGE OR DIALECT WOULD SUIT SOMEONE WHO:
- wants to develop their understanding and use of the English language
- is developing the confidence to communicate in English
- is preparing for further study.

**THIS SUBJECT COULD LEAD ME TO:**
- vocational and or further study including English as an Additional Language or Dialect 2.

English as an Additional Language 1 contributes 15 points towards the Tasmanian Certificate of Education.

**English as an Additional Language or Dialect 2**

**IN ENGLISH AS AN ADDITIONAL LANGUAGE OR DIALECT 2 I WILL LEARN:**
- to consolidate my skills in listening, speaking, reading, viewing and writing in Standard Australian English
- to comprehend and create spoken, written and multi-modal texts for different purposes and audiences
- to study and reflect on language and meaning in and through English
- to consider how language influences my own and others’ personal, social and cultural identities and thought processes.

**IN TYPICAL LESSONS I MIGHT:**
- use English to describe, interpret, entertain, persuade and analyse
- discuss issues, ideas and attitudes that change across cultures and contexts
- create and present oral, written and multi-modal texts to a range of audiences
- study texts and explore ways in which language choices shape meaning and influence audiences.

**TO ENROL IN THIS SUBJECT I NEED:**
- a solid foundation in using spoken and written English as a second or additional language or dialect
- some proficiency in using English for formal and school purposes
- to check entry requirements as outlined in the subject document.

ENGLISH AS AN ADDITIONAL LANGUAGE OR DIALECT WOULD SUIT SOMEONE WHO:
- wants to develop and refine their English language skills
- is interested in the ways language works to create meaning
- wishes to develop a greater understanding of communication and culture
- wishes to go on to further study.

**THIS SUBJECT COULD LEAD ME TO:**
- further study, training or employment.

**English as an Additional Language or Dialect 3**

**IN ENGLISH AS AN ADDITIONAL LANGUAGE OR DIALECT 3 I WILL LEARN:**
- to refine my skills in listening, speaking, reading, viewing and writing in Standard Australian English
- to communicate and respond to issues and ideas effectively
- to create and comprehend extended spoken, written and multi-modal texts for different purposes and audiences
- to examine and consider how language influences my own and others’ personal, social and cultural identities and thought processes.

**IN TYPICAL LESSONS I MIGHT:**
- use English to describe, interpret, entertain, persuade and analyse
- discuss issues, ideas and attitudes that change across cultures and contexts
- create and present oral, written and multi-modal texts to a range of audiences
- study texts and explore ways in which language choices shape meaning and influence audiences.

**TO ENROL IN THIS SUBJECT I NEED:**
- a solid foundation in using spoken and written English as a second or additional language or dialect
- some proficiency in using English for formal and school purposes
- to check entry requirements as outlined in the subject document.

ENGLISH AS AN ADDITIONAL LANGUAGE OR DIALECT WOULD SUIT SOMEONE WHO:
- wants to develop and refine their English language skills
- is interested in the ways language works to create meaning
- wishes to develop a greater understanding of communication and culture
- wishes to go on to further study.

**THIS SUBJECT COULD LEAD ME TO:**
- further study, training or employment.

English as an Additional Language 3 meets the standard for Everyday Adult Reading, Writing and Communications and contributes 15 points towards the Tasmanian Certificate of Education.

TASC subjects

Personal Care I
PER110118

IN PERSONAL CARE I WILL LEARN:
• interpersonal relationship skills
• basic health and hygiene including diet and nutrition
• behaviours that impact on personal wellbeing
• protective strategies to help achieve health and wellbeing
• about links with local community resources and support agencies
• about my health and general wellbeing, including personal fitness
• about personality, gender roles, emotions and emotional management
• about risk-taking behaviour.

IN TYPICAL LESSONS I MIGHT:
• watch a video on relationships and communication and discuss the issues raised
• visit a supermarket with a virtual budget to work on a personal diet plan
• have small group or class discussions about young adult health and relationship issues
• do a practical activity with a fitness, teamwork, communication and/or challenge focus
• visit and be visited by local health support groups or experts.

TO ENROL IN THIS SUBJECT I NEED:
• no previous experience.

PERSONAL CARE WOULD SUIT SOMEONE WHO:
• is interested in their lifelong physical and mental health
• likes to learn about relationships and how to manage them
• is wanting to develop their personal and social skills.

THIS SUBJECT COULD LEAD ME TO:
• be better prepared to approach a range of future roles including education, and/or employment
• a healthy, balanced and happy life
• Personal Health and Wellbeing 2 or Community Sport and Recreation 2.

Personal Care I contributes 10 credit points towards the Tasmanian Certificate of Education.

Fitness Experiences
HPE105118

IN FITNESS EXPERIENCES I WILL LEARN:
• a variety of skills and knowledge through practical involvement in 2 or more selected fitness activities.
• how to develop physical literacy
• to develop the confidence and capacity to maintain lifelong positive involvement in fitness activities.

IN TYPICAL LESSONS I MIGHT:
• complete an individual or training group workout as part of a series of training sessions designed to meet your personal fitness goals
• discuss and negotiate plans and adjustments to your personal fitness program
• have a small or large group discussion about actions that contribute to building a fitness environment that is positive, inclusive and supportive
• after training have a short discussion about the factors and opportunities for lifelong fitness
• try different types of training or facility
• complete a 5 minute reflection after your session using a phone app or online journal tool.

TO ENROL IN THIS SUBJECT I NEED:
• No previous experience. Fitness Experiences is designed to assist learners from all starting points to develop their personal skillset and knowledge of various fitness activities and training techniques.

FITNESS EXPERIENCES WOULD SUIT SOMEONE WHO:
• wants to balance their academic study program with a physically active subject
• would like to work in an area with a focus on encouraging and supporting both genders
• would like to improve their own personal fitness, physical health and mental health
• enjoys being physically active, working and training both individually and with others
• wishes to explore the field of fitness as an enjoyable and healthy personal option
• may be interested in investigating a career in the fitness industry
• would like to try an introductory subject within the Sport group of subjects of the HPE suite.

THIS SUBJECT COULD LEAD ME TO:
• a wide range of personal, vocational and further education and training options.
• a pathway to HPE subjects such as: Athlete Development Level 2; Sport Science - Foundation Level 2; and Community Sport and Recreation Level 2; and VET Certificates I or II in Sport and Recreation.
• vocational pathways which may include any role where physical literacy, a balanced healthy lifestyle, and positive communication skills are valued.

Fitness Experiences contributes 5 credit points towards your Tasmanian Certificate of Education.

Outdoor Experiences I
OXP105118

IN OUTDOOR EXPERIENCES I WILL LEARN:
• skills to allow for safe and responsible outdoor recreation practice
• safety management practices for specific outdoor recreation activities
• basic navigation techniques
• weather forecasting basics
• about sustainable practice and responsibly managing the environment
• self-awareness and planning skills.

IN TYPICAL LESSONS I MIGHT:
• participate in a selection of land-based and/or aquatic outdoor activities (eg, mountain biking, hiking, stand up paddle boarding, snorkelling)
• do a fun or challenge activity aimed at developing group cooperative skills or leadership
• go online and check the weather, get maps and plan travel times for a class excursion
• have a debate about park entry fees, camping rules, litter or beach four wheel driving laws
• reflect on how self-confidence can be improved by doing outdoor activities.

TO ENROL IN THIS SUBJECT I NEED:
• no previous experience.

OUTDOOR EXPERIENCES WOULD SUIT SOMEONE WHO:
• is comfortable to try a wide selection of outdoor recreation activities including land-based and aquatic environments.
• likes working outside in the bush, beach or other natural environments
• enjoys personal and group learning with a strong practical focus.

OUTDOOR EXPERIENCES COULD LEAD ME TO:
• Outdoor Education 2
• Community Sport and Recreation 2
• VET Certificate II in Outdoor Recreation.

Outdoor Experiences I contributes 5 credit points towards the Tasmanian Certificate of Education.
IN SPORT AND RECREATION EXPERIENCES I WILL LEARN:

- in an inclusive and fun way to help improve skills and build knowledge of at least 4 different sport and recreation activities
- through practical involvement in selected activities (including preparation and competition in rosters or events at a suitable level).

IN TYPICAL LESSONS I MIGHT:

- Take part in a team or individual game, sport, or recreation activity
- set and reflect on personal goals related to sport and recreation activities
- discuss safety issues around certain activities and their equipment
- visit and use local facilities and how to get involved

TO ENROL IN THIS SUBJECT I NEED:

- No previous experience. Sport and Recreation Experiences is designed to assist learners from all starting points to develop their personal skillset, motivation and enjoyment of recreation activities, and a range of techniques and tactics appropriate to selected sport activities.

SPORT AND RECREATION EXPERIENCES WOULD SUIT SOMEONE WHO:

- wants to balance their academic study program with a physically active subject would like to work in an area with a focus on encouraging and supporting all genders
- would like to do a range of different sports and recreation activities
- likes to be part of a group culture and environment that is positive, inclusive and supportive
- is interested in exploring opportunities for lifelong involvement in sport and recreation activities.

THIS SUBJECT COULD LEAD ME TO:

- a wide range of personal, vocational and further education and training options.
- a pathway to HPE subject such as: Community Sport and Recreation Level 2; Athlete Development Level 2; Sport Science - Foundation Level 2; and Personal Health and Wellbeing Level 2; and VET Certificates I or II in Sport and Recreation.

After completing Sport and Recreation Experiences, vocational pathways may include any role where physical literacy, healthy lifestyle, communication and positive team skills are valued.

Sport and Recreation Experiences contributes 10 credit points towards your Tasmanian Certificate of Education.

Athlete Development 2
ATH215118

IN ATHLETE DEVELOPMENT I WILL LEARN:

- how to manage a sport specific, well-organised, systematic training program
- about developing and maintaining a level of physical conditioning to achieve optimal sporting performance
- strategies for setting goals and outlining ways in which these can be achieved
- how basic physical, psychological and social factors influence sporting performance
- about current trends in sports nutrition and hydration
- how various recovery methods affect performance
- strategies to reduce the incidence of injury and how to manage injuries
- methods of sport-specific conditioning (physical preparation and recovery)
- how to evaluate and review personal performance
- to choose, discuss, evaluate and apply a range of current high performance sport education information and resources shared through group tutorials.

IN TYPICAL LESSONS I MIGHT:

- participate in a personal/training group conditioning and/or recovery program
- choose and use a suitable testing battery to regularly monitor improvement and my personal athlete profile
- evaluate some video footage of high performance athletes and have a group discussion
- trial various experiences that support the work done with your specialist coach e.g. massage, pool based recovery or rehabilitation, strength training, plyometrics and visualisation
- do sport specific training under the direction of a suitable coach
- review and reflect on journal entries and look for patterns in performance and training to develop a personalised plan in keeping with my profile, season and progress.

TO ENROL IN THIS SUBJECT I NEED:

- ‘C’ in Year 10 Australian Curriculum HPE
- to play in a recognised sporting competition in the year of undertaking the subject.

ATHLETE DEVELOPMENT WOULD SUIT SOMEONE WHO:

- has a high work ethic and commitment to developing their personal potential
- is aiming to develop their personal attributes as an athlete and are willing to apply themselves in their chosen sport
- wants to work with their teacher and a coach on developing their personal program.

OUTDOOR EDUCATION WOULD SUIT SOMEONE WHO:

- enjoys unique and challenging experiences and has a sense of adventure

After completing Athlete Development 2, certificates I or II in Sport and Recreation Experiences, VET Certificates I or II in Sport and Recreation Experience may contribute 10 credit points towards the Tasmanian Certificate of Education.

Outdoor Education 2
OX215118

IN OUTDOOR EDUCATION I WILL LEARN:

- about technical knowledge and safety skills required to participate in adventure recreation and/or expedition experiences
- personal and social skills and how to operate as an effective group member
- to set and reflect on personal goals related to various outdoor activities
- the importance of sustainable practice to help protect our natural environments for future generations
- about planning, logistics, nutrition, First Aid, navigation, weather interpretation and risk management considerations related to planning for outdoor recreation activities.

IN TYPICAL LESSONS I MIGHT:

- undertake a variety of shorter in the field and classroom-based experiences
- prepare for specific adventure activities and/or expeditions, problem solving and team building exercises
- take part in activities which may include kayaking, rock climbing, bush walking, abseiling, caving, snorkelling, surfing, mountain biking and/or self-contained expeditions
- prepare a digital or verbal presentation reflecting on my experiences and their impact
- do an overnight self-contained land and/or water journey-based expedition.

TO ENROL IN THIS SUBJECT I NEED:

- no previous experience
- ‘C’ in Year 10 Australian Curriculum HPE or an SA in Outdoor Experiences 1.

OUTDOOR EDUCATION WOULD SUIT SOMEONE WHO:

- enjoys unique and challenging experiences and has a sense of adventure

Outdoor Experiences 1
AUS315118

IN OUTDOOR EDUCATION I WILL LEARN:

- about technical knowledge and safety skills required to participate in adventure recreation and/or expedition experiences
- personal and social skills and how to operate as an effective group member
- to set and reflect on personal goals related to various outdoor activities
- the importance of sustainable practice to help protect our natural environments for future generations
- about planning, logistics, nutrition, First Aid, navigation, weather interpretation and risk management considerations related to planning for outdoor recreation activities.

IN TYPICAL LESSONS I MIGHT:

- undertake a variety of shorter in the field and classroom-based experiences
- prepare for specific adventure activities and/or expeditions, problem solving and team building exercises
- take part in activities which may include kayaking, rock climbing, bush walking, abseiling, caving, snorkelling, surfing, mountain biking and/or self-contained expeditions
- prepare a digital or verbal presentation reflecting on my experiences and their impact
- do an overnight self-contained land and/or water journey-based expedition.

TO ENROL IN THIS SUBJECT I NEED:

- no previous experience
- ‘C’ in Year 10 Australian Curriculum HPE or an SA in Outdoor Experiences 1.

OUTDOOR EDUCATION WOULD SUIT SOMEONE WHO:

- enjoys unique and challenging experiences and has a sense of adventure

Athlete Development 2
ATH215118

IN ATHLETE DEVELOPMENT I WILL LEARN:

- how to manage a sport specific, well-organised, systematic training program
- about developing and maintaining a level of physical conditioning to achieve optimal sporting performance
- strategies for setting goals and outlining ways in which these can be achieved
- how basic physical, psychological and social factors influence sporting performance
- about current trends in sports nutrition and hydration

- trial various experiences that support the work done with your specialist coach e.g. massage, pool based recovery or rehabilitation, strength training, plyometrics and visualisation
- do sport specific training under the direction of a suitable coach
- review and reflect on journal entries and look for patterns in performance and training to develop a personalised plan in keeping with my profile, season and progress.

TO ENROL IN THIS SUBJECT I NEED:

- ‘C’ in Year 10 Australian Curriculum HPE
- to play in a recognised sporting competition in the year of undertaking the subject.

ATHLETE DEVELOPMENT WOULD SUIT SOMEONE WHO:

- has a high work ethic and commitment to developing their personal potential
- is aiming to develop their personal attributes as an athlete and are willing to apply themselves in their chosen sport
- wants to work with their teacher and a coach on developing their personal program.

THIS SUBJECT COULD LEAD ME TO:

- ongoing study in the areas of physical education, sport science, health studies, human movement, exercise science and personal training
- a range of roles in the fitness, sport and recreation industry and involvement as a volunteer in sport.

Athlete Development 2 contributes 15 credit points towards the Tasmanian Certificate of Education.

Outdoor Education 2
OX215118

IN OUTDOOR EDUCATION I WILL LEARN:

- about technical knowledge and safety skills required to participate in adventure recreation and/or expedition experiences
- personal and social skills and how to operate as an effective group member
- to set and reflect on personal goals related to various outdoor activities
- the importance of sustainable practice to help protect our natural environments for future generations
- about planning, logistics, nutrition, First Aid, navigation, weather interpretation and risk management considerations related to planning for outdoor recreation activities.

IN TYPICAL LESSONS I MIGHT:

- undertake a variety of shorter in the field and classroom-based experiences
- prepare for specific adventure activities and/or expeditions, problem solving and team building exercises
- take part in activities which may include kayaking, rock climbing, bush walking, abseiling, caving, snorkelling, surfing, mountain biking and/or self-contained expeditions
- prepare a digital or verbal presentation reflecting on my experiences and their impact
- do an overnight self-contained land and/or water journey-based expedition.

TO ENROL IN THIS SUBJECT I NEED:

- no previous experience
- ‘C’ in Year 10 Australian Curriculum HPE or an SA in Outdoor Experiences 1.

OUTDOOR EDUCATION WOULD SUIT SOMEONE WHO:

- enjoys unique and challenging experiences and has a sense of adventure

Athlete Development 2
ATH215118

IN ATHLETE DEVELOPMENT I WILL LEARN:

- how to manage a sport specific, well-organised, systematic training program
- about developing and maintaining a level of physical conditioning to achieve optimal sporting performance
- strategies for setting goals and outlining ways in which these can be achieved
- how basic physical, psychological and social factors influence sporting performance
- about current trends in sports nutrition and hydration
- how various recovery methods affect performance
- strategies to reduce the incidence of injury and how to manage injuries
- methods of sport-specific conditioning (physical preparation and recovery)
- how to evaluate and review personal performance
- to choose, discuss, evaluate and apply a range of current high performance sport education information and resources shared through group tutorials.

IN TYPICAL LESSONS I MIGHT:

- participate in a personal/training group conditioning and/or recovery program
- choose and use a suitable testing battery to regularly monitor improvement and my personal athlete profile
- evaluate some video footage of high performance athletes and have a group discussion
- trial various experiences that support the work done with your specialist coach e.g. massage, pool based recovery or rehabilitation, strength training, plyometrics and visualisation
- do sport specific training under the direction of a suitable coach
- review and reflect on journal entries and look for patterns in performance and training to develop a personalised plan in keeping with my profile, season and progress.

TO ENROL IN THIS SUBJECT I NEED:

- ‘C’ in Year 10 Australian Curriculum HPE
- to play in a recognised sporting competition in the year of undertaking the subject.

ATHLETE DEVELOPMENT WOULD SUIT SOMEONE WHO:

- has a high work ethic and commitment to developing their personal potential
- is aiming to develop their personal attributes as an athlete and are willing to apply themselves in their chosen sport
- wants to work with their teacher and a coach on developing their personal program.

THIS SUBJECT COULD LEAD ME TO:

- ongoing study in the areas of physical education, sport science, health studies, human movement, exercise science and personal training
- a range of roles in the fitness, sport and recreation industry and involvement as a volunteer in sport.

Athlete Development 2 contributes 15 credit points towards the Tasmanian Certificate of Education.
• has good time management and organisational skills to enable significant participation in at least five different outdoor activities
• likes completing new or tough tasks that provide a sense of achievement and satisfaction
• wants to test and develop their personal, interpersonal and technical skills.

THIS SUBJECT COULD LEAD ME TO:
• guiding, adventure tourism, natural science, training academies and Registered Training Organisations. The Defence Forces, State Police, Fire and Forestry Departments are also examples of employment areas in the public sector that rely on people with the skills and knowledge developed through studying this subject.
• a range of options in the adventure tourism industry and also may lead to further study such as Outdoor Leadership 3, Certificate III – Outdoor Recreation or tertiary studies.

Outdoor Education 2 contributes 15 credit points towards the Tasmanian Certificate of Education.

**Personal Health and Wellbeing 2**  
**PER215118**

**IN PERSONAL HEALTH AND WELLBEING I WILL LEARN:**
• about issues and factors affecting personal wellbeing
• about the significance of personal identity and positive relationships
• to recognise behaviours that impact positively and negatively on personal health and wellbeing
• how to recognise valid and relevant sources of health information to make informed personal life choices
• to communicate personal views on a wide range of health related issues in various contexts.

**IN TYPICAL LESSONS I MIGHT:**
• contribute to a small or large group discussion around issues that impact on young adults
• research online about ways to deal with identity and relationships
• review advertising clips designed to address risk taking behaviour in young people
• work on individual and group investigation projects (e.g. diet and nutrition, personal fitness, personal care, local facilities and support agencies, how to access health support)
• participate in a variety of practical recreational activities
• develop and report on progress in a personal wellbeing plan.

**TO ENROL IN THIS SUBJECT I NEED:**
• no previous experience
• ‘C’ in Year 10 Australian Curriculum HPE or an SA in Personal Care 1.

**PERSONAL HEALTH AND WELLBEING WOULD SUIT SOMEONE WHO:**
• has a keen interest in improving personal health and wellbeing and is prepared to record their personal activities, actions and reflections during the year in a Personal Wellbeing Plan
• wants to build on the experiences of Year 10 Australian Curriculum HPE
• has a willingness to be active and to participate fully in class discussions and recreational activities.

**THIS SUBJECT COULD LEAD ME TO:**
• other 11/12 HPE subjects such as Community Sport and Recreation 2, Sports Science Foundation 2, and Outdoor Education 2, as well as providing background to support the transition to studying Level 3 subjects in the HPE area.
• undertake VET qualifications such as: Certificate III in Sport and Recreation; Certificate III in Fitness, and Certificate III in Aquatics and Community Recreation.

Personal Health and Wellbeing 2 contributes 15 credit points towards the Tasmanian Certificate of Education.

**Community Sport and Recreation 2**  
**HPE215118**

**IN COMMUNITY SPORT AND RECREATION I WILL LEARN:**
• through practical sessions (2/3 of subject time) taking part in at least 15 different sport and recreation activities.
• about the importance of safe and inclusive sport and recreation opportunities in building and supporting healthy communities.
• about current trends and the many lifestyle and lifelong health benefits gained through regular socially based physical activities.

**IN TYPICAL LESSONS I MIGHT:**
• ride to a local facility and play tennis
• have a small group discussion on the factors influencing participation
• review a media advertising campaign focusing on gender equality in sport
• help organise, umpire or play in a social badminton or volleyball competition
• explore the impact of a growth activity (e.g. Mountain Biking) and its community impact
• be in charge of ensuring everyone has fun, is safe and gets a turn
• take part in a range of socially based physical activities, roles and experiences.

**TO ENROL IN THIS SUBJECT I NEED:**
• No previous experience

**COMMUNITY SPORT AND RECREATION WOULD SUIT SOMEONE WHO:**
• wants to take part in physical activity with a fun and fitness focus
• is keen to gain understanding of physical literacy, fitness development and health and social issues from both personal and broader community perspective
• wants to maintain an active healthy lifestyle from high school through to adulthood
• is keen to try a general HPE subject in year 11 before deciding what to do in year 12
• has enjoyed other Sport and Recreation subject at year 11 and is keen to do more

**THIS SUBJECT COULD LEAD ME TO:**
• further education and employment in the fields of fitness, outdoor recreation and education, sports administration, community health and recreation and sport.

Community Sport and Recreation Level 2 provides a pathway to other 11/12 HPE subjects such as: Sports Science Foundation Level 2; Personal Health and Wellbeing Level 2; and Outdoor Education Level 2, as well as providing background to support the transition to studying Level 3 subjects in the HPE area.

This subject would also provide useful skills and knowledge for learners who wish to undertake VET qualifications such as: Certificate III in Sport and Recreation; Certificate III in Fitness, Certificate III – Outdoor Recreation and Certificate III in Aquatics and Community Recreation.

Learners completing Community Sport and Recreation may use it for its foundation to personal development and life preparation and/or to prepare for a wide range of personal, vocational and further education and training options.

Successful completion of Community Sport and Recreation contributes 15 credit points towards your Tasmanian Certificate of Education.

**Sport Science Foundation 2**  
**SPT215118**

**IN SPORT SCIENCE FOUNDATION I WILL LEARN:**
• about factors that influence individual and community participation in sport
• the positive benefits of participation and involvement in physical activity
• key elements around maintaining a level of fitness to support an active lifestyle

• has a keen interest in improving personal health and wellbeing and is prepared to record their personal activities, actions and reflections during the year in a Personal Wellbeing Plan
• wants to build on the experiences of Year 10 Australian Curriculum HPE
• has a willingness to be active and to participate fully in class discussions and recreational activities.

**THIS SUBJECT COULD LEAD ME TO:**
• other 11/12 HPE subjects such as Community Sport and Recreation 2, Sports Science Foundation 2, and Outdoor Education 2, as well as providing background to support the transition to studying Level 3 subjects in the HPE area.
• undertake VET qualifications such as: Certificate III in Sport and Recreation; Certificate III in Fitness, and Certificate III in Aquatics and Community Recreation.
• relevant rules, regulations and sport safety considerations
• some of the key knowledge and skills used in coaching, officiating and administrative roles
• about body systems and how they contribute during sports performance
• how sport is valued and contributes to society.

IN TYPICAL LESSONS I MIGHT:
• complete class assignments, tests or work on an individual research project
• work in a group on roster management
• participate and evaluate different in-class sports and recreational activities
• lead small group activities or conduct sport science testing
• visit local facilities
• prepare a slideshow to help explain how tolerance, cooperation and interpersonal skills enable people to work independently and constructively with others.

TO ENROL IN THIS SUBJECT I NEED:
• no previous experience
• ‘C’ in Year 10 Australian Curriculum HPE or an SA in Athlete Development 2 or Physical Recreation 2.

SPORT SCIENCE FOUNDATION WOULD SUIT SOMEONE WHO:
• wants to develop their understanding of the specialised professional fields and discipline areas related to HPE
• wants to gain insight into the broader application of sport science across all levels of contemporary sport and how science can help an athlete perform at their best
• is interested in how theory is applied to improving performance in sport
• may be looking for a general platform that may lead to a range of destinations and possible future study or employment pathways or volunteer roles in sport science related areas.

THIS SUBJECT COULD LEAD ME TO:
• Sport Science 3
• undertake VET qualifications such as: Certificate II in Community Activities; Certificate II in Aquatics and Community Recreation; and Certificate III in Fitness.
• a career or further study in the sport industry.

Sport Science Foundation 2 contributes 15 credit points towards the Tasmanian Certificate of Education.

Health Studies 3
HLP315118

IN HEALTH STUDIES I WILL LEARN:
• about personal, Australian and global health issues leading to a global perspective of health
• the physical, social, emotional and spiritual elements of health and how they are related
• how the media and community respond and shape health issues
• how technology impacts on the health of individuals in the 21st century.
• about informed health choices (including drugs and sexuality issues) and risk taking
• how data reflects the health of Australians and reflects the factors influencing health
• about National health priorities and Australia’s health care system
• Australia’s role in global health with regard to less developed and more developed countries
• international health approaches and policies including sustainable development goals, primary health care and foreign aid
• about groups of people experiencing inequalities in regard to their health.

IN TYPICAL LESSONS I MIGHT:
• work online to research for personal or collaborative group investigations
• construct a graphic or digital presentation to examine a significant health issue
• listen to guest speakers or view digital presentations by leading health care individuals and organisations
• work within a small group to compare different countries, summarize data, identify issues and suggested solutions and report your findings to the class
• review current research and strategies in preparation for an in class debate.

TO ENROL IN THIS SUBJECT I NEED:
• ‘B’ (or ‘C’ in consultation with teachers) in Year 10 Australian Curriculum English.

HEALTH STUDIES WOULD SUIT SOMEONE WHO:
• is interested in how health is influenced, monitored and managed in communities
• likes to address problems, research key factors and examine ways that different elements connect and impact, before looking at effective strategies for dealing with complex issues
• may be interested in future employment in a health related vocation.

THIS SUBJECT COULD LEAD ME TO:
• further tertiary studies in faculties of Education (Health and Physical Education), Health Science and the Arts, and vocational study in areas such as community services and health, including aged care and health support, children’s services, community and disability services, and enrolled nursing.

Outdoor Leadership 3
OXP315118

IN OUTDOOR LEADERSHIP I WILL LEARN:
• key elements and considerations required to plan for activities and lead groups
• to develop my adventure activity skills and knowledge through participating in outdoor activities
• several research based theories and ways to develop leadership capacity
• emergency and risk management procedures
• how leaders consider environmental management to ensure sustainable practices
• about ways humans experience and relate to the natural environment.

IN TYPICAL LESSONS I MIGHT:
• have a small group discussion to help each other with planning, leading and managing an outdoor experience for a group
• research and debate a current environmental management or access issue
• experience a variety of field and classroom-based challenges involving the planning of activities, problem solving and research tasks
• prepare and participate in sessions for kayaking, rock climbing bushwalking, abseiling, caving, snorkelling, surfing and/or mountain biking
• apply leadership theory through a range of practical outdoor activities.

TO ENROL IN THIS SUBJECT I NEED:
• ‘B’ (or ‘C’ in consultation with teachers) in Year 10 Australian Curriculum English
• some background in outdoor activities or an SA in Outdoor Education 2 is desirable but not essential.

OUTDOOR LEADERSHIP WOULD SUIT SOMEONE WHO:
• enjoys working in the natural environment and has a dedicated and enthusiastic approach to safe participation in adventure experiences
• enjoys new challenges and wants to understand appropriate ways to work with and lead people in various situations or settings
• wants to study and develop their own leadership knowledge and skills.

THIS SUBJECT COULD LEAD ME TO:
• a wide range of personal, vocational and further education and training.
Sport Science 3
SPT315118

IN SPORT SCIENCE I WILL LEARN:
• about the three main disciplines that contribute to current sport science practice;
  » sport psychology including goal setting, motivation, stress and anxiety and visualisation
  » exercise physiology, energy systems, recovery, training programs (and their effects)
  » skill acquisition with regard to motor skills, information processing, feedback and movement analysis.
• how various factors influence and contribute to sports performance and why certain approaches are widely used
• about ways athletes learn sports skills and the implications for coaching and practice
• how different training types are designed to target particular responses in athletes
• ways to examine human systems and function during exercise, and how physical activity impacts health
• how the inter-relationships and connections between physiology, skill acquisition and sports psychology can impact on performance.

IN TYPICAL LESSONS I MIGHT:
• watch and analyse footage of various sports people, identify and discuss the strategies or techniques they are using and target options to improve performance
• work with classmates to compare ways of preparing and managing athletes in intensive competitions such as local tournaments, national and international events
• work online to research and compare your findings in a small group discussion
• prepare digital presentations and/or negotiated research assignments
• learn how to use technology and equipment in practical lab work and athlete performance testing
• research scientific evidence and publications around specific sports and trends.

TO ENROL IN THIS SUBJECT I NEED:
• 'B' (or 'C' in consultation with teachers) in Year 10 Australian Curriculum English
• SA in Sport Science Foundation 2.

SPORTS SCIENCE WOULD SUIT SOMEONE WHO:
• is interested in balancing a theoretical focus with a range of applied experiences designed to develop their skills, knowledge and understanding of issues related to the training and performance of athletes of all ages and levels
• wants to examine contemporary practice in the sport science fields
• likes high order thinking and the challenge of analysing and explaining performance by recognising, connecting and explaining complex concepts
• may be interested in a professional or volunteer role in the sport or health areas.

THIS SUBJECT COULD LEAD ME TO:
• further vocational and/or tertiary study including: health & allied health careers; human movement; exercise science; education; health science; physiotherapy; personal training; coaching and other sport related careers.

Sport Science 3 contributes 15 credit points towards the Tasmanian Certificate of Education.

Sports and Recreation Management (University Connections Program)
BMA 114 Sports and Recreation Management (Full Year Unit – Level 100)

IN SPORTS AND RECREATION MANAGEMENT I WILL LEARN:
• about a wide range of sport and recreational businesses that contribute globally to a multi-billion dollar industry
• to examine and explain the business of sport and recreation by analysing the economic, legal, governance and success models in various sports and recreation organisations.
• the basic principles of sport management and their practical application to sporting organisations including the future of sport in Australia and around the world, Stadium and facility management
• about marketing and specifically neuromarketing and the role of social media in sport
• player agent management and media rights
• the cultural, social and community side of sports
• about MegaEvents Olympics, World Cups, X-Games.

IN TYPICAL LESSONS I MIGHT:
• be involved group discussions and presentations
• learn through case studies
• be engaged in/conduct interviews, blogs or journals, use of social media
• use reflective learning
• undertake, tests and quizzes, assignments/essays.

TO ENROL IN THIS SUBJECT I NEED:
• successful completion of a Level 3 English subject in Year 11.

SPORTS AND RECREATION MANAGEMENT WOULD SUIT SOMEONE WHO:
• is interested in the different managerial and administrative components of the sport industry at local, state, national and international levels
• wants to learn more about the business side of a wide range of sports and recreation ventures
• wants to develop university-specific study skills and techniques.

THIS SUBJECT COULD LEAD ME TO:
• a number of areas in sport, recreation and business management or associated fields.

Sports and Recreation Management is offered as part of the University of Tasmania's University Connections Program and counts towards the Tasmanian Certificate of Education and ATAR. It counts for 15 credit points towards the TCE. Successful completion of this subject may give you the opportunity to gain 25% credit points towards a University of Tasmania course.

For more information, please visit the University’s website and discuss your University Connection Program course options with a teacher or course counsellor at your school.
VET courses

All certificate courses contribute credit points towards the Tasmanian Certificate of Education. The number of credit points is dependent on the units of competence. For details view the TCE planner tool at: https://www.tasc.tas.gov.au/students/course-planner/

**Discover Your Personal Style**
Statement of Attainment for selected units from a Certificate II in Retail Cosmetics
SHB20116

IN DISCOVER YOUR PERSONAL STYLE I WILL LEARN:
• about the hair and beauty industry
• how to care for and style my own hair
• about communication in the workplace
• the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
• apply makeup
• learn how to stay healthy and safe in the workplace
• visit a workplace
• learn from a guest speaker or demonstrator.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in hair, beauty, health and wellbeing.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in hairdressing or other areas of interest.

Discover Your Personal Style contributes points towards the Tasmanian Certificate of Education.

**Certificate I in Sport and Recreation**
SIS10115

IN CERTIFICATE I IN SPORT AND RECREATION I WILL LEARN:
• about the sport and recreation industry
• how to stay safe and healthy in the workplace, including First Aid
• how to use, care and maintain equipment
• the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
• organise and run a recreation session
• develop my sporting skills
• visit sporting or recreational facilities
• volunteer at a sport or community event.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in sport, recreation, fitness or outdoor activities
• a willingness to participate in both theory and practical sessions.

Certificate I in Sport and Recreation contributes points towards the Tasmanian Certificate of Education.

**Certificate II in Retail Cosmetics**
SHB20116

IN CERTIFICATE II IN RETAIL COSMETICS, I WILL LEARN:
• about the beauty industry
• beauty products and services
• how to stay healthy and safe in the workplace
• about communication in the workplace
• the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
• apply makeup
• make a display
• learn how to recommend and sell products
• research products
• learn from a guest speaker or demonstrator.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in hair, beauty, health and wellbeing.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in hairdressing or other areas of interest.

Units from Certificate II in Retail Cosmetics contributes points towards the Tasmanian Certificate of Education.
HEALTH AND PHYSICAL EDUCATION

Certificate II in Outdoor Recreation SIS20113
IN CERTIFICATE II IN OUTDOOR RECREATION I WILL LEARN:
• about the local outdoor recreation industry
• about the environment and how it affects the outdoor recreation industry
• how to stay safe and healthy in the workplace, including First Aid
• how to care for and maintain equipment
• the skills needed for some outdoor activities.

IN TYPICAL LESSONS I MIGHT:
• organise and run adventure activities
• improve my practical skills in an outdoor activity such as bush walking, camping, skiing or rock climbing
• take part in role play, scenarios or theory
• undertake a practical work placement.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in the outdoor environment
• a desire to improve my practical outdoor skills.

THIS SUBJECT COULD LEAD ME TO:
• an interest in coaching
• to be a current or past participant in a sport.

Certificate II in Sport Coaching SIS20513
IN CERTIFICATE II IN SPORT COACHING I WILL LEARN:
• about coaching
• about the sport, fitness and recreation industry
• how to stay safe and healthy in the workplace, including First Aid
• the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
• learn from a guest speaker or demonstrator
• take part in a sporting event
• undertake a practical work placement.

TO ENROL IN THIS COURSE I NEED:
• an interest in coaching
• to be a current or past participant in a sport.

THIS SUBJECT COULD LEAD TO:
• further study
• work in coaching or other areas of interest.

Certificate II in Sport and Recreation SIS20115
IN CERTIFICATE II IN SPORT AND RECREATION I WILL LEARN:
• about the sport and recreation industry
• about sports coaching, administration and managing sporting events
• how to stay safe and healthy in the workplace, including First Aid
• how to organise events and work as a team.

IN TYPICAL LESSONS I MIGHT:
• be part of a coaching or umpiring course
• manage an event
• visit sporting or recreational facilities
• undertake a practical work placement.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in sport, recreation or fitness
• a willingness to participate in both theory and practical sessions.

Certificate III in Health Services Assistance HLT31115
IN CERTIFICATE III IN HEALTH SERVICES ASSISTANCE I WILL LEARN:
• about the role nurses play in health care
• how the body works
• how to stay safe and healthy in the workplace, including First Aid
• about disease and the prevention and control of infection
• how to communicate and work in health services.

IN TYPICAL LESSONS I MIGHT:
• study medical words and their meaning
• take part in communication activities
• dissect organs
• learn how to lift or move people
• visit the Museum of Pathology
• undertake a practical work placement.

TO ENROL IN THIS SUBJECT I NEED:
• sound ICT, literacy and numeracy skills
• to have an interest in working in nursing or the health industry
• to register to Work with Vulnerable People.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in nursing, health aged care or other areas of interest.

Units from Introduction to Nursing contributes points towards the Tasmanian Certificate of Education.

Introduction to Nursing Statement of Attainment for selected units from Certificate III in Health Services Assistance HLT31115
IN INTRODUCTION TO NURSING I WILL LEARN:
• about the role nurses play in health care
• how the body works
• how to stay safe and healthy in the workplace, including First Aid
• about disease and the prevention and control of infection
• how to communicate and work in health services.

IN TYPICAL LESSONS I MIGHT:
• study medical words and their meaning
• take part in communication activities
• dissect organs
• learn how to lift or move people
• visit the Museum of Pathology
• undertake a practical work placement.

TO ENROL IN THIS SUBJECT I NEED:
• sound ICT, literacy and numeracy skills
• to have an interest in working in nursing or the health industry
• to register to Work with Vulnerable People.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in nursing, health aged care or other areas of interest.

Certificate III in Health Services Assistance contributes points towards the Tasmanian Certificate of Education.
Certificate III in Fitness
SIS30315

IN CERTIFICATE III IN FITNESS I WILL LEARN:
• about working with clients as a fitness instructor
• how the body works
• about basic nutrition
• how to stay safe and healthy in the workplace, including First Aid.

IN TYPICAL LESSONS I MIGHT:
• plan and instruct a group exercise class
• learn about the risks involved in some fitness activities
• use exercise equipment.

TO ENROL IN THIS SUBJECT I NEED:
• to have completed either Certificate I in Sport and Recreation
• basic ICT, literacy and numeracy skills.

THIS SUBJECT COULD LEAD TO:
• further study
• work in fitness or other areas of interest.
Certificate III in Fitness contributes points towards the Tasmanian Certificate of Education.

Certificate III in Aquatics and Community Recreation
Statement of Attainment for selected units. SIS31015

IN CERTIFICATE III IN AQUATICS AND COMMUNITY RECREATION I WILL LEARN:
• how to become a swimming and water safety teacher
• how to stay safe and healthy in the workplace, including First Aid
• how to teach water safety and survival
• how to perform a basic water rescue.

IN TYPICAL LESSONS I MIGHT:
• take part in a pool based practical session
• volunteer at a sporting or community event
• observe qualified instructors taking a lesson
• plan and instruct a swimming lesson.

TO ENROL IN THIS SUBJECT I NEED:
• basic swimming skills
• an interest in aquatics and community recreation.

THIS SUBJECT PROVIDES A STATEMENT OF ATTAINMENT AND COULD LEAD TO:
• further study
• work in aquatics, recreation or other areas of interest.
Units from Certificate III in Aquatics and Community Recreation contribute points towards the Tasmanian Certificate of Education.

**Focus on Children 1**

**IN FOCUS ON CHILDREN I WILL LEARN:**
- how to care for children
- how to interact confidently and appropriately with children
- how children develop and learn
- about how children, parents and others work together in the child care environment
- safe and appropriate environments for children; benefits of play; guiding children's behaviour.

**IN TYPICAL LESSONS I MIGHT:**
- take part in practical experiences and observations in childcare environments
- participate in activities and discussions about the stages of growth for children
- interact with children
- observe and respond to children's basic needs
- complete some assignments and practical tasks.

**TO ENROL IN THIS SUBJECT I NEED:**
- no previous experience
- to acquire a Working with Vulnerable People registration prior to placement.

**FOCUS ON CHILDREN WOULD SUIT SOMEONE WHO:**
- is interested in working with children
- is interested in developing the basic knowledge and skills required to work with children and others in a range of child care environments, including the home
- enjoys a range practical tasks
- appreciates that the care of children is valuable and rewarding.

**THIS SUBJECT COULD LEAD ME TO:**
- further study in Behavioural Sciences, such as Working with Children 2 and other Level 2 subjects. Focus on Children 1 contributes 10 credit points towards the Tasmanian Certificate of Education.

**Working with Children 2**

**IN WORKING WITH CHILDREN I WILL LEARN:**
- skills and knowledge required for the care of children in practical and theoretical contexts
- theories of child development
- about the educational, social and ethical frameworks of child care environments.

**IN TYPICAL LESSONS I MIGHT:**
- investigate how children develop and their stages of development
- learn how to interact appropriately with children, care providers, parents and others in the childcare environment
- design and implement safe and age-appropriate activities in the childcare environment
- develop understandings of the importance of health and hygiene, children's play and how to guide children's behaviour
- interview playgroups and/or childcare providers
- discuss topics related to child care
- implement safe and age-appropriate activities in a child care environment
- engage in optional studies which may include: careers with children; nutrition and health; children and technology; sustainable practices.

**TO ENROL IN THIS SUBJECT I NEED:**
- no previous experience
- a willingness to be actively involved in group activities
- to acquire, or be able to acquire, a Working with Vulnerable People registration prior to placement.

**WORKING WITH CHILDREN WOULD SUIT SOMEONE WHO:**
- is willing to actively participate in childcare environments (includes song, dance and dynamic engagement in activities with young children)
- has a genuine interest in children
- enjoys working with children.

**THIS SUBJECT COULD LEAD ME TO:**
- a pathway to Certificate II in Community Services, Certificate III in Early Childhood Education and Care; as well as Introduction to Sociology and Psychology 2, Sociology 3 and Psychology 3
- further study leading to careers such as teaching, early childhood education, paediatric or child health nursing.

**Introduction to Sociology and Psychology 2**

**IN INTRODUCTION TO SOCIOLOGY AND PSYCHOLOGY I WILL LEARN:**
- the disciplines of sociology and psychology
- about society, behavioural sciences and culture and the various social interactions of individuals and groups
- why other people behave the way they do (individually and in groups)
- the way human societies are structured and major issues facing these societies
- theories and ideas to explain human actions and behaviours.

**IN TYPICAL LESSONS I MIGHT:**
- investigate sociology as a study that seeks to explain human behaviour in contemporary social life
- investigate psychology as a study that provides an understanding of human behaviour and the experiences of the individual
- discuss key topics on sociology and psychology
- use basic terms, concepts and ideas to describe human behaviour and motivation
- apply appropriate theories to interpret evidence and information from a variety of sources
- examine the forces that influence behaviour
- investigate sociological and psychological concepts
- investigate topics from the fields of sociology and psychology.

**TO ENROL IN THIS SUBJECT I NEED:**
- ‘C’ in Year 10 Australian Curriculum English.

**INTRODUCTION TO SOCIOLOGY AND PSYCHOLOGY WOULD SUIT SOMEONE WHO:**
- is interested in developing understanding of themselves and other individuals, groups and institutions within society
- is interested in a Level 2 subject in the Behavioural Sciences that may also provide a pathway to further studies at Level 3.

**THIS SUBJECT WOULD LEAD ME TO:**
- a pathway to Sociology 3 and Psychology 3 and further studies in psychology, sociology
- career pathways in the community, social work and health sectors for students who are not necessarily planning a pathway to pre-tertiary study.
THIS SUBJECT COULD LEAD ME TO:
• undertaking other Level 3 subjects in the Humanities and Behavioural Sciences
• a pathway to further study at university and a career in the police or defence forces, social work, nursing, teaching, management, law, medicine and psychology, the sport sciences, or public relations.

Psychology 3 meets the standards for both Everyday Adult Reading, Writing and Communication and Everyday Adult use of Computers and the Internet and contributes 15 credit points towards the Tasmanian Certificate of Education.

PSYCHOLOGY WOULD SUIT SOMEONE WHO:
• is curious about the nature of human behaviour and factors that impact on behaviour
• enjoys engaging in inquiry projects and a range of required reading
• is capable of creating a range of texts such as essays and reports
• has good reading, writing and organisational skills.

TO ENROL IN THIS SUBJECT I NEED:
• ‘A’/’B’ (or ‘C’ in consultation with teachers) in Year 10 Australian Curriculum English.

SOCIOLGY WOULD SUIT SOMEONE WHO:
• is curious about the structure of society in Australia and globally
• enjoys engaging in inquiry projects and a range of required reading
• is capable of creating a range of texts such as essays and reports
• has good reading, writing and organisational skills.

TO ENROL IN THIS SUBJECT I NEED:
• ‘A’/’B’ (or ‘C’ in consultation with teachers) in Year 10 Australian Curriculum English.

**IN CERTIFICATE II IN COMMUNITY SERVICES I WILL LEARN:**
- how to stay safe and healthy in the workplace, including First Aid
- the skills employers value in young workers
- to communicate and work with a range of people in the community
- some office skills.

**IN A TYPICAL LESSON I MIGHT:**
- learn from people who work in Community Services
- participate in role play or group activities
- visit workplaces and participate in a practical work placement.

**TO ENROL IN THIS SUBJECT I NEED:**
- some ICT, literacy and numeracy skills
- to have an interest in working in the community
- to register to Work with Vulnerable People.

**THIS SUBJECT COULD LEAD ME TO:**
- further study
- work in community services or other areas of interest.

*Certificate II in Community Services contributes points towards the Tasmanian Certificate of Education.*

**Certificate II in Community Services (focus on Aged Care/Disability) I WILL LEARN:**
- to assist the aged or people with additional needs
- how to stay safe and healthy in the workplace, including First Aid
- the skills employers value in young workers
- to communicate and work with a range of people in the community.

**IN A TYPICAL LESSON I MIGHT:**
- learn about the needs of the aged and people with disabilities
- visit an aged care facility
- learn from people who work or volunteer in aged care
- undertake a practical work placement.

**TO ENROL IN THIS SUBJECT I NEED:**
- some ICT, literacy and numeracy skills
- to have an interest in working with the aged or people with additional needs
- to register to Work with Vulnerable People.

**THIS SUBJECT COULD LEAD ME TO:**
- further study
- work in community services or other areas of interest.

*Certificate II in Community Services Aged Care/Disability contributes points towards the Tasmanian Certificate of Education.*

**Certificate II in Community Services (focus on Children’s Services) I WILL LEARN:**
- about the health, development and behaviour of children
- the importance of play
- how to stay safe and healthy in the workplace, including First Aid
- the skills employers value in young workers.

**IN A TYPICAL LESSON I MIGHT:**
- observe children at play
- plan activities for children based on their age and development
- learn from people who work in Child Care and Early Learning
- undertake a practical work placement.

**TO ENROL IN THIS SUBJECT I NEED:**
- some ICT, literacy and numeracy skills
- to have an interest in working with young children
- to register to Work with Vulnerable People.

**THIS SUBJECT COULD LEAD ME TO:**
- further study
- work in community services or other areas of interest.

*Certificate II in Community Services (Children’s Services) contributes points towards the Tasmanian Certificate of Education.*
**Certificate III in Early Childhood Education and Care**  
CHC30113

**IN CERTIFICATE III IN EARLY CHILDHOOD EDUCATION AND CARE I WILL LEARN:**
- about working in early childhood education
- to work with families
- about the health, development and behaviour of children
- how to stay safe and healthy in the workplace, including First Aid
- the skills employers value in young workers.

**IN A TYPICAL LESSON I MIGHT:**
- learn about family, cultural diversity, safety or nutrition
- plan activities for children based on their age and development
- learn from people who work in Child Care and Early Learning
- undertake a practical work placement.

**TO ENROL IN THIS SUBJECT I NEED:**
- some ICT, literacy and numeracy skills
- to have an interest in working with young children
- to register to Work with Vulnerable People.

**THIS SUBJECT COULD LEAD ME TO:**
- further study
- work in the childcare sector
- work in community services or other areas of interest.

*Certificate III in Early Childhood Education and Care* contributes points towards the Tasmanian Certificate of Education.

---

**Certificate III in Community Services**  
CHC32015

**IN CERTIFICATE III IN COMMUNITY SERVICES I WILL LEARN:**
- To communicate and work with a diverse range of people in the community services sector
- To follow safe work practices in direct client care
- To respond appropriately to client needs and manage workplace stress

**IN A TYPICAL LESSON I MIGHT:**
- Learn about the needs of aged people and those with disabilities
- Learn about mental health and first aid.
- Visit a range of community services facilities
- Learn from people currently working in the industry
- Undertake a practical work placement.

**TO ENROL IN THIS SUBJECT I NEED:**
- To have completed Certificate II in Community services or have had recent employment in community services.
- Some ICT, literacy and numeracy skills
- An interest in working with people in the community service sector

**THIS SUBJECT COULD LEAD ME TO:**
- Further study
- Work in the aged care, youth services, disability sector or other community services areas

*Certificate III in Community Services* contributes points towards the Tasmanian Certificate of Education.
### Humanities and Social Sciences: Civics and Citizenship

**You have:**
- 'C' in Year 10 Australian Curriculum English
- 'A/B' (or 'C' in consultation with teachers) in Year 10 Australian Curriculum English
- No previous experience
- No previous experience

**TASC subjects**
- Legal Studies Foundation 2
- Legal Studies 3
- Basic Road Safety 1
- Road Safety Education 2
- Community Access 1
- You, Your Family and the Community 1
- Community Service Learning 2

**May lead to:**
- Legal Studies 3
- Further study
- Employment
- Road Safety Education 2
- Further study
- Introduction to Sociology and Psychology 2
- Exploring Issues in Society 2
- Community Service Learning 2
- Further study or careers in a range of service industries
TASC subjects

Legal Studies Foundation 2
LST215117

IN LEGAL STUDIES FOUNDATION 1 I WILL LEARN:
• the role of the law in Australian society
• the theory and practice of Australian Consumer Law
• key aspects of Australian Family Law
• how Australian Employment Law impacts on me
• what is crime and what are the powers of the police.

IN TYPICAL LESSONS I MIGHT:
• participate in visits to law courts, prison and parliament
• investigate the structure and responsibilities of the three levels of Government in Australia
• apply my understanding of employment law to real world examples
• individually or in groups, undertake research on legal issues
• complete tasks and assignments.

TO ENROL IN THIS SUBJECT I NEED:
• ‘C’ in Year 10 Australian Curriculum English.

LEGAL STUDIES WOULD SUIT SOMEONE WHO:
• enjoys research, investigation and analysis
• wants to know more about how government works
• has an interest in our system of dispute resolution
• wants to know more about international political events
• has very good organisational skills.

THIS SUBJECT COULD LEAD ME TO:
• complete various tasks and assignments.

TO ENROL IN THIS SUBJECT I NEED:
• ‘A’ or ‘B’ (‘C’ in consultation with teachers) in Year 10 Australian Curriculum English.

LEGAL STUDIES WOULD SUIT SOMEONE WHO:
• enjoys research, investigation and analysis
• wants to know more about how government works
• has an interest in our system of dispute resolution
• wants to know more about international political events
• has very good organisational skills.

THIS SUBJECT COULD LEAD ME TO:
• further study
• a career in journalism, law, government administration, policing, social work and court administration.

Legal Studies Foundation 2 meets the standard for Everyday Adult Reading, Writing and Communication and contributes 15 credit points towards the Tasmanian Certificate of Education.

Legal Studies 3
LST315117

IN LEGAL STUDIES I WILL LEARN:
• the principles and practices underpinning our system of government
• the role of the law in our society
• the major political and legal institutions in Australia, such as the Australian parliament and the High Court of Australia, and how they operate
• how legal disputes are resolved
• how the Australian and international legal systems operate.

IN TYPICAL LESSONS I MIGHT:
• develop an awareness of the legal system in Australia
• research how laws are made and changed, nationally and internationally
• undertake group activities on the court system, trials and juries
• respond to concerns as to the efficacy of the criminal justice system
• reflect on the effectiveness of our legal system
• undertake individual research on topical legal issues
• complete various tasks and assignments.

TO ENROL IN THIS SUBJECT I NEED:
• ‘A’ or ‘B’ (‘C’ in consultation with teachers) in Year 10 Australian Curriculum English.

LEGAL STUDIES WOULD SUIT SOMEONE WHO:
• enjoys research, investigation and analysis
• wants to know more about how government works
• has an interest in our system of dispute resolution
• wants to know more about international political events
• has very good organisational skills.

THIS SUBJECT COULD LEAD ME TO:
• further study
• a career in journalism, law, government administration, policing, social work and court administration.

Legal Studies 3 meets the standard for Everyday Adult Reading, Writing and Communication and contributes 15 credit points towards the Tasmanian Certificate of Education.

University Connections Program: Extension Program for Legal Studies 3

The 2019 University Connections Program offers an extension program for Legal Studies 3, called Politics & Law. The unit aims to extend and deepen students’ learning within Legal Studies 3 in relation to the topics of Politics in Australia, International Relations and International Law and Law Reform. Online tasks combined with a series of weekend workshops comprising lecture(s) and various follow-up activities (e.g. role-plays and simulated parliamentary debates) will enable your practical application of fundamental principles and theories in relation to the subject matter. Enrolment in this program (at the same time as you are enrolled in Legal Studies 3) will not only help to expand your knowledge and understanding of this learning area, but also provides a HECS-free pathway into study at the University of Tasmania. To find out more, ask your teacher.
Basic Road Safety 1  
RSE105115

**IN BASIC ROAD SAFETY I WILL LEARN:**
- the common risk factors people encounter when using Tasmania’s road system
- strategies to increase personal safety and the safety of others on the road
- the individual roles and responsibilities of a road user (as a pedestrian, driver, passenger and/or rider)
- positive attitudes and behaviours toward road use.

**IN TYPICAL LESSONS I MIGHT:**
- research the causes of the most common types of vehicular collisions
- reflect on personal risk factors and the consequences of crashes
- identify how road design and technology contribute to the safety of all users
- describe the components and benefits of the Tasmanian road licensing system.

**TO ENROL IN THIS SUBJECT I NEED:**
- no previous experience.

**BASIC ROAD SAFETY WOULD SUIT SOMEONE WHO:**
- is unfamiliar with the requirements of using our road system
- is curious as to the causes of crashes on Tasmanian roads and the factors that contribute to them
- wants to make informed decisions as a driver, pedestrian, passenger or cyclist on Tasmanian roads
- enjoys classroom discussion and reflection.

**THIS SUBJECT COULD LEAD ME TO:**
- further study
- Road Safety Education 2

Basic Road Safety 1 contributes 5 credit points towards your Tasmanian Certificate of Education.

---

Road Safety Education 2  
RSE205115

**IN ROAD SAFETY EDUCATION I WILL LEARN:**
- how to make informed decisions as a driver, pedestrian, passenger and cyclist
- ways in which personal decisions impact upon road safety in society
- to develop positive attitudes which are demonstrated in safe road user behaviour.

**IN TYPICAL LESSONS I MIGHT:**
- research causes of the most common types of vehicular collisions
- identify and describe the concept of risk and the consequences of it in association with the following factors:
  - peer pressure
  - passenger influences
  - speed
  - fatigue
  - alcohol
  - drugs/medication
  - inattention/distraction
- develop strategies to increase personal safety and the safety of others
- discuss the implications of current and future technologies on safe road use
- identify a range of personal decisions that impact upon road safety in society.

**TO ENROL IN THIS SUBJECT I NEED:**
- no previous experience.

**ROAD SAFETY EDUCATION WOULD SUIT SOMEONE WHO:**
- enjoys practical research
- wants to better understand and explain contemporary road use issues
- enjoys working in small groups
- is interested in vehicle safety initiatives.

**THIS SUBJECT COULD LEAD ME TO:**
- a career in occupational health and safety, health study, automotive or transport logistics.

Road Safety Education 2 contributes 5 credit points towards your Tasmanian Certificate of Education.

---

Community Access 1  
CAC110117

**IN COMMUNITY ACCESS I WILL LEARN:**
- the basic skills needed to participate in the community
- how to access organisations in my community
- how to find my way around the community
- how to live independently
- how to build the confidence, and communication and other skills needed to access and use facilities, services and organisations in the community.

**IN TYPICAL LESSONS I MIGHT:**
- learn ways to communicate with others in the community
- discuss the ways in which people behave in the community
- identify key facilities, services and organisations within the community
- think about my own opinions and points of view and those of others
- visit local service organisations
- join in practical activities which will allow me to use local transport services and demonstrate basic life skills in a range of situations.

**TO ENROL IN THIS SUBJECT I NEED:**
- no previous experience.

**COMMUNITY ACCESS WOULD SUIT SOMEONE WHO:**
- enjoys practical engagement with the local community
- may be a recent arrival from overseas
- wants to live independently
- would like to know how to better plan activities and manage their time.

**THIS SUBJECT COULD LEAD ME TO:**

Community Access 1 contributes 5 credit points towards your Tasmanian Certificate of Education.

---

You, Your Family and the Community 1  
BHY105116

**IN YOU, YOUR FAMILY AND THE COMMUNITY I WILL LEARN:**
- about social issues relating to the world we live in
- to understand the roles and functions of communities and families
- the location and functions of some facilities, services, resources, and organisations in the community
- how to interact positively within and between communities and families.

**IN TYPICAL LESSONS I MIGHT:**
- explore and research social and community issues
- investigate family and community organisations and interactions
- discuss issues relating to sexual and mental health, housing, media and the environment
- complete a range of practical tasks, discussions and assignments
- engage with the local community (e.g. childcare centres, council, and parks).
TO ENROL IN THIS SUBJECT
I NEED:
• no previous experience.

YOU, YOUR FAMILY AND THE COMMUNITY WOULD SUIT SOMEONE WHO:
• enjoys exploring and researching social issues
• wants to know more about how issues impact on themselves, their family and the community
• is enthusiastic about working with community organisations and service providers.

THIS SUBJECT COULD LEAD ME TO:
• further study such as Working with Children 2 and Introduction to Sociology and Psychology 2
• careers in a range of service industries.

You, Your Family and the Community
1 contributes 5 credit points towards your Tasmanian Certificate of Education.

Community Service Learning 2
CSL20518

IN COMMUNITY SERVICE LEARNING I WILL LEARN:
• what community service means
• about leadership and service as a citizen in the community
• about the diversity of our community and particular needs of some groups
• about the rights and responsibilities of a citizen
• details of major social and political issues in Australia.

IN TYPICAL LESSONS I MIGHT:
• plan, organise and lead a range of activities and projects, developing my skills as a volunteer worker
• conduct activities and projects that build connections with the community
• plan and participate in fundraising activities
• lead community activities
• visit and conduct interviews with groups and individuals in the community
• reflect on my opinions and attitudes, and how they change.

TO ENROL IN THIS SUBJECT
I NEED:
• no previous experience.

COMMUNITY SERVICE LEARNING WOULD SUIT SOMEONE WHO:
• wants to make a practical difference to a community organisation
• has an interest in helping others
• can commit to 30 hours of practical community service learning
• has good organisational skills
• is a self-starter and can manage their time effectively.

THIS SUBJECT COULD LEAD ME TO:
• further study
• careers in a range of service industries.

Community Service Learning 2 contributes 5 credit points towards your Tasmanian Certificate of Education.
### HUMANITIES AND SOCIAL SCIENCES: ECONOMICS AND BUSINESS

#### You have:
- No previous experience
- ‘C’ in Year 10 Australian Curriculum English and Mathematics
- ‘A/B’ (or ‘C’ in consultation with teachers) in Year 10 Australian Curriculum English and Mathematics

#### TASC subjects
- Financial Literacy 1
- Business Studies Foundation 2
- Accounting 3
- Business Studies 3
- Economics 3

#### May lead to:
- Further study
- Business Studies 3
- Accounting 3
- Economics 3
- Further study
- Employment

#### You have:
- An interest in the area
- Certificate II in Business

#### VET courses
- Certificate I in Business
- Certificate I in Retail Services
- Certificate II in Business
- Certificate II in Retail Services
- Certificate III in Business

#### May lead to:
- Further study
- Employment
- Certificate IV in Business
TASC subjects

Financial Literacy 1
BST105116

IN FINANCIAL LITERACY I WILL LEARN:
• to become a more informed financial decision maker
• how to set and reach financial goals
• how to find and apply useful financial information.

IN TYPICAL LESSONS I MIGHT:
• learn about the use of credit and debit cards
• make informed decisions about the selection of a mobile phone plan
• plan and budget for a trip or holiday
• research, individually or in small groups, current business issues.

TO ENROL IN THIS SUBJECT I NEED:
• no previous experience.

FINANCIAL LITERACY WOULD SUIT SOMEONE WHO:
• is interested in making better use of their money
• enjoys responding to practical financial challenges
• wants to know more about the Australian economy and their place in it.

THIS SUBJECT COULD LEAD ME TO:
• further study in Business Studies Foundation or certificate courses in the business sector.

Financial Literacy I contributes 5 credit points towards the Tasmanian Certificate of Education.

Business Studies Foundation 2
BST215116

IN BUSINESS STUDIES FOUNDATION I WILL LEARN:
• to use business terms, concepts and processes
• to understand the internal and external forces which influence business
• to develop a business plan
• to understand the qualities of a successful entrepreneur.

In typical lessons I might:
• research the role of business in the Australian economy
• identify how marketing, accounting and finance are important in business
• apply models, techniques and processes to provide data and information for making business decisions
• work with others to apply relevant business ideas in the development of a business plan.

TO ENROL IN THIS SUBJECT I NEED:
• ‘C’ in Year 10 Australian Curriculum Mathematics and English.

BUSINESS STUDIES FOUNDATION WOULD SUIT SOMEONE WHO:
• is interested in business and those who are successfully involved in business
• wants to know more about establishing a small business
• has well developed organisational skills.

THIS SUBJECT COULD LEAD ME TO:
• further study in Business Studies 3, Accounting 3, Economics 3 or certificate courses in the business sector.

Business Studies Foundation 2 contributes 15 credit points towards the Tasmanian Certificate of Education.

Accounting 3
ACC315116

IN ACCOUNTING I WILL LEARN:
• how to record financial information for a business
• how to prepare business financial statements
• how firms use financial statements to run their businesses
• how to better manage my own money.

IN TYPICAL LESSONS I MIGHT:
• participate in practical accounting exercises
• prepare cash budgets and bank reconciliations
• use accounting packages and spreadsheets to prepare and analyse financial reports
• interpret accounting and financial information to make decisions for business purposes
• undertake finance related assignments, inquiry and tests.

TO ENROL IN THIS SUBJECT I NEED:
• ‘A’ or ‘B’ (‘C’ in consultation with teachers) in Year 10 Australian Curriculum Mathematics and English.

ACCOUNTING WOULD SUIT SOMEONE WHO:
• has a good ‘feel’ for numbers and who is numerically literate
• wants to understand the financial elements which guide business decision-making
• wants to understand what it’s like to work in a commercial environment.

THIS SUBJECT COULD LEAD ME TO:
• further study and/or a career in accounting or business.

Accounting 3 meets the standard for Everyday Adult Mathematics and contributes 15 credit points towards the Tasmanian Certificate of Education.

Business Studies 3
BST315116

IN BUSINESS STUDIES I WILL LEARN:
• about the nature of business
• about the importance of key business functions, including marketing, human resource and financial management
• the economic, environmental, ethical and governmental issues related to managing a business
• about the legal, social and technological issues which impact on business in Australia.

IN TYPICAL LESSONS I MIGHT:
• participate in group discussions, presentations and activities
• undertake assignments and practical tasks designed to develop understanding of business issues
• research successful businesses as well as entrepreneurial traits and characteristics
• prepare a feasibility study for a start-up business idea.

TO ENROL IN THIS SUBJECT I NEED:
• ‘A’ or ‘B’ (‘C’ in consultation with teachers) in Year 10 Australian Curriculum Mathematics and English.
BUSINESS STUDIES WOULD SUIT SOMEONE WHO:
• is interested in marketing, human resource management and/or accounting and finance.
• wants to learn more about forms of business communication
• wants to understand the world of business and is interested in learning the skills to influence the operations of a business
• has well developed organisational skills.

THIS SUBJECT COULD LEAD ME TO:
• further study at university and/or future employment in areas such as finance, administration, marketing, management, economics and accounting.

Business Studies 3 contributes 15 credit points towards the Tasmanian Certificate of Education.

ECONOMICS 3
ECN315116

IN ECONOMICS I WILL LEARN:
• how markets operate
• the foundational elements of the Australian economy and the factors that impact on growth, jobs and standard of living
• how the government manages the economy, including management of unemployment, inflation and interest rates
• the role of government in the economy and global financial markets
• Australia’s role in the global economy
• issues of environmental economics as well as income inequality in Australia.

IN TYPICAL LESSONS I MIGHT:
• participate in group discussions, presentations and activities designed to develop understanding and appreciation of economic issues
• undertake investigations into poverty or environmental issues in economics
• interpret and analyse economic data and economic policy alternatives
• complete assignments and tests.

TO ENROL IN THIS SUBJECT I NEED:
• ’A’ or ’B’ (’C’ in consultation with teachers) in Year 10 Australian Curriculum Mathematics and English.

ECONOMICS WOULD SUIT SOMEONE WHO:
• has an active interest in economic issues that affect people both in Australia and the global economy
• is interested in understanding why interest rates go up and down
• wants a better understanding of Australia’s major trading partners and why we export and import
• is curious about the origin and impact of major economic decisions and policies such as the federal budget
• has well developed organisational skills.

THIS SUBJECT COULD LEAD ME TO:
• further study and/or careers in economics, business, commerce, the public service or journalism.

Economics 3 meets the standard for Everyday Adult Reading, Writing and Communication and contributes 15 credit points towards the Tasmanian Certificate of Education.

UNIVERSITY of TASMANIA

University Connections Program: Extension Program for Accounting

The 2019 University Connections Program offers an extension program in Accounting called Accounting and Financial Decision Making. This program aims to strengthen your skills and knowledge in the analysis of company financial statements and financial decision making techniques used by managers in organisations.

Enrolment in this program is based on you currently studying (or have successfully completed in a prior year) Accounting Level 3. The unit will not only help to expand your knowledge and understanding of this learning area, but also provides a HECS-free pathway into study at the University of Tasmania. To find out more, ask your teacher.
All certificate courses contribute credit points towards the Tasmanian Certificate of Education. The number of credit points is dependent on the units of competence. For details view the TCE planner tool at: https://www.tasc.tas.gov.au/students/course-planner/

Certificate I in Business
BSB10115

IN CERTIFICATE I IN BUSINESS I WILL LEARN:
- basic skills needed for working in business
- communication skills for the workplace
- how to stay healthy and safe in the workplace
- the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
- create and use a simple spreadsheet
- improve my word processing and keyboard skills
- visit a workplace or participate in a practical work placement.

TO ENROL IN THIS SUBJECT I NEED:
- an interest in working in business or administration
- a desire to improve my computing and communication skills.

THIS SUBJECT COULD LEAD ME TO:
- further study
- work in business or other areas of interest.

Certificate II in Business
BSB20115

IN CERTIFICATE II IN BUSINESS I WILL LEARN:
- about the everyday tasks a junior needs to work in business or administration
- communication skills for the workplace
- how to stay healthy and safe in the workplace
- the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
- manage a virtual office
- create and use a simple spreadsheet
- improve my word processing and keyboard skills
- visit a workplace or participate in a practical work placement.

TO ENROL IN THIS SUBJECT I NEED:
- an interest in working in business or administration
- a desire to improve my computing and communication skills.

THIS SUBJECT COULD LEAD ME TO:
- further study
- work in business or other areas of interest.

Certificate III in Business
BSB30115

IN CERTIFICATE III IN BUSINESS I WILL LEARN:
- how to manage basic financial records
- about customer service and effective communication in the workplace
- how to develop my technology and computing skills
- how to stay healthy and safe in the workplace
- the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
- improve my skills in organisation and time management
- create and use a data base or spreadsheet
- produce a business document
- visit a workplace and participate in a practical work placement.

TO ENROL IN THIS SUBJECT I NEED:
- to have completed Certificate II in Business BSB20115 or have equivalent skills and knowledge.

THIS SUBJECT COULD LEAD ME TO:
- further study
- work in business or other areas of interest.

Certificate I in Retail Services
SIR10116

IN CERTIFICATE I IN RETAIL SERVICES I WILL LEARN:
- about working in retail
- about customer service and effective communication in the workplace
- about operating retail equipment
- advising on and selling products and services
- how to stay healthy and safe in the workplace
- the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
- operate retail equipment including a cash register
- visit a workplace or participate in a practical work placement.

TO ENROL IN THIS SUBJECT I NEED:
- an interest in working in retail.

Certificate II in Retail Services
SIR20216

IN CERTIFICATE II IN RETAIL SERVICES I WILL LEARN:
- to operate a point of sale system
- how to manage stock and minimise theft
- about customer service and effective communication in the workplace
- how to stay healthy and safe in the workplace
- the skills employers value in young workers.

Certificate III in Retail Services
SIR30315

IN CERTIFICATE III IN RETAIL SERVICES I WILL LEARN:
- roleplay selling goods and services
- about customer service and effective communication in the workplace
- how to stay healthy and safe in the workplace
- the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
- create a product display
- collect information on products
- undertake a practical work placement.

TO ENROL IN THIS SUBJECT I NEED:
- an interest in working in retail.

THIS SUBJECT COULD LEAD ME TO:
- further study
- work in retail or other areas of interest.

Certificate I in Retail Services
SIR10116

Certificate II in Retail Services
SIR20216

Certificate III in Retail Services

**IN HISTORY AND THE ENVIRONMENT I WILL LEARN:**
- how environmental and historical factors have shaped our world
- how the ancient and recent past connect with the present
- the different ways in which human cultures have adapted to their natural environment in Australia, China and India.

**IN TYPICAL LESSONS I MIGHT:**
- investigate:
  - climate and sustainable futures
  - the Human Story: an Introduction
  - human systems and cultures of ancient India, China and Australia
  - Australia’s relationship with Asian nations
  - continuity and diversity in Asia
  - modernisation and progress in Asia
- complete a range of assignments including reports, case studies, discussions and other set tasks
- work independently on two case studies:
  - an environmental investigation on change e.g. a threatened species
  - the environmental impact of the Modernisation of Asia e.g. China’s re-greening of the desert or logging in Indonesia.

**HISTORY AND THE ENVIRONMENT WOULD SUIT SOMEONE WHO:**
- enjoys working independently using case studies to investigate topics of interest
- is interested in the environment and environmental issues
- is interested in history
- has well developed organisational skills to undertake independent case studies
- enjoys engaging in classroom discussions.

**TO ENROL IN THIS SUBJECT I NEED:**
- “C” in Year 10 Australian Curriculum History, Geography or English.

**THIS SUBJECT COULD LEAD ME TO:**
- a pathway to Modern History 3, Geography 3 or Ancient History 3.
- work and further study in areas such as statistics, urban planning, conservation, museums, archaeology and journalism.

*History and the Environment 2 meets the standard for Everyday Adult Reading, Writing and Communication and contributes 15 credit points towards the Tasmanian Certificate of Education.*

**IN TASMANIAN ABORIGINAL STUDIES I WILL LEARN:**
- The interrelationship between place and culture in the construction of Aboriginal identity
- The history of Tasmanian Aborigines pre and post European invasion
- The key characteristics of Aboriginal culture and cultural practices.
- To reflect on and describe different perspectives on the experiences and effects of colonisation on Tasmanian Aboriginal society
- To identify and describe the role and contribution of Tasmanian Aborigines, historically and in the contemporary period
- That resistance, persistence and adaptation are the norm in Aboriginal social, cultural, political and economic life.

**IN TYPICAL LESSONS I MIGHT:**
- Participate in a class discussion on which term should be used in relation to 1803: ‘invasion’, ‘settlement’ or ‘colonisation’?
- Using primary sources and historical investigations, create a table that identifies key government reforms, which have provided for Tasmanian Aboriginal cultural resurgence
- Research the lived experiences of Tasmanian Aborigines, historically and in the contemporary period.

**TO ENROL IN THIS SUBJECT I NEED:**
- No previous experience

**TASMANIAN ABORIGINAL STUDIES WOULD SUIT SOMEONE WHO:**
- Wants to better understand the history and lived experience of Tasmanian Aborigines
- Has an interest in historical, sociological and anthropological inquiry
- Seeks to be involved in community engagement and wishes to develop an understanding of multiple historical perspectives
- Wishes to involve themselves in active reconciliation

**THIS SUBJECT COULD LEAD ME TO:**
- Further study
- Careers in history, sociology or anthropology
- Tasmanian Aboriginal Studies meets the standard for Everyday Adult Reading, Writing and Communications and contributes 15 credit points towards your Tasmanian Certificate of Education.

**IN ANCIENT HISTORY I WILL LEARN:**
- how we know what life was like in ancient times by reconstructing the past
- how to investigate the ancient past, including key sites, events and developments in the ancient world; individuals, structures and features of ancient societies
- the history and aspects of culture of one of the great civilisations of the ancient world (such as Egypt, Greece, Rome or China)
- connections between the origins, impact and legacy of ideas, beliefs and values of the ancient world and a context for the inter-connectedness of past and present
- how some distinctive features of ancient societies, for example arts, architecture or drama; weapons and warfare; technology and engineering; women and families; beliefs, rituals and funerary practices act as evidence that define the nature of key structures and practices of ancient societies.

**IN TYPICAL LESSONS I MIGHT:**
- select one civilisation to investigate
- investigate the origins and settlement of an ancient civilisation and the impact of chronological and geographical context on the development of the civilisation selected
- select a key ancient site, event or development to investigate to understand the nature of the remaining evidence of the ancient world
- address the political, social, economic and cultural structures and practices of an ancient society
- analyse and refer to relevant primary and secondary sources
- write historical essays responding to key topics
- engage in discussions, research work, investigate and study selected topics
- experience excursions to relevant sites.

**TO ENROL IN THIS SUBJECT I NEED:**
- “A”/“B” (or “C” in consultation with teachers) in Year 10 Australian Curriculum History or English.

**ANCIENT HISTORY WOULD SUIT SOMEONE WHO:**
- is interested in the ancient past and the development and characteristics of ancient civilisations
- is able to write essays in response to historical questions and inquiry
- is well organised
HUMANITIES AND SOCIAL SCIENCES: HISTORY, SOCIETY AND THE ENVIRONMENT

MODERN HISTORY 3
HSM315117

IN MODERN HISTORY I WILL LEARN:
• how modern political systems and ideologies differ in the modern history of some nations
• how internal and external threats impacted on the history of modern nations
• how national responses were shaped by internal and external factors
• how historical change was impacted by social, political and economic change
• how the political and social forces of the twentieth century have shaped our world
• to use primary and secondary documents to investigate historical events
• how history has been interpreted by historians.

IN TYPICAL LESSONS I MIGHT:
• investigate the history of modern nations (ONE Western and ONE Asian nation)
• investigate post World War II developments and the changing world order 1945-2010, including topics such as studies of the Cold War, Australia’s engagement with Asia; peace, conflict and the nature of terrorism; migration.
• assess the significance of modern political systems and ideologies and describe their manifestations in the modern history of some nations
• identify and assess drivers of social, political and economic change, and assess nature and impact of such changes in the modern history of some nations
• assess the internal divisions and external threats in the development of modern nations
• describe and assess key historical concepts in the historical record
• describe and assess the causes and impacts of particular events, ideas, movements and developments that have shaped the modern world
• describe and assess historical significance of individuals, events, movements and organisations.

TO ENROL IN THIS SUBJECT I NEED:
• ‘A’/’B’ (or ‘C’ in consultation with teachers) in Year 10 Australian Curriculum History, History or English.

MODERN HISTORY WOULD SUIT SOMEONE WHO:
• has an interest in modern history
• enjoys investigating historiography and the historical debates that arise
• enjoys responding to key historical questions

IN GEOGRAPHY I WILL LEARN:
• how to develop concepts of place, space, environment, inter-connection, sustainability, scale and change through inquiries into geographical phenomena and issues
• how environmental, social and economic factors impact on the challenges facing humanity
• how global land cover changes are impacted by natural and human causes
• how sustainability of places, changing land covers and urbanisation are impacted by non-sustainable choices
• how technology and transport has been enhanced by globalisation.

IN TYPICAL LESSONS I MIGHT:
• identify contemporary issues related to sustainability, human impact and globalisation
• apply general geographical skills
• plan and undertake field trips
• use statistical information (Population Data Sheet) to investigate topics related to human population
• use spatial technologies
• engage in group and individual investigations
• write reports and essays
• use graphs, maps, population pyramids and climate graphs to investigate topics
• investigate geographical phenomena and issues: sustainability, the process of urbanisation, its implications for world population growth, human wellbeing and urban and rural places
• select a topic for a depth study on the challenges faced in a megacity in a developing country including: rapid population growth, development, environmental degradation, waste, social/economic division, infrastructure

TO ENROL IN THIS SUBJECT I NEED:
• ‘A’/’B’ (or ‘C’ in consultation with teachers) in Year 10 Australian Curriculum Geography, History or English.

GEOGRAPHY WOULD SUIT SOMEONE WHO:
• is well organised
• enjoys undertaking individual investigations as well as group work
• is interested in creative solutions to global issues relating to human activity, climate change and globalisation
• is interested in analysing graphs, statistical data and maps
• is interested in spatial technologies to investigate geographical issues
• how human activity is impacting on the world and potential sustainable solutions.

IN TYPICAL LESSONS I MIGHT:
• a pathway and skills relevant to other Level 3 subjects such as Modern History 3, Geography 3, Philosophy 3 and Studies of Religion 3
• a pathway to further study at university in ancient history, modern history, archaeology, teaching and associated fields.

Ancient History 3 meets the standard for Everyday Adult Reading, Writing and Communication and contributes 15 credit points towards the Tasmanian Certificate of Education.

TO ENROL IN THIS SUBJECT I NEED:
• ‘A’/’B’ (or ‘C’ in consultation with teachers) in Year 10 Australian Curriculum Geography, History or English.

GEOGRAPHY 3
GGY315115

IN GEOGRAPHY I WILL LEARN:
• likes analysing historical sources to find relevant evidence to support historical arguments
• has critical and creative thinking skills.

THIS SUBJECT COULD LEAD ME TO:
• a pathway and skills relevant to other Level 3 subjects such as Modern History 3, Geography 3, Philosophy 3 and Studies of Religion 3
• a pathway to further study at university in ancient history, modern history, archaeology, teaching and associated fields.

Ancient History 3 meets the standard for Everyday Adult Reading, Writing and Communication and contributes 15 credit points towards the Tasmanian Certificate of Education.

TO ENROL IN THIS SUBJECT I NEED:
• ‘A’/’B’ (or ‘C’ in consultation with teachers) in Year 10 Australian Curriculum Geography, History or English.

GEOGRAPHY WOULD SUIT SOMEONE WHO:
• is well organised
• enjoys undertaking individual investigations as well as group work
• is interested in creative solutions to global issues relating to human activity, climate change and globalisation
• is interested in analysing graphs, statistical data and maps
• is interested in spatial technologies to investigate geographical issues
• how human activity is impacting on the world and potential sustainable solutions.

IN TYPICAL LESSONS I MIGHT:
• identify contemporary issues related to sustainability, human impact and globalisation
• apply general geographical skills
• plan and undertake field trips
• use statistical information (Population Data Sheet) to investigate topics related to human population
• use spatial technologies
• engage in group and individual investigations
• write reports and essays
• use graphs, maps, population pyramids and climate graphs to investigate topics
• investigate geographical phenomena and issues: sustainability, the process of urbanisation, its implications for world population growth, human wellbeing and urban and rural places
• select a topic for a depth study on the challenges faced in a megacity in a developing country including: rapid population growth, development, environmental degradation, waste, social/economic division, infrastructure

TO ENROL IN THIS SUBJECT I NEED:
• ‘A’/’B’ (or ‘C’ in consultation with teachers) in Year 10 Australian Curriculum Geography, History or English.

GEOGRAPHY WOULD SUIT SOMEONE WHO:
• is well organised
• enjoys undertaking individual investigations as well as group work
• is interested in creative solutions to global issues relating to human activity, climate change and globalisation
• is interested in analysing graphs, statistical data and maps
• is interested in spatial technologies to investigate geographical issues
• how human activity is impacting on the world and potential sustainable solutions.

IN TYPICAL LESSONS I MIGHT:
• a pathway and skills relevant to other Level 3 subjects such as Modern History 3, Geography 3, Philosophy 3 and Studies of Religion 3
• a pathway to further study at university in ancient history, modern history, archaeology, teaching and associated fields.

Ancient History 3 meets the standard for Everyday Adult Reading, Writing and Communication and contributes 15 credit points towards the Tasmanian Certificate of Education.

TO ENROL IN THIS SUBJECT I NEED:
• ‘A’/’B’ (or ‘C’ in consultation with teachers) in Year 10 Australian Curriculum Geography, History or English.

GEOGRAPHY WOULD SUIT SOMEONE WHO:
• is well organised
• enjoys undertaking individual investigations as well as group work

GEOGRAPHY WOULD SUIT SOMEONE WHO:
• is well organised
• enjoys undertaking individual investigations as well as group work
• is interested in creative solutions to global issues relating to human activity, climate change and globalisation
• is interested in analysing graphs, statistical data and maps
• is interested in spatial technologies to investigate geographical issues
• how human activity is impacting on the world and potential sustainable solutions.
enjoys investigating key historical events that changed the course of history
is interested in the impact of political ideologies on people's lives.

THIS SUBJECT COULD LEAD ME TO:
• a pathway to further study at university in history, Asian studies or international relations
• a career in law, journalism, teaching, the public service and diplomatic corps.

Modern History 3 meets the standard for Everyday Adult Reading, Writing and Communication and contributes 15 credit points towards the Tasmanian Certificate of Education.

Exploring Issues in Society 2

IN EXPLORING ISSUES IN SOCIETY I WILL LEARN:
• about issues faced by families and communities in today's society
• how actions by government, communities, families and individuals have an impact on resolving issues
• about the role of community organisations in responding to social issues
• how to contribute to community organisations by direct participation
• how social and cultural differences contribute to public debate
• about the ideas, values and perspectives of myself and others.

IN TYPICAL LESSONS I MIGHT:
• look at a social issue related to family, community, health, income and poverty
• propose a practical project to investigate
• look at social and cultural diversity in Australia
• look at issues related to:
  » population and migration
  » the influence of technology
  » societies and environments
  » children or aged care
• create a portfolio on a community project
• complete assignments in a range of formats that may include:
  » flow charts
  » visual maps
  » posters, collage
  » electronic or multi-modal presentations
  » oral presentation
  » reports.

Explain in more detail about the type of assignments and formats that may be encountered within this subject.

Making Moral Decisions 2

IN MAKING MORAL DECISIONS I WILL LEARN:
• about morality and the need for and purpose of morality
• how some theories provide guidelines for behaviour
• how society, politics and culture impact on values, beliefs and ideas
• about the role of belief and values in society
• how moral beliefs impact on individual's decisions and behaviour
• how the study of ethics can contribute to understanding our own beliefs and becoming active, informed, global citizens.

IN TYPICAL LESSONS I MIGHT:
• investigate a range of contemporary dilemmas
• identify a range of ethical theories
• think deeply on the process of making moral decisions
• investigate the ethical frameworks used to assist with decision making
• undertake discussions, practical activities and written tasks.

TO ENROL IN THIS SUBJECT I NEED:
• no previous experience.

MAKING MORAL DECISIONS WOULD SUIT SOMEONE WHO:
• is interested in how philosophical thinking impacts on decision making in today's society
• enjoys small group and whole class discussions.

THIS SUBJECT COULD LEAD ME TO:
• a pathway to Religion in Society 2, Introduction to Sociology and Psychology 2, Exploring Issues in Society 2, Community Service Learning 2, Legal Studies 3, Studies of Religion 3 and Philosophy 3
• a vocational pathway to social work, journalism, community development, social welfare, chaplaincy, teaching, law and politics.

Making Moral Decisions 2 contributes 5 credit points toward the Tasmanian Certificate of Education.

Philosophy 3

In Philosophy I will learn:
• about the basics of philosophy
• about major philosophers and their ideas
• how to investigate and explain philosophical ideas, issues and positions
• how to identify strengths and weaknesses of philosophical arguments
• how to formulate and provide relevant evidence to support philosophical questions
• how to question and develop informed opinions on various philosophical issues
• how to communicate ideas clearly and effectively in verbal and written forms
• how to explore responses to philosophical questions and contemporary issues
• how to reflect, critically with an open mind, on my own thinking and that of others, and explore alternative approaches to philosophical questions
• how to explain the significance of philosophical positions to contemporary issues
• about a range of units of study such as:
  » epistemology
  » mind/body: is our mind separate from our body?
• free will: are we free to make choices or are our options determined for us?
• elective study on either Contemporary Conflicts In Moral Theory OR Life the Universe and everything: competing views to the universal questions around the origin of the universe and life on earth
• philosophers' views on how to live 'the good life'.
**Religion in Society 2**

**RLP215115**

**IN RELIGION AND SOCIETY I WILL LEARN:**
- what religion is and what role religion plays in the lives of individuals in society
- how religion impacts on society and has contributed to the historical development of human society
- how religious traditions affect cultural values and practices, social, political and economic institutions
- how religious traditions find expression in the arts, theatre, cinema, media and literature
- how religious belief systems articulate responses to questions relating to human nature, identity and purpose
- about the place of religion in Australian society, including indigenous spirituality, before and after European settlement
- how religious traditions respond to the human search for meaning
- what citizenship is and what the rights and responsibilities are for all citizens.

**IN TYPICAL LESSONS I MIGHT:**
- engage in discussions, research and investigations
- write reports, letters, newspaper articles, speeches
- investigate the ways in which the search for meaning is shaped by the teachings and practices of religious traditions
- complete and present individual and group presentations in different formats
- investigate the many ways of expressing religious ideas and understandings about the world e.g. art, music, myths and legends, literature, film.

**THIS SUBJECT COULD LEAD ME TO:**
- a pathway to Studies of Religion 3 or Philosophy 3
- further studies in religion, teaching, counselling, ministry.

Religion and Society 2 meets the standard for Everyday Adult Reading, Writing and Communication and contributes 15 credit points towards the Tasmanian Certificate of Education.

---

**Studies of Religion 3**

**REL315116**

**IN STUDIES OF RELIGION I WILL LEARN:**
- how religious affiliations, ideas, movements and belief systems have shaped society and culture, past and present
- how religious tradition contributes to the development of worldview and comprehension of meaning and purpose for individuals and communities
- how religious debate contributes to social, cultural, political and ethical issues
- how particular beliefs and perspectives contribute to the role of religion in society
- how issues and challenges for religious traditions manifest in contemporary society.

**IN TYPICAL LESSONS I MIGHT:**
- engage in group discussions and presentations
- conduct individual and group research
- select topics to study e.g. one religious tradition from: Islam, Buddhism, Judaism, Christianity, Hinduism, Aboriginal spirituality
- investigate inter-related aspects of religious traditions e.g. ritual, practices, symbols, structures and festivals, or sacred texts
- investigate ethics as a discipline that articulates the thinking that goes into developing a moral position
- investigate a variety of ethical codes of world religious traditions and other ethical frameworks (such as natural law ethics, virtue ethics, situation ethics, Kantian ethics)
- investigate significant challenge and change encountered by a religious tradition within a key period (may be historical or contemporary)
- undertake non-biased investigation into co-existence of religious and secular traditions in Australia and globally.

---

**TO ENROL IN THIS SUBJECT I NEED:**
- ‘C’ in Year 10 Australian Curriculum English.
TO ENROL IN THIS SUBJECT I NEED:
- ‘A’/’B’ (or ‘C’ in consultation with teachers) in Year 10 Australian Curriculum History or English or CA in Religion in Society 2.

STUDIES OF RELIGION WOULD SUIT SOMEONE WHO:
- is interested in studying how religion interfaces with culture, ethics and society
- enjoys reading on religious and ethical topics
- is interested in interpreting religious issues from a range of perspectives of religious traditions or viewpoints
- understands and is willing to engage in a subject that is designed to be available to all learners, irrespective of the existence, or nature, of any individual religious beliefs.

THIS SUBJECT COULD LEAD ME TO:
- a pathway to Philosophy 3 and builds skills relevant to Modern History 3 and Ancient History 3
- a pathway to further studies in Asian studies, philosophy, education, counselling, politics or other humanities courses such as history and anthropology.

Studies of Religion 3 meets the standard for Everyday Adult Reading, Writing and Communication and contributes 15 credit points towards the Tasmanian Certificate of Education.

Australia in Asia and the Pacific 3
AAP315116

IN AUSTRALIA IN ASIA AND THE PACIFIC I WILL LEARN:
- about the social, cultural, religious and geographical diversity of the Australia, Asia and Pacific region
- what the relevance of Australia’s relationships are within the region in the 20th and 21st centuries
- about geographic and human diversity, relationships and environmental issues of the Asia-Pacific region
- what it means to be a global citizen and to respect diversity
- how Australia’s role in the region is changing
- how immigration has changed in the Asia Pacific region
- what the impact of tourism is on the land and people of the region
- what the historical and geographical features of the Asia Pacific region are
- how Pacific and Asian nations respond to human and natural crises.

IN TYPICAL LESSONS I MIGHT:
- describe the diversity of the physical and human geography in the Australia, Asia and Pacific Region
- investigate Australia’s changing role in the region; partnerships (overseas trade, security and aid) or immigration (White Australia Policy, post war immigration, refugees and multiculturalism)
- map the location of nations, major landforms, climate and environmental degradation
- use generalisations – based on knowledge of human and physical geography, tourism, and cause, effect and responses to national crises in the Australia, Asia and Pacific region
- make logical predictions and reach valid conclusions in real and hypothetical contexts
- investigate human characteristics e.g. populations size and density, religion, identity and culture
- investigate immigration to Australia including the White Australia Policy, post war immigration, refugees and multiculturalism
- investigate tourism and impact on environment, culture, society and economy; reasons for growth; management strategies.

TO ENROL IN THIS SUBJECT I NEED:
- ‘A’/’B’ (or ‘C’ in consultation with teachers) in Year 10 Australian Curriculum English, History or Geography.

AUSTRALIA IN ASIA AND THE PACIFIC WOULD SUIT SOMEONE WHO:
- is interested in the evolving relationships between Australia and Asia-Pacific nations
- is interested in aspects of ‘Asia literacy’ and its impact on understanding Australia’s relationships with our Asia-Pacific neighbours.

THIS SUBJECT COULD LEAD ME TO:
- a pathway to other Level 3 subjects such as Geography 3, Modern History 3, Studies of Religion 3 or Ancient History 3
- the University Connections Program subject Asian Studies.
- a pathway to further study in subjects such as geography, history, tourism and religion, and careers in travel, international relations, journalism, teaching, government, trade, overseas aid programs and diplomacy.

Australia in Asia and the Pacific 3 meets the standard for Everyday Adult Reading, Writing and Communication and contributes 15 credit points towards the Tasmanian Certificate of Education.
Asian Studies (University Connections Program)  
HMA104 (Level 3)  
Asian Studies is offered as part of the University of Tasmania’s University Connections Program and counts towards your TCE and ATAR.

IN ASIAN STUDIES, I WILL LEARN:
• about the diversity of modern Asian societies, focusing on the lives of people in Asia and, in particular, the lives of young Asians for example:
  » the people of Asia: ethnicity and diversity
  » young Asia: youth culture, pop culture and the lives of young people
  » food in focus: Food challenges in Asia, traditional vs. changing diets, diet and health (malnutrition & obesity), food and ritual.

IN TYPICAL LESSONS I MIGHT:
• write essays and reports
• engage in group discussions and presentations
• undertake individual and group projects
• complete a range of assignments and tests.

Note: there is no external examination for this pre-tertiary subject.

TO ENROL IN THIS SUBJECT I NEED:
• to be achieving success in my current Year 11 Level 3 subjects OR
  • successful completion of Australia in Asia and the Pacific 3 in Year 11.

THIS SUBJECT COULD LEAD ME TO:
• the opportunity to gain credit towards a University of Tasmania course.

Certificate II in Tourism  
SIT20116

IN CERTIFICATE II IN TOURISM I WILL LEARN:
• about the tourism industry including the possible jobs and pathways
• how to stay safe and healthy in the workplace, including First Aid
• the skills employers value in young workers
• to communicate and work with a range of people in the community.

IN TYPICAL LESSONS I MIGHT:
• visit different types of tourist attractions and services
• gather information about a tourist destination
• create a file containing media releases about the tourism industry
• undertake a practical work placement.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in tourism.

Certificate III in Tourism  
SIT30116

IN CERTIFICATE III IN TOURISM I WILL LEARN:
• skills and knowledge needed to work in the tourism industry
• how to work with people from diverse backgrounds
• how to prepare itineraries and quotes for clients
• local and global factors that affect the tourism industry
• how to stay safe and healthy in the workplace, including First Aid
• the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
• gather information about the tourism industry including the possible jobs and pathways
• visit a tourist attraction, different types of accommodation or transport provider
• research a tourist destination
• undertake a practical work placement.

TO ENROL IN THIS SUBJECT I NEED:
• to have a strong interest in tourism.

Certificate III in Tourism contributes points towards the Tasmanian Certificate of Education.

FOR MORE INFORMATION, PLEASE VISIT THE UNIVERSITY’S WEBSITE AND DISCUSS YOUR UNIVERSITY CONNECTIONS PROGRAM COURSE OPTIONS WITH A TEACHER OR COURSE COUNSELLOR AT YOUR SCHOOL.

Note: As Australia’s cultural and trade links with Asia grow, there will be many opportunities for young Tasmanians to use their Asian skills. Employers are looking for people who:
• have undertaken Asia-focused studies at college and university
• have gained an understanding of Asia
• have developed intercultural skills
• understand cultural diversity
• have learnt an Asian language.

VET courses

All certificate courses contribute credit points towards the Tasmanian Certificate of Education. The number of credit points is dependent on the units of competence. For details view the TCE planner tool at: https://www.tasc.tas.gov.au/students/course-planner/

Learning an additional language helps you to:

- engage with the global community
- develop intercultural understanding
- develop new perspectives and opportunities
- strengthen your communication skills
- gain a competitive edge in the job market
- consider possible opportunities for travel.

Many subjects complement your language studies. For example, students learning an Asian language may be interested in *Australia in Asia and the Pacific* or *Asian Studies*. 
### Chinese Foundation 2

| * |  |

**In Chinese I Will Learn:**
- to communicate in spoken Chinese
- to express ideas and information in written Chinese
- to read and respond to written Chinese
- to explore, understand and appreciate Chinese customs, traditions and culture.

**In Typical Lessons I Might:**
- communicate about myself, my life and plans for the future
- explore, research, compare and critically reflect on Chinese and Australian culture
- consider topics from the perspective of Chinese communities
- prepare for internal and external assessment of oral and written components (Chinese 3).

**To Enrol In This Subject I Need:**
- no previous experience for Level 2
- completion of Level 2 or a good standard in the language at high school for Level 3.

**This Subject Would Suit Someone Who:**
- is interested in living and learning as part of a global community
- enjoys communicating and connecting with Chinese speakers and communities
- is open to developing new perspectives and cultural understanding
- wants to gain a competitive edge in the job market.

**This Subject Could Lead Me To:**
- further study
- global work opportunities, particularly in areas such as tourism and hospitality, business, education and communications, diplomacy and the arts
- possible opportunities for travel.

*Chinese subjects contribute 15 points towards the Tasmanian Certificate of Education.*

### Chinese Specialist 3

| CHN813 |

**In Chinese Specialist I Will:**
- use spoken and written Chinese to explore my personal world
- consider topics from the perspective of Chinese communities
- explore Chinese media
- consider change as it affects aspects of the world, such as work, technology, trade, tourism and social issues.

**In Typical Lessons I Might:**
- communicate about myself, community and culture
- explore issues around economic development and social change
- connect with overseas Chinese speaking communities
- consider global issues.

**To Enrol In This Subject I Need:**
- to speak Chinese as my first language.
- to have attended a Chinese language school for the majority of my schooling before coming to Tasmania.

**This Subject Would Suit Someone Who:**
- is interested in living and learning as part of a global community
- enjoys communicating and connecting with Chinese speakers and communities
- is open to developing new perspectives and cultural understanding
- wants to gain a competitive edge in the job market.

**This Subject Could Lead Me To:**
- further study
- global work opportunities, particularly in areas such as tourism and hospitality, business, education and communications, diplomacy and the arts.

*Chinese subjects contribute 15 points towards the Tasmanian Certificate of Education.*

### French Foundation 2

| * |  |

**In French I Will Learn:**
- to communicate in spoken French
- to express ideas and information in written French
- to explore, understand and appreciate French customs, traditions and culture.

**In Typical Lessons I Might:**
- communicate about myself, my life and plans for the future
- explore, research, compare and critically reflect on French and Australian culture
- prepare for internal and external assessment of oral and written components (French 3).

**To Enrol In This Subject I Need:**
- no previous experience for Level 2
- completion of Level 2 or a good standard in the language at high school for Level 3.

**This Subject Would Suit Someone Who:**
- is interested in living and learning as part of a global community
- enjoys communicating and connecting with French speakers and communities
- is open to developing new perspectives and cultural understanding
- wants to gain a competitive edge in the job market.

**This Subject Could Lead Me To:**
- further study
- global work opportunities, particularly in areas such as tourism and hospitality, business, education and communications, diplomacy and the arts
- possible opportunities for travel.

*French subjects contribute 15 points towards the Tasmanian Certificate of Education.*

### German Foundation 2

| * |  |

**In German I Will Learn:**
- to communicate in spoken German
- to express ideas and information in written German
- to read and respond to written German
- to explore, understand and appreciate German customs, traditions and culture.

**In Typical Lessons I Might:**
- communicate about myself, my life and plans for the future
- explore, research, compare and critically reflect on French and Australian culture
- prepare for internal and external assessment of oral and written components (French 3).

**To Enrol In This Subject I Need:**
- no previous experience for Level 2
- completion of Level 2 or a good standard in the language at high school for Level 3.

**This Subject Would Suit Someone Who:**
- is interested in living and learning as part of a global community
- enjoys communicating and connecting with French speakers and communities
- is open to developing new perspectives and cultural understanding
- wants to gain a competitive edge in the job market.

**This Subject Could Lead Me To:**
- further study
- global work opportunities, particularly in areas such as tourism and hospitality, business, education and communications, diplomacy and the arts
- possible opportunities for travel.
IN TYPICAL LESSONS I MIGHT:
- to read and respond to written Italian
- to explore, understand and appreciate Italian customs, traditions and culture.

IN TYPICAL LESSONS I MIGHT:
- to read and respond to written Japanese
- to explore, understand and appreciate Japanese customs, traditions and culture.

IN TYPICAL LESSONS I MIGHT:
- to express ideas and information in written Japanese
- to read and respond to written Japanese
- to explore, understand and appreciate Japanese customs, traditions and culture.

TO ENROL IN THIS SUBJECT I NEED:
- no previous experience for Level 2
- completion of Level 2 or a good standard in the language at high school for Level 3.

THIS SUBJECT WOULD SUIT SOMEONE WHO:
- is interested in living and learning as part of a global community
- enjoys communicating and connecting with Italian speakers and communities
- is open to developing new perspectives and cultural understanding
- wants to gain a competitive edge in the job market.

THIS SUBJECT COULD LEAD ME TO:
- further study
- global work opportunities, particularly in areas such as tourism and hospitality, business, education and communications, diplomacy and the arts
- possible opportunities for travel.

German subjects contribute 15 points towards the Tasmanian Certificate of Education.

Italian Foundation 2

Italian 3

IN ITALIAN I WILL LEARN:
- to communicate in spoken Italian
- to express ideas and information in written Italian

Japanese Foundation 2

Japanese 3

IN JAPANESE I WILL LEARN:
- to communicate in spoken Japanese

Japanese subjects contribute 15 points towards the Tasmanian Certificate of Education.

Japanese Foundation 2

Japanese 3

UNIVERSITY of TASMANIA

University Connections Program: Extension Program for Languages

The 2019 University Connections Program offers extension programs in Chinese, French, German and Japanese. These programs build upon your Level 3 language study to develop competency in preparation for University of Tasmania second year level language study. Enrolment in this program (at the same time as you are enrolled in the relevant Level 3 language subject) will not only help to expand your knowledge and understanding of this learning area, but also provides a HECS-free pathway into study at the University of Tasmania. To find out more, ask your teacher.
You have:

- An interest or need to develop mathematical skills
- ‘D’ in Year 10 Australian Curriculum Mathematics
- ‘C’ in Year 10 Australian Curriculum Mathematics
- Basic algebra skills
- ‘B’ in Year 10 Australian Curriculum Mathematics
- Good algebra skills
- ‘B’ in Year 10 Australian Curriculum Mathematics OR
  CA in General Mathematics Foundation 2.
- ‘B’ in Year 10 and Year 10A Australian Curriculum Mathematics with some calculus OR
  CA in Mathematics Methods Foundation 3
- Mathematics Methods 4
- Mathematics Specialised 4

TASC subjects

- Mathematics Methods Foundation 4
  General Mathematics 3
- University study in fields requiring mathematics
- Mathematics Specialised 4
  Required by the University of Tasmania and some mainland universities as pre-requisite for further study in some areas
- A recommended subject for university subjects in Science, Technology, Engineering and Mathematics (STEM). Please see university guides for details.

University Connections Program: Extension Program for Mathematics Methods

The 2019 University Connections Program offers an extension program for Mathematics Methods. This program aims to strengthen the essential algebraic skills needed for pre-tertiary Mathematics and to undertake further study requiring a mathematical background at university level.

Enrolment in this program (at the same time as you are enrolled in the relevant Level 3/4 subject) will not only help to expand your knowledge and understanding of this learning area, but also provides a HECS-free pathway into study at the University of Tasmania. To find out more, ask your teacher.
TASC subjects

Please note that courses marked with * are currently being redeveloped – when accredited by TASC the information will be updated.

**Everyday Maths 1**

*IN EVERYDAY MATHS I WILL LEARN:*  
- to apply mathematical skills in practical everyday situations.

*IN TYPICAL LESSONS I MIGHT:*  
- review my working knowledge of basic operations  
- learn how to better work with everyday maths concepts  
- collect and interpret data  
- undertake a range of practical tasks and investigations.

*TO ENROL IN THIS SUBJECT I NEED:*  
- an interest or a need to develop mathematical skills.

*EVERYDAY MATHS WOULD SUIT SOMEONE WHO:*  
- needs to further develop their core numeracy and mathematical skills in order to seek employment  
- wants to get their TCE and is unable to access another mathematics subject.

*THIS SUBJECT COULD LEAD ME TO:*  
- more efficiently utilise my everyday mathematics skills  
- Workplace Maths 2.

**ESSENTIAL SKILLS MATHS WOULD SUIT SOMEONE WHO:**  
- needs to further develop their core numeracy and mathematical skills in order to seek employment  
- wants to get their TCE and is unable to access another mathematics subject.

**TO ENROL IN THIS SUBJECT I NEED:**  
- an interest or a need to develop mathematical skills  
- to meet some entry requirements (this could mean sitting a short assessment test).

**Workplace Maths 2**

*IN WORKPLACE MATHS I WILL LEARN:*  
- to further develop essential numeracy and mathematical skills for use in the workplace and in everyday life.

*IN TYPICAL LESSONS I MIGHT:*  
- review my working knowledge of core mathematical operations  
- measure length, area, volume and time  
- learn how to better manage money and to prepare and manage a budget  
- interpret and construct maps  
- collect, manipulate and interpret data  
- undertake a range of practical tasks and investigations.

*TO ENROL IN THIS SUBJECT I NEED:*  
- C in Year 10 Australian Curriculum Mathematics.

**GENERAL MATHEMATICS FOUNDATION WOULD SUIT SOMEONE WHO:**  
- needs to build upon and extend their mathematical skills that are required in many workplace and everyday life situations  
- has well developed organisational and problem solving skills.

**TO ENROL IN THIS SUBJECT I NEED:**  
- C in Year 10 Australian Curriculum Mathematics.

**General Mathematics Foundation 2**

*IN GENERAL MATHEMATICS FOUNDATION I WILL LEARN:*  
- to apply reasoning skills and solve practical problems in consumer arithmetic, algebra, measurement, univariate data analysis and graphs and networks  
- to use statistical and mathematical language to communicate arguments and strategies when solving mathematical problems  
- to choose and use technology appropriately.

*IN TYPICAL LESSONS I MIGHT:*  
- review and apply my working knowledge of core mathematical concepts in algebra, consumer arithmetic, data analysis and in measurement  
- further develop my working knowledge and problem solving skills in data analysis and in graphs and networks  
- undertake a range of assessment tasks, practical tasks and investigations.

**ESSENTIAL SKILLS MATHS**

**Everyday Adult Mathematics**

**General Mathematics Foundation 2**

**Foundation 2**

**General Mathematics Foundation 3**

**Mathematics Methods Foundation 3**

**MTM31S117**
problems involving algebra, functions and graphs, exponential functions, circular functions, differential calculus and probability
• to use mathematical and statistical language to communicate arguments and strategies when solving mathematical problems
• to choose and use CAS and other technology appropriately.

IN TYPICAL LESSONS I MIGHT:
• further develop and utilise skills in the core areas of algebra, functions and graphs, exponential and circular functions, differential calculus and probability
• undertake a range of assessment tasks, practical tasks and analytical tasks.

TO ENROL IN THIS SUBJECT I NEED:
• very good algebra skills
• 'B' in Year 10 Australian Curriculum Mathematics.

MATHEMATICS METHODS FOUNDATION WOULD SUIT SOMEONE WHO:
• needs to build upon and extend their mathematical skills in the STEM and related areas
• has well developed organisational and problem solving skills.

THIS SUBJECT COULD LEAD ME TO:
• many other pre-tertiary STEM and related subjects and is a pathway to Mathematics Methods 4.

Mathematics Methods Foundation 3 meets the standard for Everyday Adult Mathematics and contributes 15 credit points towards the Tasmanian Certificate of Education.

General Mathematics 3

IN GENERAL MATHEMATICS 3 I WILL LEARN:
• to apply reasoning skills and solve practical problems involving finance, bivariate data analysis, graphs and networks, growth and decay and trigonometry
• to use mathematical and statistical language to communicate arguments and strategies when solving mathematical problems
• to choose and use CAS and other technology appropriately.

IN TYPICAL LESSONS I MIGHT:
• develop and utilise skills in the core areas of finance, bivariate data analysis, graphs and networks, growth and decay and in trigonometry
• undertake a range of assessment tasks, practical tasks and investigations.

TO ENROL IN THIS SUBJECT I NEED:
• good algebra skills
• a 'B' in Year 10 Australian Curriculum Mathematics OR
• a CA in General Mathematics Foundation 2.

GENERAL MATHEMATICS WOULD SUIT SOMEONE WHO:
• needs to build upon and extend their mathematical skills for future, tertiary studies
• has well developed organisational and problem solving skills.

THIS SUBJECT COULD LEAD ME TO:
• tertiary and TaTAFE studies where higher order practical mathematical working knowledge and skills are required
• careers in areas such as nursing, tourism management and banking or for further study in fields requiring mathematics, such as teaching and accounting.

General Mathematics 3 meets the standard for Everyday Adult Mathematics and contributes 15 credit points towards the Tasmanian Certificate of Education.

Mathematics Methods 4

IN MATHEMATICS METHODS 4 I WILL LEARN:
• to apply reasoning skills and solve problems involving algebra, functions, circular functions, differential and integral calculus and in probability
• to use mathematical and statistical language to communicate arguments and strategies when solving mathematical problems
• to choose and use CAS and other technology appropriately.

IN TYPICAL LESSONS I MIGHT:
• develop and then utilise skills in the core areas of algebra, function study, circular functions, differential and integral calculus and in probability
• undertake a range of assessment, analytical and investigative tasks.

TO ENROL IN THIS SUBJECT I NEED:
• a CA in Mathematics Methods 4.

MATHEMATICS SPECIALISED WOULD SUIT SOMEONE WHO:
• needs to build upon and extend their pure mathematical skills to pursue future STEM and related studies
• has very well developed organisational and problem solving skills.

THIS SUBJECT COULD LEAD ME TO:
• tertiary studies in mathematics, science or engineering (STEM), computing, health studies, economics, pharmacy, agricultural sciences and any other fields that involve a background in higher order practical and pure mathematical working knowledge and skills.

This subject is a pre-requisite or a preferred subject for university entrance in many STEM and health related fields.

Mathematics Methods 4 meets the standard for Everyday Adult Mathematics and contributes 15 credit points towards the Tasmanian Certificate of Education.

Mathematics Specialised 4

IN MATHEMATICS SPECIALISED 4 I WILL LEARN:
• to apply reasoning skills and solve problems involving matrices, sequence and series, differential and integral calculus and complex numbers
• to use mathematical language to communicate arguments and strategies when solving mathematical problems
• to choose and use CAS and other technology appropriately.

IN TYPICAL LESSONS I MIGHT:
• develop and then utilise skills in the core areas of matrices, sequence and series, differential and integral calculus and complex numbers
• undertake a range of assessment, analytical and investigative tasks.

TO ENROL IN THIS SUBJECT I NEED:
• a CA in Mathematics Methods 4.

MATHEMATICS SPECIALISED WOULD SUIT SOMEONE WHO:
• needs to build upon and extend their pure mathematical skills for future STEM and related studies
• has very well developed organisational and problem solving skills.

THIS SUBJECT COULD LEAD ME TO:
• tertiary studies in mathematics, science or engineering (STEM) and computing sciences.

This is a recommended subject for university entrance in many STEM fields.

Mathematics Methods 4 meets the standard for Everyday Adult Mathematics and contributes 15 credit points towards the Tasmanian Certificate of Education.

### Notes
- Further study implies additional educational opportunities.
- May lead to indicates potential pathways or outcomes.
- Employment denotes potential employment opportunities.
- Further study for pathways implies additional educational opportunities.
- Certificate levels indicate different levels of skill attainment.
- No previous experience section includes subjects that may help in building connections and readiness for work.
- Independent study skills section includes subjects that may develop independent study and project implementation skills.
- VET courses section includes certificates that may help in improving skills for vocational pathways.
TASC subjects

Building Connections 1
BUC115018

IN BUILDING CONNECTIONS I WILL LEARN:
• how to interact with others on everyday matters in a way that contributes to sustaining positive relationships
• how to successfully participate in a learning program
• the impact that choices have on personal success in education
• about positive and realistic education and/or employment options for myself.

IN TYPICAL LESSONS I MIGHT:
• identify my learning program with my teacher
• learn how to maintain and manage my own health and wellbeing
• learn how to develop positive, respectful relationships
• deal with difficult or challenging situations
• explore suitable employment options and the learning associated with this.

TO ENROL IN THIS SUBJECT I NEED:
• no previous experience.

THIS SUBJECT COULD LEAD ME TO:
• pursuing a range of TASC subjects and/or VET Qualifications.

Building Connections 1 contributes 15 credit points towards the Tasmanian Certificate of Education.

Pathways to Work 1
WRK115117

IN PATHWAYS TO WORK I WILL LEARN:
• options for gaining work – supported, open and self-employment and volunteering
• skills needed for job seeking
• workplace skills expected of any new employee
• basic communication, numeracy and ICT skills used in the workplace
• how to work with others.

IN TYPICAL LESSONS I MIGHT:
• is interested in gaining work
• is considering undertaking a VET course.

TO ENROL IN THIS SUBJECT I NEED:
• no previous experience.

THIS SUBJECT COULD LEAD ME TO:
• a pathway to work, a school based apprenticeship (ASbA) or a VET course.

Work Readiness 2 meets the standards for: Everyday Adult Reading, Writing and Mathematics; and Everyday Adult use of Computers and the Internet; and contributes 15 credit points towards the Tasmanian Certificate of Education.

Pathways to Work 1 contributes 15 (Level I) credit points towards the Tasmanian Certificate of Education.

Work Readiness 2
WRK215117

IN WORK READINESS I WILL LEARN:
• the skills needed for successful job seeking
• communication, numeracy and ICT skills suitable for using in a workplace
• workplace skills expected of any new employee
• about diversity in the workplace.

IN TYPICAL LESSONS I MIGHT:
• search for and apply for a job, develop a resume and practice interview skills
• work as part of a team to solve ‘real world’ problems and challenges
• develop a Facebook page for a business and / or a LinkedIn profile
• plan and implement a project.

TO ENROL IN THIS SUBJECT I NEED:
• no previous experience.

TO ENROL IN THIS SUBJECT I NEED:
• the next step in building my career; further study or employment.

Career and Life Planning 2
CLP205118

IN CAREER AND LIFE PLANNING I WILL LEARN:
• to locate and use career information to make career enhancing decisions
• how work and life roles have changed as a result of automation and globalisation and the role chance plays in this
• how to build and maintain a positive self-concept
• what my study and work options are for next year and into the future.

IN TYPICAL LESSONS I MIGHT:
• review my strengths and abilities and match them to future options
• develop my study skills to help me obtain the best results I can, now and into the future
• plan short, medium and long-term goals for my career and life
• develop strategies for gaining work.

Career and Life Planning 2 can be used to meet the Pathway Planning Standard and contributes 5 credit points towards the Tasmanian Certificate of Education.
Project Implementation 2
PRJ205118

IN PROJECT IMPLEMENTATION I WILL LEARN:
• how to set goals and make a plan to achieve them
• how to manage and evaluate a project using technology and project management resources.

IN TYPICAL LESSONS I MIGHT:
• develop a project which results in a culminating event
• work with others to manage tasks within a specific time frame and budget
• reflect upon my own performance and that of others and provide feedback to the group.

TO ENROL IN THIS SUBJECT I NEED:
• no previous experience
• a willingness to work as part of a team.

PROJECT IMPLEMENTATION WILL SUIT SOMEONE WHO:
• likes to be organised and work as part of a team to make things happen.

THIS SUBJECT COULD LEAD ME TO:
• further study or work in an area of interest.
• Student Directed Inquiry 3 and portfolio entry into university where appropriate.

Student Directed Inquiry 3
SDI315117

IN STUDENT DIRECTED INQUIRY I WILL LEARN:
• to apply capabilities of decision making, thinking globally, risk management and self-regulation to an inquiry
• to apply critical and creative thinking to a transdisciplinary inquiry
• to work individually and collaboratively, using effective time management, planning and organising strategies and skills
• to reflect on processes, new learnings and feedback and transfer knowledge into new contexts.

IN TYPICAL LESSONS I MIGHT:
• formulate an inquiry question and plan the inquiry
• conduct in-depth research into an area of interest
• investigate and record information and resources, analyse and synthesise the data and draw conclusions from the inquiry.

TO ENROL IN THIS SUBJECT I NEED:
• the capacity for self-directed learning
• a minimum ‘B’ standard in Australian Curriculum English at Year 10
• strong research methods, the ability to analyse primary and secondary sources and draw conclusions
• to take part in a selection process.

STUDENT DIRECTED INQUIRY WILL SUIT SOMEONE WHO:
• enjoys planning and managing their own learning
• has a passion they would like to pursue through an inquiry process.

THIS SUBJECT COULD LEAD ME TO:
• a pathway to university study in all learning areas or to work.

Student Directed Inquiry may be used as evidence for portfolio entrance to a university undergraduate degrees where appropriate.

Student Directed Inquiry 3 contributes 15 credit points towards the Tasmanian Certificate of Education.
**VET courses**

All certificate courses contribute credit points towards the Tasmanian Certificate of Education. The number of credit points is dependent on the units of competence. For details view the TCE planner tool at: [https://www.tasc.tas.gov.au/students/course-planner/](https://www.tasc.tas.gov.au/students/course-planner/)

---

**Certificate I in Access to Vocational Pathways**  
FSK10113

This qualification is designed for people who require significant foundation skills support to access a vocational learning pathway.

**IN CERTIFICATE I IN ACCESS TO VOCATIONAL PATHWAYS I WILL LEARN:**
- to develop reading, writing, numeracy and oral communication skills
- entry level digital technology skills
- the skills employers value in young workers.

**IN A TYPICAL LESSON I MIGHT:**
- find information about jobs I might be interested in
- use a computer to word process information
- learn from a guest speaker.

**TO ENROL IN THIS SUBJECT I NEED:**
- a desire to improve the skills that will help me in the workplace.

**THIS SUBJECT COULD LEAD ME TO:**
- a pre-vocational pathway to employment and vocational training
- further study or work in areas of interest to me.

Certificate I in Access to Vocational Pathways contributes points towards the Tasmanian Certificate of Education.

---

**Certificate I in Skills for Vocational Pathways**  
FSK10213

**IN CERTIFICATE I IN SKILLS FOR VOCATIONAL PATHWAYS I WILL LEARN:**
- to develop reading, writing, numeracy and oral communication skills
- entry level digital technology and employability skills
- about education, training and employment goals.

**IN A TYPICAL LESSON I MIGHT:**
- find information about jobs I might be interested in
- use a computer to word process information
- learn from a guest speaker.

**TO ENROL IN THIS SUBJECT I NEED:**
- a desire to improve the skills that will help me in the workplace.

**THIS SUBJECT COULD LEAD ME TO:**
- a pre-vocational pathway to employment and vocational training
- further study or work in areas of interest to me.

Certificate I in Skills for Vocational Pathways contributes points towards the Tasmanian Certificate of Education.

---

**Certificate II in Skills for Work and Vocational Pathways**  
FSK20113

**IN CERTIFICATE II IN SKILLS FOR WORK AND VOCATIONAL PATHWAYS I WILL LEARN:**
- the skills I need to find and apply for a job
- skills I need to be successful in the workplace
- the skills employers value in young workers.

**IN A TYPICAL LESSON I MIGHT:**
- improve my reading, writing, ICT and number skills
- learn how to develop communication skills for the workplace
- prepare my resume
- practice a job application and interview
- visit workplaces and participate in a practical work placement.

**TO ENROL IN THIS SUBJECT I NEED:**
- an interest in improving my skills for future work.

**THIS SUBJECT COULD LEAD ME TO:**
- work in areas of interest to me
- a pathway to further study in industry-specific programs or employment.

Certificate II in Skills for Work and Vocational Pathways contributes points towards the Tasmanian Certificate of Education.
Programs for Students with High or Additional Learning Needs

These subjects are designed to provide basic skills to students with severe disability and/or students with high and additional learning needs, including students with a specific learning disorder.

These TASC accredited subjects are at a complexity level preliminary to that of Level 1.

Each subject has a functional approach and aims to offer positive outcomes in all aspects of students' lives. The subjects are designed to support people with disability to access achievable pathways to further education and training, a range of employment outcomes, or inclusion in appropriate community option settings.

Some students may require this full suite of courses for study in both their Years 11 and 12, some may need it for only part of their course load and some may only require enrolment into a selection of these subjects for Year 11 before moving into other programs in Year 12.

Note: Students can also choose from other subject options.

TASC subjects

Please note that courses marked with * are currently being redeveloped – when accredited by TASC the information will be updated.

**Basic Communication**

*  

**IN BASIC COMMUNICATION I WILL LEARN:**  
- to communicate effectively in familiar situations  
- to share ideas, messages and feelings face-to-face  
- to recognise a limited range of important words, symbols, signs and sounds  
- to use a variety of materials and media.

**IN TYPICAL LESSONS I MIGHT:**  
- to recognise basic two and three dimensional shapes, and be able to describe some features of free shapes and linear qualities.

**TO ENROL IN THIS SUBJECT I NEED:**  
- no previous experience  
- a willingness to improve my numeracy skills.

**BASIC NUMBER SKILLS WILL SUIT SOMEONE WHO:**  
- requires flexible and individualised programs  
- would like to become more independent in self and financial management.

**THIS SUBJECT COULD LEAD ME TO:**  
- access achievable pathways to further education and training, a range of employment outcomes, or inclusion in appropriate community option settings.  

Basic Communication does not provide credit points towards the TCE.

**Basic Number Skills**

*  

**IN BASIC NUMBER SKILLS I WILL LEARN:**  
- to recognise numbers and everyday relative values  
- a basic knowledge and understanding of time, money and measurement  
- to apply basic number skills to everyday situations  

**IN TYPICAL LESSONS I MIGHT:**  
- practise accessing the public library, the supermarket and the community centre  
- practise booking a taxi or catching a bus  
- explore and celebrate local and national events such as ANZAC day and Harmony Day  
- learn about the law in areas such as road rules and cyber safety.

**TO ENROL IN THIS SUBJECT I NEED:**  
- no previous experience  
- an interest in the natural environment.

**COMMUNITY AND ME WILL SUIT SOMEONE WHO:**  
- requires flexible and individualised programs  
- would like to become more independent in self and social management.

**THIS SUBJECT COULD LEAD ME TO:**  
- access achievable pathways to further education and training, a range of employment outcomes, or inclusion in appropriate community option settings.  

Community and Me does not provide credit points towards the TCE.

**Environment and Nature**

*  

**IN ENVIRONMENT AND NATURE I WILL LEARN:**  
- to identify ways in which I can use common resources more efficiently  
- how to grow and care for selected plants and understand their importance in our environment  
- how to care for some common animals and identify agencies which rescue/care for animals  
- to identify and describe some conservation programs and why it is important to properly manage our natural environments.

**IN TYPICAL LESSONS I MIGHT:**  
- raise awareness of and participate in recycling, composting and mindful energy consumption  
- plant and tend to a vegetable patch or green house  
- tend to and care for animals  
- explore ecosystems such as marine life and rainforests and how to care for them.

**TO ENROL IN THIS SUBJECT I NEED:**  
- no previous experience  
- an interest in the natural environment.
Environment and Nature will suit someone who:
- requires flexible and individualised programs
- would like to learn practical skills in garden and animal care.

This subject could lead me to:
- access achievable pathways to further education and training, a range of employment outcomes, or inclusion in appropriate community option settings.

Environment and Nature does not provide credit points towards the TCE.

Expression through the Arts

In Expression through the Arts I will learn:
- to safely use and be around instruments, materials and equipment, tools, performance spaces, art studios and workshops
- to prepare appropriate tools and materials for arts activities
- to develop skills in performing or visual arts
- express myself through performing or visual arts.

In typical lessons I might:
- participate in and contribute to a music video of a popular song
- attend and review a local performance
- create drawings and designs using different materials, including computer-aided design
- design and create sculptures using clay, wood or papier-mâché.

To enrol in this subject I need:
- no previous experience
- to be willing to learn practical skills in the garden and animal care.

Prepare to Live Independently

In Prepare to Live Independently I will learn:
- to safely use a range of home appliances and equipment
- to safely use a range of IT equipment
- to safely prepare food for myself and others
- skills in home management and personal care.

In typical lessons I might:
- learn how to make my bed and set the table for a meal
- learn how to use the microwave, oven or stove top
- learn about knife safety and safe food storage
- participate in programs focussed on relationships, hygiene and health.

To enrol in this subject I need:
- no previous experience
- to be interested in developing my independence.

Prepare for Work

In Prepare for Work I will learn:
- about training, work and leisure activities and how to access these
- about the role of work and contributing to my community
- to select, plan and participate in work experience
- to develop my pathway plan.

In typical lessons I might:
- write my resume
- learn about occupational health and safety
- role play job interviews
- attend taster days and work experience.

To enrol in this subject I need:
- no previous experience
- an interest in developing my work skills and a willingness to contribute to my community.

Sport and Recreation for Life

In Sport and Recreation for Life I will learn:
- about a range of sporting activities and the equipment used
- to participate in a variety of activities that use human movement skills
- about personal health and nutrition
- how to access recreational and fitness facilities and programs in my local community.

In typical lessons I might:
- participate in a team sport
- practise my coordination skills
- develop my own nutrition plan.

To enrol in this subject I need:
- no previous experience
- to be willing to work as part of a team.

Sport and Recreation for Life does not provide credit points towards the TCE.

| **THIS SUBJECT COULD LEAD ME TO:** | **THIS SUBJECT COULD LEAD ME TO:** | **THIS SUBJECT COULD LEAD ME TO:** |
| • Biology 3 and Environmental Science 3 | • further study | **further study** |
| • further study | • careers in teaching, health, agriculture, aquaculture, forestry, medical/ nursing, environmental management, hairdressing and other areas where a practical knowledge of science is beneficial. | • careers in automotive engineering (trades), electrical engineering (trades), mechanics and physical sciences, or other areas where a practical knowledge of physics and chemistry is beneficial. |
| • careers in teaching, health, agriculture, aquaculture, forestry, medical/ nursing, environmental management, hairdressing and other areas where a practical knowledge of science is beneficial. | • further study | **Environmental Science 3 contributes 15 credit points towards the Tasmanian Certificate of Education.** |

---

Life Sciences 2 contributes 15 credit points towards the Tasmanian Certificate of Education.

---

Physical Sciences – Foundation 2 contributes 15 credit points towards the Tasmanian Certificate of Education.

---

Environmental Science 3 contributes 15 credit points towards the Tasmanian Certificate of Education.
### Biology 3  
**BIO315116**

**IN BIOLOGY I WILL LEARN:**
- how the chemistry and processes within cells supports their function
- about the structure and function of biological systems of organisms (including humans)
- the underlying theory of natural selection and how your body defends against disease
- scientific method and experimental design and the role and impact of biology in society.

**IN TYPICAL LESSONS I MIGHT:**
- control variables while investigating photosynthesis and respiration in the laboratory
- explore digestion and absorption, gas exchange, transport, excretion in organisms
- research or genetic variation, DNA and natural selection
- examine the role of scientists in responding to organisms that cause disease.

**TO ENROL IN THIS SUBJECT I NEED:**
- a strong interest in the biological sciences
- ‘B’ in Year 10 Australian Curriculum English and Science.

It is generally advised that you enrol in this subject in Year 12.

**BIOLOGY WOULD SUIT SOMEONE WHO:**
- wants to better understand living things and how they work
- would like to make informed decisions about science issues in society and their local community.

**THIS SUBJECT COULD LEAD ME TO:**
- further study and careers in teaching, nursing, medicine, dietetics, pharmacy, dentistry, child care, optometry, speech therapy, veterinary science, agriculture, marine science, aquaculture, botany, zoology, and developing biotechnologies.

Biology 3 contributes 15 credit points towards the Tasmanian Certificate of Education.

### Physical Sciences 3  
**PSC315118**

**IN PHYSICAL SCIENCES I WILL LEARN:**
- the underlying principles of chemistry and the fundamentals of reacting quantities
- the underlying principles of physics and how they are modelled mathematically
- how to represent and interpret data when inquiring into a system
- the role and impact of physics and chemistry in society.

**IN TYPICAL LESSONS I MIGHT:**
- perform experiments to explore the principles of force
- research the properties of carbon and why it is the basis of life
- investigate the properties of radioactive sources
- create, analyse and interpret data to identify properties of a substance.

**TO ENROL IN THIS SUBJECT I NEED:**
- ‘B’ (or ‘C’ in consultation with teachers) in Year 10 Australian Curriculum Science, Mathematics and English. Successful completion of this subject relies on a strong mathematical background.

**PHYSICAL SCIENCES WOULD SUIT SOMEONE WHO:**
- needs to enrol into Physics 4 and Chemistry 4 in Year 12
- would like to understand physics and chemistry within their lives
- would like to make informed decisions about science issues in society and their local community.

**THIS SUBJECT COULD LEAD ME TO:**
- further study and careers in many university courses including those in health sciences, environmental science and engineering, including Australian Maritime College science degrees.

Physical Sciences 3 meets the standard for Everyday Adult Mathematics and contributes 15 credit points towards the Tasmanian Certificate of Education.

### Chemistry 4  

**IN CHEMISTRY I WILL LEARN:**
- the fundamental principles and theories of electrochemistry, thermochemistry, kinetics and equilibrium
- what underlies the properties and reactions of organic and inorganic matter
- to apply chemical and quantitative principles for analysis, interpretation and solve problems
- to further appreciate the role and impact of chemistry in society.

**IN TYPICAL LESSONS I MIGHT:**
- apply knowledge and understanding of electrochemistry to predict reactions within batteries and the voltage produced
- analyse for unknown concentrations of substances in household chemicals
- use a variety of tests to identify unknown organic compounds
- research and investigate how the rate and direction of reactions are manipulated to produce desired products.

**TO ENROL IN THIS SUBJECT I NEED:**
- a strong SA in Physical Sciences 3 or equivalent, and
- a strong background in mathematics, e.g. Level 3 mathematics, is highly recommended.

**CHEMISTRY WOULD SUIT SOMEONE WHO:**
- wants to better understand the underlying chemistry within our world
- would like to make informed decisions about science issues in society and your local community.

**THIS SUBJECT COULD LEAD ME TO:**
- further study or careers in chemistry, medicine, biotechnology, biochemistry, medical research, pharmacy and agricultural, environmental science agriculture, pharmacy, environmental science, engineering, health and medical science.

*please note Chemistry is a pre-requisite for many tertiary courses. Please check with each university for more information.

Chemistry 4 meets the standard for Everyday Adult Mathematics and contributes 15 credit points towards the Tasmanian Certificate of Education.
Physics 4

IN PHYSICS 4 I WILL LEARN:
• to understand and apply the principles of Newtonian mechanics, including gravitational fields
• to apply the principles and theories of electricity and magnetism, including electric and magnetic fields
• to utilise the general principles of waves and extend this to wave particle duality in light
• to apply principles in atomic and nuclear physics and models of the nucleus and nuclear processes
• to further appreciate the role and impact of physics in society.

IN TYPICAL LESSONS I MIGHT:
• model collisions in two dimensions using conservation of momentum
• practically investigate and model the physics within a DC electric motor
• replicate and interpret Young’s double slit experiment
• research practical applications of the theory of relativity.

TO ENROL IN THIS SUBJECT I NEED:
• a strong SA in Physical Sciences 3 or equivalent, and
• a strong background in mathematics, e.g. Level 3 mathematics, is highly recommended.

PHYSICS WOULD SUIT SOMEONE WHO:
• wants to better understand the underlying physics within our world
• would like to be able to make informed decisions about science issues in society and local community.

THIS SUBJECT COULD LEAD ME TO:
• further study or careers in physics, medical/health sciences and engineering technology.

*please note Physics is a pre-requisite for many tertiary courses. Please check with each university for more information.

Physics 4 meets the standard for Everyday Adult Mathematics and contributes 15 credit points towards the Tasmanian Certificate of Education.

University Connections Program: A Practical Introduction to Temperate Marine Biology

The 2019 University Connections Program is mainly field-based and offers an extension to Life Sciences 2, Biology 3 or Environmental Science 3. It is designed to engage, challenge, excite and inspire you through an experiential and hands-on marine science program.

This program will introduce you to concepts of ecological theory and practice, allowing you to apply marine biology theories, techniques and sampling methods during a practical field investigation of species diversity within temperate marine habitats. Emphasis will be placed on developing an ability to design, collect and interpret biological data.

It will encourage you to explore issues threatening marine biodiversity plus important local fisheries, including climate change, overharvesting, invasive species, pollution and habitat destruction.

For enrolment in this unit, you need to have completed (or be concurrently studying) Life Sciences 2, Biology 3 or Environmental Science 3.

The program provides a HECS-free pathway into study at the University of Tasmania. To find out more, ask your teacher.
VET courses

All certificate courses contribute credit points towards the Tasmanian Certificate of Education. The number of credit points is dependent on the units of competence. For details view the TCE planner tool at: https://www.tasc.tas.gov.au/students/course-planner/

Certificate I in Conservation and Land Management

IN CERTIFICATE I IN CONSERVATION AND LAND MANAGEMENT I WILL LEARN:
- about conservation and land management in Australia
- how to look after natural land areas
- how to stay healthy and safe in the workplace
- the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
- be shown how to look after natural land areas
- be shown how to use and maintain equipment and machinery
- work with a land care group or conservation team.

TO ENROL IN THIS SUBJECT I NEED:
- an interest in land care and conservation
- to enjoy working outdoors.

THIS SUBJECT COULD LEAD ME TO:
- further study
- work in animal care or other areas of interest.

Certificate II in Animal Studies

IN CERTIFICATE II IN ANIMAL STUDIES I WILL LEARN:
- how to care for animals
- animal rescue and first aid
- how to stay safe and healthy in the workplace
- the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
- feed, water and provide shelter for a range of animals
- visit an animal park, veterinary clinic or RSPCA
- learn about products and services in animal care
- investigate some of the career paths in animal care
- gather information about caring for domestic pets.

TO ENROL IN THIS SUBJECT I NEED:
- to have completed Certificate I in Animal Studies.

THIS SUBJECT COULD LEAD ME TO:
- further study
- work in animal care or other areas of interest.

Certificate III in Animal Studies

IN CERTIFICATE III IN ANIMAL STUDIES I WILL LEARN:
- skills and knowledge needed to work in animal care
- how to keep animals safe, clean, healthy and well fed
- how to stay safe and healthy in the workplace
- the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
- be shown how to care for orphaned native animals
- collect information on animal care products
- visit animal care organisations and undertake a practical work placement.

TO ENROL IN THIS SUBJECT I NEED:
- to have completed Certificate II in Animal Studies.

THIS SUBJECT COULD LEAD ME TO:
- further study
- work in animal care or other areas of interest.

TASC subjects

Please note that courses marked with * are currently being redeveloped – when accredited by TASC the information will be updated.

**Workshop Techniques Introduction 1**

* IN WORKSHOP TECHNIQUES I WILL LEARN:
  - how to work with my chosen material
  - the safe use of tools and equipment, including power tools and machines where appropriate
  - how to use a variety of construction and embellishment techniques.

* IN TYPICAL LESSONS I MIGHT:
  - identify and organise the materials needed for a practical project
  - work practically to make products using my chosen material
  - research embellishment techniques to use on projects.

* TO ENROL IN THIS SUBJECT I NEED:
  - no previous experience.

* AUTOMOTIVE AND MECHANICAL TECHNOLOGIES WOULD SUIT SOMEONE WHO:
  - enjoys working in practical situations
  - has an interest in automotive and mechanical systems.

* THIS SUBJECT COULD LEAD ME TO:
  - further study, including VET courses within the automotive area.

**Automotive and Mechanical Technologies 2**

* AMT215116

* IN AUTOMOTIVE AND MECHANICAL TECHNOLOGIES I WILL LEARN:
  - how to select and use appropriate tools and equipment safely
  - techniques used in automotive workshops such as dismantling and reassembling of components and basic services and repairs
  - how 4-stroke and 2-stroke and multi-cylinder engines work
  - about transmission, ignition, fuel, cooling, electrical and engine management systems.

* IN TYPICAL LESSONS I MIGHT:
  - undertake practical work on engines, cars or other mechanical systems
  - complete worksheets and written reports
  - work on a practical automotive or mechanical project.

* TO ENROL IN THIS SUBJECT I NEED:
  - basic computer skills.

* COMPUTER GRAPHICS AND DESIGN - FOUNDATION WOULD SUIT SOMEONE WHO:
  - enjoys developing design ideas to solve problems
  - is interested in computer graphics applications.

* THIS SUBJECT COULD LEAD ME TO:
  - further study
  - a career in any design-related field

including game design, multi-media, environmental design, landscape, fashion design, visual communication, architecture, surveying and engineering.

**Computer Graphics and Design - Foundation 2**

* CGD215118

* IN COMPUTER GRAPHICS AND DESIGN - FOUNDATION I WILL LEARN:
  - how to use a design process to communicate ideas and develop digital content
  - how to use and develop computer graphic techniques and processes to solve problems
  - how to create 2D and 3D digital graphics and animation.

* IN TYPICAL LESSONS I MIGHT:
  - learn to use a range of software packages
  - produce a digital solution to solve a design challenge
  - spend time developing skills in one of the following elective areas:
    » interactive design
    » solid modelling
    » video and motion graphics
    » asset development.

**Design and Production 2**

* DAP215116

* IN DESIGN AND PRODUCTION I WILL LEARN:
  - how to design and make objects using one or a combination of materials including:
    » glass
    » metals
    » plastics
    » textiles
    » wood
  - about the tools, equipment and processes to use to manipulate and construct items using my chosen material
  - the appropriate workplace health and safety requirements for the materials being used.

* IN TYPICAL LESSONS I MIGHT:
  - research possible design solutions to address a design brief
  - communicate design ideas through sketching or drawing
  - develop techniques and processes to make designed projects
  - work practically on projects.

* TO ENROL IN THIS SUBJECT I NEED:
  - no previous experience.

* DESIGN AND PRODUCTION WOULD SUIT SOMEONE WHO:
  - enjoys creative tasks and has an interest in developing their own designs
  - is interested in making products.

* THIS SUBJECT COULD LEAD ME TO:
  - a range of VET programs in areas such as applied fashion design and technology; art, craft and design; clothing and textiles; construction; engineering; furniture production; manufacturing; or soft furnishings.
  - further study in TASC design based subjects.
Design and Production 2 contributes 15 credit points towards the Tasmanian Certificate of Education.

**Electronics Foundation 2**

IN ELECTRONICS FOUNDATION I WILL LEARN:
- about the functions and applications of electronic components
- how to prototype circuits using breadboards and computers
- how to construct practical electronic projects
- the importance of electronics in society.

IN TYPICAL LESSONS I MIGHT:
- undertake practical work
- apply theoretical knowledge of electricity and electronics to questions, test circuits and projects
- plan and create basic electronic circuits

TO ENROL IN THIS SUBJECT I NEED:
- no previous experience.

TECHNICAL GRAPHICS FOUNDATION WOULD SUIT SOMEONE WHO:
- has an interest in communicating design ideas through different drawing formats.

THIS SUBJECT COULD LEAD ME TO:
- further study in TASC design based subjects or a VET course in Construction or Engineering.

Technical Graphics Foundation 2 contributes 15 credit points towards the Tasmanian Certificate of Education.

**Electronics 3**

IN ELECTRONICS I WILL LEARN:
- about the fundamentals of electricity and electronics components
- about analogue electronics including operational amplifiers and filters
- about digital circuits, including logic, counters and displays
- how to program micro-controllers.

IN TYPICAL LESSONS I MIGHT:
- analyse, prototype, design and construct circuits
- use computer applications for drawing circuits and printing circuit boards
- use laboratory equipment for analysing and measuring circuits
- work on individual projects, including a major project.

TO ENROL IN THIS SUBJECT I NEED:
- a sound background in mathematics.

ELECTRONICS WOULD SUIT SOMEONE WHO:
- is interested in designing and creating items that perform a function
- likes to understand how electronic devices work.

THIS SUBJECT COULD LEAD ME TO:
- further study in electronics, electro-technology computing and electrical engineering
- careers in the defence forces.

Electronics 3 contributes 15 credit points towards the Tasmanian Certificate of Education.

**Technical Graphics Foundation 2**

IN TECHNICAL GRAPHICS FOUNDATION I WILL LEARN:
- freehand, technical (instrument) and Computer Aided Drafting and Design (CADD) drawing to solve real-world design problems
- how to communicate knowledge and ideas in a graphic form, which complies with industry standards
- how to create files for digital fabrication techniques (e.g. 3D printing, CNC routing, laser cutting).

IN TYPICAL LESSONS I MIGHT:
- complete a range of drawing exercises
- work on set design briefs using freehand, technical drawing or CADD
- work on a design folio in an area of interest such as engineering, architecture, manufacturing, automotive, building and construction, landscape and environment, logos, jewellery, fashion or industrial and product design.

TO ENROL IN THIS SUBJECT I NEED:
- no previous experience.

ENGINEERING DESIGNS WOULD SUIT SOMEONE WHO:
- enjoys working in practical ways to solving challenges
- wants to create and test their STEM ideas
- plans to work in any STEM related area.

THIS SUBJECT COULD LEAD ME TO:
- further study in STEM or engineering related areas, including VET courses.

**Computer Graphics and Design 3**

IN COMPUTER GRAPHICS AND DESIGN I WILL LEARN:
- processes and systems of 3D modelling to develop design solutions in products, engineering, architectural/visualisation, games, character or film/television
- the application of design process, principles and practice in specialised contexts
- sketching and graphic communication including orthographic, isometric and perspective drawing
- the fundamentals of contemporary digital technologies in design and computer graphics
- about the impact design has in society including the ethical, cultural and sustainability impacts.

IN TYPICAL LESSONS I MIGHT:
- use a variety of open source and industry standard software packages
• undertake design briefs, research assignments or work on my major project
• spend time developing skills in two of the following elective areas:
  » interactive design
  » solid modelling and 3D fabrication
  » video and motion graphics
  » animation
  » asset development, game design and production.

TO ENROL IN THIS SUBJECT
I NEED:
• good computer skills and an understanding of a design process and their application OR
• Year 9/10 Australian Curriculum Technologies OR
• To have successfully completed Computer Graphics and Design Foundation Level 2, Design and Production Level 2, Housing and Design Level 3, Technical Graphics Level 3.

COMPUTER GRAPHICS AND DESIGN WOULD SUIT SOMEONE WHO:
• enjoys developing design ideas to solve problems
• has a strong interest in computer graphics applications
• has good organisational skills.

THIS SUBJECT COULD LEAD ME TO:
• further study
• a career in environmental design and architecture, interior design or landscape design.

Housing and Design would suit someone who:
• is interested in the built environment
• enjoys responding to creative challenges
• has well developed organisational skills.

This subject could lead me to:
• further study
• a career in environmental design and architecture, interior design or landscape design.

Housing and Design 3 meets the standard for Everyday Adult Use of Computers and the Internet and contributes 15 credit points towards the Tasmanian Certificate of Education.

IN TECHNICAL GRAPHICS I WILL LEARN:
• how to use freehand, technical (instrument) and Computer Aided Drafting and Design (CADD) drawing to solve real world design problems
• how to communicate knowledge and ideas in a graphic form which complies with industry standards
• how to create files for digital fabrication techniques (e.g. 3D printing, CNC routing, laser cutting)
• the skills to designing and interpret drawings in a range of areas such as engineering, architectural, industrial, and product design.

IN TYPICAL LESSONS I MIGHT:
• work on my individual design folio
• create solutions to design briefs
• work on a range of drawing and production.

TO ENROL IN THIS SUBJECT
I NEED:
• a ‘B’ (or ‘C’ in consultation with teachers) in Year 10 Australian Curriculum English.

Housing and Design 3 contributes 15 credit points towards the Tasmanian Certificate of Education.

Object Design (University Connections Program)

IN OBJECT DESIGN I WILL LEARN:
• about designers and their approach to design problems
• how to develop a designed object in response to a brief
• how to document and communicate my design process
• technical skills to work with the materials and finishes for my object.

IN TYPICAL LESSONS I MIGHT:
• work on the design and development of an object that addresses the design brief
• receive technical instruction and mentoring from a university mentor to support the design and making of my object.
• work on my journal reflecting my design development.

TO ENROL IN THIS SUBJECT
I NEED:
• to have successfully completed Design and Production 2, Housing and Design 3 or Computer Graphics and Design 3 or be demonstrating outstanding progress in Design and Production 2.

Object Design would suit someone who:
• has an interest in and understanding of the design process
• would like to find out about university life and opportunities.

This subject could lead me to:
• future pathways in art and design including degrees in fine arts, contemporary arts, 3D design, furniture, environmental design, architecture and education.

Object Design is offered as part of the University of Tasmania’s University Connections Program and counts towards your TCE and ATAR. Successful completion of this subject may give you the opportunity to gain credit towards a University of Tasmania course. For more information, please visit the University’s website and discuss your University Connections Program course options with a teacher or course counsellor at your school.
TASC-accredited other subjects

Basic Aeronautical Knowledge 2
TASAERO1

IN BASIC AERONAUTICAL KNOWLEDGE I WILL LEARN:
• about aircraft components, systems, stability, engines and fuel systems
• how an aeroplane flies and basic flight manoeuvres
• to understand basic navigation and meteorological considerations
• the importance and application of air law.

IN TYPICAL LESSONS I MIGHT:
• listen to lectures and visiting speakers
• research using the web and texts
• attend Civil Aviation Safety Authority training seminars
• undertake flight training with a local flying school (optional).

TO ENROL IN THIS SUBJECT I NEED:
• ‘B’ (or ‘C’ in consultation with teachers) in Year 10 Australian Curriculum English and Mathematics.

BASIC AERONAUTICAL KNOWLEDGE WOULD SUIT SOMEONE WHO:
• is interested in flying aeroplanes or aeroplane mechanics.

THIS SUBJECT COULD LEAD ME TO:
• a career or further study in the aeronautical industry.

Basic Aeronautical Knowledge 2 contributes 12 credit points towards the Tasmanian Certificate of Education.

VET courses

All certificate courses contribute credit points towards the Tasmanian Certificate of Education. The number of credit points is dependent on the units of competence. For details view the TCE planner tool at: https://www.tasc.tas.gov.au/students/course-planner/

Introduction to Construction
Statement of attainment for selected units from Certificate I in Construction
CPC1011

Introduction to Construction is an introductory subject for students who have an interest in the construction industry. You will do some of the units in Certificate I in Construction and will be awarded a statement of attainment for the units you complete.

IN INTRODUCTION TO CONSTRUCTION I WILL LEARN:
• basic skills needed to work in the building industry
• some of the skills from Certificate I in Construction.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in construction.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in construction or other areas of interest.

Units from Introduction to Construction contribute points towards the Tasmanian Certificate of Education.

Introduction to Plumbing
Statement of Attainment for selected units from Construction, Plumbing and Service Training package

IN INTRODUCTION TO PLUMBING I WILL LEARN:
• basic skills needed to work as a plumber
• how to stay safe and healthy in the workplace
• the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
• use hand and power plumbing tools
• locate and clear a blocked drain
• be shown how to read plans and measure accurately
• undertake a practical work placement.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in plumbing
• to enjoy practical, hands on work.

THIS COURSE COULD LEAD ME TO:
• further study
• work in plumbing or other areas of interest.

Units from Introduction to Plumbing contribute points towards the Tasmanian Certificate of Education.

Introduction to Technology Trades
Statement of Attainment for selected units from Certificate I in Automotive Vocational Preparation AUR10116
Certificate I in Engineering MEM10105
Certificate I in Furnishing MSF10113

IN INTRODUCTION TO TECHNOLOGY TRADES I WILL LEARN:
• basic skills needed to work in automotive, engineering and furnishing
• to use the tools needed to work in automotive, engineering and furnishing
• how to stay safe and healthy in the workplace
• the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
• visit a workplace
• design and construct furniture
• gather information how vehicles affect the environment
• be part of a safe welding demonstration
• undertake a practical work placement.

TO ENROL IN THIS SUBJECT I NEED:
• and interest in automotive, engineering and furnishing
• to enjoy practical, hands on work.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in automotive, engineering, furnishing or other areas of interest.
Units from Introduction to Technology Trades contributes points towards the Tasmanian Certificate of Education.

Introduction to Electrotechnology (Career Start)

Statement of Attainment for selected units from Certificate II in Electrotechnology (Career Start)

UEE22011

Introduction to Certificate II in Electrotechnology (Career Start) is an introductory subject for students who have an interest in the electrotechnology industry. You will do some of the units from Certificate II in Electrotechnology (Career Start) and will be awarded a statement of attainment for the units you complete.

In Introduction to Certificate II in Electrotechnology (Career Start) I will learn:

• about the skills required to work in the Electrotechnology industry (electrical, refrigeration, electronics and telecommunications)
• some of the skills from Certificate II in Electrotechnology (Career Start).

In a typical lessons I might:

• learn about workshop practices and hand skills
• participate in testing instruments
• perform some basic electrical wiring of equipment

To enrol in this subject I need:

• an interest in electrotechnology
• literacy, numeracy and some science skills.

This subject could lead me to:

• further study
• work in electrotechnology or other areas of interest.

Units from Introduction to Electrotechnology (Career Start) contributes points towards the Tasmanian Certificate of Education.

Introduction to Maritime Operations

Statement of Attainment for selected units from a range of Certificate II and III programs

IN INTRODUCTION TO MARITIME OPERATIONS I WILL LEARN:

• boat handling including maritime rules and regulations
• emergency survival skills
• how to stay safe and healthy in the workplace including First Aid
• the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:

• participate in a practical boating activity
• be part of a training session with Seafood Training Tasmania
• be shown how to operate and maintain a small vessel.

TO ENROL IN THIS SUBJECT I NEED:

• an interest in working outdoors in a marine environment
• a desire to improve my skills and knowledge of boat handling.

This subject could lead me to:

• further study
• work in boating, maritime or other areas of interest.

Units from Introduction to Maritime Operations contributes points towards the Tasmanian Certificate of Education.

Certificate II in Automotive Vocational Preparation

AUR20716

IN CERTIFICATE II IN AUTOMOTIVE VOCATIONAL PREPARATION I WILL LEARN:

• skills needed to work in the automotive industry
• to solve problems related to vehicles
• how to stay safe and healthy in the workplace
• the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:

• perform minor maintenance and repair of an automotive vehicle body
• use and maintain tools and equipment
• inspect and identify mechanical and electrical components and systems.

To enrol in this subject I need:

• an interest in the automotive industry
• literacy and numeracy skills.

This subject could lead me to:

• further study
• work in automotive or other areas of interest.

Certificate II in Automotive Vocational Preparation contributes points towards the Tasmanian Certificate of Education.

Certificate II in Construction

CPC20112

In Certificate II in Construction units that are successfully completed may be recognised toward an apprenticeship in construction.

IN CERTIFICATE II IN CONSTRUCTION I WILL LEARN:

• skills needed to work in construction
• how to carry out measurements and calculations
• how to stay safe and healthy in the workplace
• the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:

• read and interpret plans
• use construction tools and equipment correctly
• undertake a practical work placement.
TO ENROL IN THIS SUBJECT I NEED:
• an interest in construction
• to enjoy working in a practical way
• basic literacy and numeracy skills.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in construction or other areas of interest.

Certificate II in Construction contributes points towards the Tasmanian Certificate of Education.

Certificate II in Electrotechnology (Career Start)

IN CERTIFICATE II IN ELECTROTECHNOLOGY (CAREER START) I WILL LEARN:
• about the skills required to work in the electrotechnology industry (electrical, refrigeration, electronics, telecommunications)
• how to use tools and equipment
• how to stay safe and healthy in the workplace
• the skills employers value in young workers.

IN A TYPICAL CLASS I MIGHT:
• gather information about possible career paths in electrotechnology
• name and identify electrotechnology components
• problem solve and fix electrotechnology faults.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in electrotechnology
• literacy, numeracy and science skills.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in electrotechnology or other areas of interest.

Certificate II in Electrotechnology (Career Start) contributes points towards the Tasmanian Certificate of Education.

Certificate II in Furniture Making Pathways

IN CERTIFICATE II IN FURNITURE MAKING I WILL LEARN:
• about the furniture industry
• about the principles of design
• advanced woodworking skills
• how to stay safe and healthy in the workplace
• the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
• plan, design and draw furniture
• use hand tools, power tools and fixed machinery safely to create furniture
• undertake a work placement.

TO ENROL IN THIS SUBJECT I NEED:
• to have completed Design and Production 2 in Wood or have high level skills in this field.

THIS SUBJECT COULD LEAD ME TO:
• to further study
• work in furniture making, construction or other areas of interest.

Certificate II in Furniture Making contributes points towards the Tasmanian Certificate of Education.
# Technologies – Digital Technologies

TASC subjects

Please note that courses marked with * are currently being redeveloped — when accredited by TASC the information will be updated.

Basic Computing 1

IN BASIC COMPUTING I WILL LEARN:
- how to use computer hardware and software to perform basic functions such as:
  - word processing
  - using spreadsheets
  - working with graphics
  - using email
  - using the internet.

IN TYPICAL LESSONS I MIGHT:
- create and modify word processing documents
- use the internet to search for and find information
- respond to emails.

TO ENROL IN THIS SUBJECT I NEED:
- no prior computing experience.

BASIC COMPUTING WOULD SUIT SOMEONE WHO:
- has an interest or a need to develop computing skills at a basic level.

THIS SUBJECT COULD LEAD ME TO:
- a workplace that uses information technology or further study in computing.

Basic Computing 1 contributes 10 credit points towards the Tasmanian Certificate of Education.

Computer Applications 2

IN COMPUTER APPLICATIONS I WILL LEARN:
- knowledge and skills within an area of focus including:
  - business
  - game design
  - information processing
  - information management
  - multimedia (website development, digital imagery, etc.)
  - programming and control
  - robotics
  - publishing
  - system management and support
  - computer hardware and software
  - social, legal and ethical issues.

IN TYPICAL LESSONS I MIGHT:
- learn how to use computer applications to perform a specific task
- consider the effectiveness of particular computer applications

COMPUTER APPLICATIONS WOULD SUIT SOMEONE WHO:
- has an interest or need to develop understanding of computer applications

TO ENROL IN THIS SUBJECT I NEED:
- no previous experience.

THIS SUBJECT COULD LEAD ME TO:
- further study or employment in a workplace that uses computer applications

Computer Applications 2 contributes 5 credit points towards the Tasmanian Certificate of Education.

Essential Skills – Using Computers and the Internet 2

IN ESSENTIAL SKILLS – USING COMPUTERS AND THE INTERNET I WILL LEARN:
- to use a variety of computer software and hardware
- safe and effective use of computers, internet, email and social media
- about occupational health and safety issues related to computing
- how to manage files effectively.

IN TYPICAL LESSONS I MIGHT:
- work on creating and using spreadsheets
- use information from the internet and digital storage devices
- transfer data, e.g. saving images or text from one source to use in another
- learn about copyright.

TO ENROL IN THIS SUBJECT I NEED:
- some computing background.

CISCO IT ESSENTIALS WOULD SUIT SOMEONE WHO:
- wants to develop the skills currently expected of those employed in this industry.

THIS SUBJECT COULD LEAD ME TO:
- roles as a network support technician, remote support technician, IT technician, call centre technician, IT specialist or IT representative.

CISCO IT Essentials meets the standard for Everyday Adult use of Computers and the Internet and contributes 15 credit points towards the Tasmanian Certificate of Education.

Computer Science 3

IN COMPUTER SCIENCE I WILL LEARN:
- how to design programming solutions to a range of problems
- programming using appropriate structures
- about the components and applications of computer architecture
- in what ways data is manipulated, stored and represented.

IN TYPICAL LESSONS I MIGHT:
- design algorithms to solve problems
- program using an object oriented programming language
• test, debug and document courses
• understand and apply how computers store and represent data.

TO ENROL IN THIS SUBJECT I NEED:
• ‘B’ (or ‘C’ in consultation with a teacher) in Year 10 Australian Curriculum Mathematics
• some computing skills.

COMPUTER SCIENCE WOULD SUIT SOMEONE WHO:
• is interested in solving complex and diverse problems through programming using a flexible high-level computing language.

THIS SUBJECT COULD LEAD ME TO:
• further study in computing, engineering, the sciences, business and other areas involving analytical and problem-solving skills.

Computer Science 3 meets the standard for Everyday Adult use of Computers and the Internet and contributes 15 credit points towards the Tasmanian Certificate of Education.

IN INFORMATION SYSTEMS AND DIGITAL TECHNOLOGIES I WILL LEARN:
• how to identify, analyse and solve real world information problems
• about the components of information systems and their inter-relationships
• the social, legal and ethical issues associated with information systems
• what strategies and tools are required to use and evaluate information systems.

IN TYPICAL LESSONS I MIGHT:
• use a variety of software tools that transform data into information
• solve complex problems using a systems development life cycle and project management
• explore how the key components within an information system and their environment interact
• monitor current news and IT developments for the social, ethical and legal issues of information systems.

TO ENROL IN THIS SUBJECT I NEED:
• ‘C’ in Year 10 Australian Curriculum English.
• strong literacy skills.

INFORMATION SYSTEMS AND DIGITAL TECHNOLOGIES WOULD SUIT SOMEONE WHO:
• wants to gain an understanding of how organisations manage, use and organise data to solve a range of information problems, and acquire highly-valued, current skills and understanding by developing creative solutions and learning about the digital tools used to create them.

THIS SUBJECT COULD LEAD ME TO:
• wide range of study areas and employment including information technology, business, health, law, commerce, engineering, education, arts and sciences.

Information Systems and Digital Technologies 3 meets the standard for Everyday Adult use of Computers and the Internet and contributes 15 credit points towards the Tasmanian Certificate of Education.
VET courses

All certificate courses contribute credit points towards the Tasmanian Certificate of Education. The number of credit points is dependent on the units of competence. For details view the TCE planner tool at: https://www.tasc.tas.gov.au/students/course-planner/

Certificate I in Information, Digital Media and Technology
ICT10115

IN CERTIFICATE 1 IN INFORMATION, DIGITAL MEDIA AND TECHNOLOGY I WILL LEARN:
• basic skills in digital literacy using computers
• how to use a variety of digital devices and software applications
• how to stay safe and healthy in the workplace
• the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
• use the internet
• send and receive emails
• use Microsoft Office, including Word and PowerPoint
• use a camera or printer.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in information technology.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in information, digital media and technology or other areas of interest.

Certificate I in Information, Digital Media and Technology contributes points towards the Tasmanian Certificate of Education.

Certificate II in Information, Digital Media and Technology
ICT20115

IN CERTIFICATE II IN INFORMATION, DIGITAL MEDIA AND TECHNOLOGY I WILL LEARN:
• skills and knowledge to become an advanced ICT user
• to solve ICT related problems
• install printers, operating systems and courses
• how to stay safe and healthy in the workplace
• the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
• build a computer
• edit digital images
• produce documents
• use social media
• troubleshoot computer problems.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in information technology.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in information, digital media and technology or other areas of interest.

Certificate II in Information, Digital Media and Technology contributes points towards the Tasmanian Certificate of Education.

Certificate III in Information, Digital Media and Technology
ICT30115

IN CERTIFICATE III IN INFORMATION, DIGITAL MEDIA AND TECHNOLOGY I WILL LEARN:
• the skills and knowledge to support information technology in the workplace including:
  » technical support
  » network administration
  » web technologies
  » software applications
  » digital media technologies
• how to stay safe and healthy in the workplace
• the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
• install an advanced operating system or hardware
• learn how to solve advanced IT problems
• build or use a network
• create a website.

TO ENROL IN THIS SUBJECT I NEED
• Certificate II in Information, Digital Media and Technology or equivalent skills.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in information, digital media and technology or other areas of interest.

Certificate III in Information, Digital Media and Technology contributes points towards the Tasmanian Certificate of Education.

**TASC subjects**

**Agricultural Enterprise 2**  
AGR215117

**IN AGRICULTURAL ENTERPRISE I WILL LEARN:**  
- about ecosystems and the importance of these within agriculture  
- about processes involved in animal and/or plant production  
- how to develop an agricultural enterprise.

**IN TYPICAL LESSONS I MIGHT:**  
- investigate the factors that impact on plant or animal production rates  
- participate in a field trip to a local agribusiness to investigate production systems  
- undertake practical activities with plants or animals  
- plan and undertake an agricultural enterprise.

**TO ENROL IN THIS SUBJECT I NEED:**  
- no previous experience.

**AGRICULTURAL ENTERPRISE 2 WOULD SUIT SOMEONE WHO:**  
- is interested in practical work with plants or animals

**THIS SUBJECT COULD LEAD ME TO:**  
- further study and/or a career in agriculture or horticulture.

**Agricultural Enterprise 2 contributes 15 credit points towards the Tasmanian Certificate of Education.**

---

**Agricultural Systems 3**  
AGR315117

**IN AGRICULTURAL SYSTEMS I WILL LEARN:**  
- what systems thinking is and how this applies to a range of systems within agriculture  
- the impact of climate and other factors on plant and animal production  
- about the impact of technologies on agriculture  
- the importance of sustainable resource management.

**IN TYPICAL LESSONS I MIGHT:**  
- research and analyse ecosystems  
- design solutions to agricultural problems  
- undertake a case study in to a small agribusiness  
- plan and work on a plant or animal trial.

**TO ENROL IN THIS SUBJECT I NEED:**  
- ‘B’ (or ‘C’ in consultation with teachers) in Year 10 Australian Curriculum English.

**AGRICULTURAL SYSTEMS WOULD SUIT SOMEONE WHO:**  
- is interested in working with plants and animals  
- enjoys responding to challenges and investigating aspects of agriculture  
- has well developed organisational skills.

**THIS SUBJECT COULD LEAD ME TO:**  
- further study and/or a career in agriculture, horticulture or environmental science.

**Agricultural Systems 3 meets the standard for Everyday Adult use of Computers and the Internet** and contributes 15 credit points towards the Tasmanian Certificate of Education.

---

**VET courses**

All certificate courses contribute credit points towards the Tasmanian Certificate of Education. The number of credit points is dependent on the units of competence. ---

**Certificate 1 in AgriFood Operations**  
AHC10216

**IN CERTIFICATE 1 IN AGRIFOOD OPERATIONS I WILL LEARN:**  
- about the horticulture industry  
- the skills I need to work in the horticulture industry  
- how to stay healthy and safe in the workplace  
- the skills employers value in young workers.

**IN TYPICAL LESSONS I MIGHT:**  
- work in a garden or orchard  
- watch a demonstration  
- visit a plant nursery, park or garden.

**TO ENROL IN THIS SUBJECT I NEED:**  
- an interest in horticulture.

**THIS SUBJECT COULD LEAD ME TO:**  
- further study  
- work in horticulture, agriculture or other areas of interest.

**Certificate 1 in AgriFood Operations contributes points towards the Tasmanian Certificate of Education.**

---

**Certificate 1 in Aquaculture**  
SFI 10111

**IN CERTIFICATE 1 IN AQUACULTURE I WILL LEARN:**  
- about the seafood/aquaculture industry in Australia  
- about the life cycle of farmed seafood such as salmon and oysters  
- how to stay healthy and safe in the workplace  
- the skills employers value in young workers.

**IN TYPICAL LESSONS I MIGHT:**  
- be shown how to use and maintain equipment and machinery  
- visit a marine farm  
- learn basic rules about safe food handling.

**TO ENROL IN THIS SUBJECT I NEED:**  
- an interest in aquaculture  
- to enjoy working outdoors.

**THIS SUBJECT COULD LEAD ME TO:**  
- further study  
- work in aquaculture or other areas of interest.

**Certificate 1 in Aquaculture contributes points towards the Tasmanian Certificate of Education.**
Certificate II in Agriculture
AHC20116

IN CERTIFICATE II IN AGRICULTURE I WILL LEARN:
• basics skills in my interest area of farming, these might include dairy, beef, wool, sheep, cropping or mixed farming
• how a farm operates
• how to stay safe and healthy in the workplace
• the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
• learn how to use farming equipment
• learn how to prepare and exhibit an animal for an agricultural show
• visit a farm
• take part in an agricultural show.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in agriculture.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in aquaculture or other areas of interest.

Certificate II in Aquaculture
SF20111

IN CERTIFICATE II IN AQUACULTURE I WILL LEARN:
• about the seafood/aquaculture industry in Australia
• about the life cycle, feeding and care of farmed seafood such as salmon and oysters
• how to stay healthy and safe in the workplace
• the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
• be shown how to take water samples and monitor water quality
• be shown how to use and maintain equipment and machinery
• visit marine farms or undertake a practical work placement
• learn basic rules about safe food handling.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in aquaculture
• to enjoy working outdoors.

Certificate II in Horticulture
AHC20416

IN CERTIFICATE II IN HORTICULTURE I WILL LEARN:
• skills and knowledge needed to work in horticulture; this might include a retail or wholesale nursery, landscaping, parks and gardens, arboriculture or general horticulture
• how to care for the environment and work sustainably
• how to stay safe and healthy in the workplace
• the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
• be shown how to recognise certain plants
• design or create a garden
• learn how to grow plants
• learn about the nutritional and economic use of plants
• find out how to treat plant pests and diseases.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in horticulture.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in horticulture or other areas of interest.

Certificate III in Agriculture
AHC30116

IN CERTIFICATE III IN AGRICULTURE I WILL LEARN:
• skills and knowledge a leading farm hand needs in livestock, cropping or mixed farming
• how to care for the environment when farming
• how to stay safe and healthy in the workplace
• the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
• learn about plant disease, pests and weed control methods
• learn how to prepare pastures for crop and livestock production
• learn how to feed newborn and young livestock
• operate farm machinery and equipment
• visit a farm or undertake a practical work placement
• collect information about the care and health of animals.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in agriculture.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in farming/agriculture or other areas of interest.

Certificate III in Aquaculture
AHC30316

IN CERTIFICATE III IN AQUACULTURE I WILL LEARN:
• skills and knowledge a leading aquaculture hand needs in aquaculture.

IN TYPICAL LESSONS I MIGHT:
• learn about the growth and care of farmed seafood such as salmon and oysters
• how to stay healthy and safe in the workplace
• the skills employers value in young workers.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in aquaculture
• to enjoy working outdoors.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in aquaculture or other areas of interest.

Certificate III in Horticulture
AHC30416

IN CERTIFICATE III IN HORTICULTURE I WILL LEARN:
• skills and knowledge a leading horticultural hand needs in horticulture; this might include a retail or wholesale nursery, landscaping, parks and gardens, arboriculture or general horticulture
• how to care for the environment and work sustainably
• how to stay safe and healthy in the workplace
• the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
• be shown how to recognise certain plants
• design or create a garden
• learn how to grow plants
• learn about the nutritional and economic use of plants
• find out how to treat plant pests and diseases.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in horticulture
• to enjoy working outdoors.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in horticulture or other areas of interest.

Certificate III in Agriculture
AHC30116

IN CERTIFICATE III IN AGRICULTURE I WILL LEARN:
• skills and knowledge a leading farm hand needs in livestock, cropping or mixed farming
• how to care for the environment when farming
• how to stay safe and healthy in the workplace
• the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
• learn about plant disease, pests and weed control methods
• learn how to prepare pastures for crop and livestock production
• learn how to feed newborn and young livestock
• operate farm machinery and equipment
• visit a farm or undertake a practical work placement
• collect information about the care and health of animals.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in agriculture.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in farming/agriculture or other areas of interest.

Certificate III in Aquaculture
AHC30316

IN CERTIFICATE III IN AQUACULTURE I WILL LEARN:
• skills and knowledge a leading aquaculture hand needs in aquaculture.

IN TYPICAL LESSONS I MIGHT:
• learn about the growth and care of farmed seafood such as salmon and oysters
• how to stay healthy and safe in the workplace
• the skills employers value in young workers.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in aquaculture
• to enjoy working outdoors.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in aquaculture or other areas of interest.

Certificate III in Horticulture
AHC30416

IN CERTIFICATE III IN HORTICULTURE I WILL LEARN:
• skills and knowledge a leading horticultural hand needs in horticulture; this might include a retail or wholesale nursery, landscaping, parks and gardens, arboriculture or general horticulture
• how to care for the environment and work sustainably
• how to stay safe and healthy in the workplace
• the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
• be shown how to recognise certain plants
• design or create a garden
• learn how to grow plants
• learn about the nutritional and economic use of plants
• find out how to treat plant pests and diseases.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in horticulture
• to enjoy working outdoors.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in horticulture or other areas of interest.

Certificate III in Agriculture
AHC30116

IN CERTIFICATE III IN AGRICULTURE I WILL LEARN:
• skills and knowledge a leading farm hand needs in livestock, cropping or mixed farming
• how to care for the environment when farming
• how to stay safe and healthy in the workplace
• the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
• learn about plant disease, pests and weed control methods
• learn how to prepare pastures for crop and livestock production
• learn how to feed newborn and young livestock
• operate farm machinery and equipment
• visit a farm or undertake a practical work placement
• collect information about the care and health of animals.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in agriculture.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in farming/agriculture or other areas of interest.

Certificate III in Aquaculture
AHC30316

IN CERTIFICATE III IN AQUACULTURE I WILL LEARN:
• skills and knowledge a leading aquaculture hand needs in aquaculture.

IN TYPICAL LESSONS I MIGHT:
• learn about the growth and care of farmed seafood such as salmon and oysters
• how to stay healthy and safe in the workplace
• the skills employers value in young workers.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in aquaculture
• to enjoy working outdoors.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in aquaculture or other areas of interest.

Certificate III in Horticulture
AHC30416

IN CERTIFICATE III IN HORTICULTURE I WILL LEARN:
• skills and knowledge a leading horticultural hand needs in horticulture; this might include a retail or wholesale nursery, landscaping, parks and gardens, arboriculture or general horticulture
• how to care for the environment and work sustainably
• how to stay safe and healthy in the workplace
• the skills employers value in young workers.

IN TYPICAL LESSONS I MIGHT:
• be shown how to recognise certain plants
• design or create a garden
• learn how to grow plants
• learn about the nutritional and economic use of plants
• find out how to treat plant pests and diseases.

TO ENROL IN THIS SUBJECT I NEED:
• an interest in horticulture
• to enjoy working outdoors.

THIS SUBJECT COULD LEAD ME TO:
• further study
• work in horticulture or other areas of interest.

TASC subjects

Please note that courses marked with * are currently being redeveloped – when accredited by TASC the information will be updated.

**Food and Cooking Essentials 1**

**IN FOOD AND COOKING ESSENTIALS 1 I WILL LEARN:**
- to cook a range of healthy foods
- to make healthy food choices
- to budget and plan for meals.

**IN TYPICAL LESSONS I MIGHT:**
- complete practical cooking sessions
- work on written activities and investigations
- present my practical work through photographs and evaluations.

**TO ENROL IN THIS SUBJECT I NEED:**
- no previous experience.

**FOOD AND COOKING ESSENTIALS WILL SUIT SOMEONE WHO:**
- has an interest in practical food preparation.

**THIS SUBJECT COULD LEAD ME TO:**
- further study in other food-related subjects

Food and Cooking Essentials 1 contributes 10 credit points towards the Tasmanian Certificate of Education.

**Food and Hospitality Enterprise 2**

**IN FOOD AND HOSPITALITY ENTERPRISE I WILL LEARN:**
- a range of cooking and food preparation and presentation techniques
- the different skills required to cater for hospitality events and work in a hospitality environment
- a range of menu and food and beverage service types
- about food product development and food enterprise opportunities.

**IN TYPICAL LESSONS I MIGHT:**
- participate in practical skills sessions
- be involved in catering functions or operating a simulated cafe
- complete written activities, including planning and evaluating functions
- develop food products.

**TO ENROL IN THIS SUBJECT I NEED:**
- no previous experience.

**FOOD AND HOSPITALITY ENTERPRISE WILL SUIT SOMEONE WHO:**
- has an interest in preparing food and drink for others.

**THIS SUBJECT COULD LEAD ME TO:**
- a pathway to VET courses in Hospitality or Kitchen Operations.

Food and Hospitality Enterprise 2 contributes 15 credit points towards the Tasmanian Certificate of Education.

**Food, Cooking and Nutrition 2**

**IN FOOD, COOKING AND NUTRITION I WILL LEARN:**
- how to prepare a range of foods, with an emphasis on making healthy food choices
- how to keep food safe, and apply hygienic work practices when handling and storing food
- menu planning and recipe modification to implement current nutrition information
- about food issues and influences related to the environment, technology, food industry and packaging.

**IN TYPICAL LESSONS I MIGHT:**
- prepare food to make individual dishes or meals
- present practical work through photographs and evaluation
- design and adapt recipes and menus
- investigate food and food-related issues.

**TO ENROL IN THIS SUBJECT I NEED:**
- no previous experience.

**FOOD, COOKING AND NUTRITION WILL SUIT SOMEONE WHO:**
- has an interest in preparing food and drink for others
- has an interest in nutrition, health and food issues
- may be considering a career or further study in a food or nutrition field.

Note this subject has limited practical food preparation.

**THIS SUBJECT COULD LEAD ME TO:**
- further study or a career in food and nutrition as well as health and related fields.

Food and Nutrition 3 meets the standard for Everyday Adult Reading, Writing and Communication and contributes 15 credit points towards the Tasmanian Certificate of Education.

**Food and Nutrition 3**

**IN FOOD AND NUTRITION I WILL LEARN:**
- about different nutrients in food and how they contribute to health
- how a range of factors affect people’s food choices
- dietary analysis and the role of health promotion
- to investigate food issues, such as global food security and ecological sustainability.

**IN TYPICAL LESSONS I MIGHT:**
- research current nutrition and dietary trends
- analyse diets and nutritional data
- research and write about food issues
- work as an individual and as part of a group.

**TO ENROL IN THIS SUBJECT I NEED:**
- ‘B’ in Year 10 Australian Curriculum English (or ‘C’ in consultation with a Food and Nutrition teacher).

**FOOD AND NUTRITION WILL SUIT SOMEONE WHO:**
- has an interest in nutrition, health and food issues
- may be considering a career or further study in a food or nutrition field.

Note this subject has limited practical food preparation.

**THIS SUBJECT COULD LEAD ME TO:**
- further study or a career in food and nutrition as well as health and related fields.

Food and Nutrition 3 meets the standard for Everyday Adult Reading, Writing and Communication and contributes 15 credit points towards the Tasmanian Certificate of Education.
## VET courses

All certificate courses contribute credit points towards the Tasmanian Certificate of Education. The number of credit points is dependent on the units of competence. For details view the TCE planner tool at: [https://www.tasc.tas.gov.au/students/course-planner/](https://www.tasc.tas.gov.au/students/course-planner/)

### Certificate I in Hospitality
**SIT10216**

**IN CERTIFICATE I IN HOSPITALITY I WILL LEARN:**
- introductory skills and knowledge needed to work in hospitality
- correct cleaning and sanitising methods
- how to stay safe and healthy in the workplace
- the skills employers value in young workers.

**IN A TYPICAL LESSON I MIGHT:**
- gather information about personal and environmental hygiene
- organise and store food
- prepare and present food using the correct methods
- undertake a practical work placement.

**TO ENROL IN THIS SUBJECT I NEED:**
- an interest in food preparation and the hospitality industry.

**THIS SUBJECT COULD LEAD ME TO:**
- further study
- work in hospitality or other areas of interest.

Certificate I in Hospitality contributes points towards the Tasmanian Certificate of Education.

### Certificate II in Kitchen Operations
**SIT12016**

**IN CERTIFICATE II IN KITCHEN OPERATIONS I WILL LEARN:**
- basic food preparation skills
- about food hygiene
- how to stay safe and healthy in the workplace
- the skills employers value in young workers.

**IN A TYPICAL LESSON I MIGHT:**
- be shown and practice a commercial cookery method
- complete Responsible Service of Alcohol training
- operate a café or restaurant within my school
- undertake a practical work placement.

**TO ENROL IN THIS SUBJECT I NEED:**
- to have completed Certificate I in Hospitality or have had recent employment in hospitality.

**THIS SUBJECT COULD LEAD ME TO:**
- further study
- work in food preparation, hospitality or other areas of interest.

Certificate II in Kitchen Operations contributes points towards the Tasmanian Certificate of Education.

### Certificate III in Hospitality
**SIT30616**

**IN CERTIFICATE III IN HOSPITALITY I WILL LEARN:**
- to specialise in customer service focusing on food and beverage service
- about job opportunities in hospitality
- how to stay safe and healthy in the workplace including First Aid
- the skills employers value in young workers.

**IN A TYPICAL LESSON I MIGHT:**
- mentor or coach another student in a job skill
- improve my communication skills
- undertake a practical work placement.

**TO ENROL IN THIS COURSE I NEED:**
- to have completed Certificate II in Hospitality or have had recent employment in hospitality.

**THIS SUBJECT COULD LEAD ME TO:**
- further study
- work in food preparation, hospitality or other areas of interest.

Certificate III in Hospitality contributes points towards the Tasmanian Certificate of Education.
