UNIVERSITY of TASMANIA

University College Program: Extension Program for Creative Arts – Visual Arts

The 2017 University College Program offers an Arts extension program called Expanded Practice. This program provides learning opportunities to experiment collaboratively, acquire a deeper understanding of Art and Design principles, and be exposed to diverse contemporary art practices, as a means of enriching your engagement in college projects.

Enrolment in this program (at the same time as you are enrolled in the relevant Level 3 subject) will not only help to expand your knowledge and understanding of this learning area, but also provides a HECS-free pathway into study at the University of Tasmania. To find out more, ask your teacher.
**VET programs**

All certificate programs contribute credit points for the Tasmanian Certificate of Education. The number of credit points is dependent on the units of competence. For details view the TASC course planner at: www.tasc.tas.gov.au/3666
